

MINSTREL SHOWS AT PENITENTIARY SET FOR THIS WEEK

Inmates of the Oregon state penitentiary, after a month of steady rehearsals, at last announce the dates of their coming shows, November 12 and 13.

According to Happy Gordon, who is handling the publicity end and who has directed several successful shows at the prison, this, their seventh production, promises to eclipse any preceding affair they have attempted.

This means quite a lot as all who have attended their shows will bear out. Business men have openly stated that these boys have produced some of the best entertainments they have had the pleasure of seeing in Salem.

Away back in 1914 they produced their first show, which proved a success far beyond their expectations.

Each succeeding administration has looked with favor on this as one means of getting a man's mind on good clean things.

These entertainments are looked forward to by those who take part and no exertion is spared to make them worthy of public interest.

On these nights, you who attend their entertainments, meet a bunch of apparently happy, smiling fellows, who are really so, at least for the time being, as they are, for that long-looked-for evening, free again, and their only objects are to please you, create a feeling of friendliness in your hearts, and to forget the sordid yesterdays and to-morrows. For that one blessed evening they are entertainers privileged to enjoy for that short time the greatest thing, to your mind, in the world. That is the wonderful feeling which comes over one when one tries, and successfully, brings smiles and hearty laughter from others, more fortunate, perhaps, but who may be carrying burdens just as hard to bear, and who forget them in their interest in the novel entertainment presented.

These fellows have made hosts of friends since their first show, and each succeeding affair adds to their number. Music houses and publishers send their feature numbers to them with requests that they be used. Every one who can always helps to the extent of their ability. These things all go to make their shows welcome affairs to their friends, and they fully feel that this time, being exceptionally fortunate in having the best voices they have ever had, they are about to present their biggest success, and in the minds of those who have seen their rehearsals, the very highest point in amateur minstrel productions.

Owing to the fact that hundreds were turned away at their first night shows, they respectfully ask that those attending their entertainments purchase their tickets at downtown selling points. Two sets of tickets are on sale, both dated, so in buying now, patrons can be sure of comfortable seats. Hereafter, many have waited until the last moment to buy tickets at their box office. This throws them entirely out of calculations, and many people are disappointed. So please buy in advance, as there are no reservations.

LARGE ATTENDANCE AT DEDICATION OF SILVERTON CHURCH

The Oregon circuit meeting which was combined with the dedication services at the Trinity church Friday, Saturday and Sunday was a great success. The ordinary capacity of the new church is 500, but during the meetings the church must have accommodated between six and seven hundred. Not only every bench and chair was filled but the aisles and halls were filled with standing people. The program which was published last week was carried out.

The visiting ministers were: Reverends P. O. Bruland, Chinook; Wash; M. A. Christenson, Portland; S. Ramstad, Toledo, Or.; P. Skartvedt, LaCenter, Wash.; E. A. Corneliusson, Helena, Mont.; S. Knutsen, Portland; B. P. Nest, Astoria; W. Patterson, Portland; L. A. Stenseth, Canby; K. O. Stori, Eugene; J. C. Roseland, Silverton; Rogan, Monitor; O. K. Anderson, Portland; J. B. Byberg, Silverton; L. C. Foss, Seattle.

New officers elected were: President, Rev. T. P. Nest, Astoria; vice president, Rev. S. A. Stenseth, Canby; secretary, Rev. P. O. Bruland, Chinook, Wash.; treasurer, A. L. Stece, Canby.

The next circuit meeting will be held at Astoria, probably in the spring.

The church starts out free from debt, a fact which was announced during the dedication.

Rev. Carl Foss who was an army chaplain has received special recognition from Gen. Pershing. He is with the Lutheran commission lecturing on the work of the commission and his experiences abroad.

POST AT BEST IN DUAL ROLE OF NOBLEMAN AND DRUG ADDICT IN "THE MASQUERADER"

You may recall the Thurston tale of John Chilcote—wealthy distinguished parliamentary leader, yet such a morphia addict that he would renounce every thing for the drug—who in London meets his double, a certain John Loder—a young hack writer of political ambitions, with a resemblance so marked that Chilcote, seeing a way to free himself from the world, later proposes that they change places.

The feasibility of the plan is enhanced because Chilcote has been estranged from his wife and his moodiness assures no surprises from friends or servants should any new phase of demeanor be revealed. Loder, accepting the proposal of Chilcote, assumes the latter's identity and in an address to parliament which Chilcote was to have delivered scores sensationally.

Then it is that Chilcote's wife, notwithstanding the change in him, invites a reconciliation and thereby sets the little love-god working upon them both. But there is another woman, a Lady Astor, whose practice of supplying the real Chilcote with his drug has fortified a close friendship between them. She, encountering Loder and finding him aloof—largely through his ignorance of the relations between her and Chilcote—discovers he is a sham Chilcote and exposes the sham.

Mr. Post in the dual role gives a remarkable performance and the mechanical devices brought into the play by Mr. Richard Walton Tully are far in advance of anything of a similar nature seen in "stagedom" during the present decade.

In personnel and presentation you will find this play miles apart from the category into which the modern drama has fallen.

Portland Man Gains 30 Pounds

"I Now Understand Why so Many People Praise Tanlac," Says McGill

"I have gained thirty pounds since I commenced taking this Tanlac, and haven't felt so well in twenty five years," said C. A. McGill, a well known employe of the Coast Ship Yards, and who lives at 1943 East Fifteenth St., Portland, Or., while talking to a Tanlac representative the other day.

"I can now understand why so many people all over the United States and Canada are publicly endorsing Tanlac," continued Mr. McGill, "for I have tried it myself, and out of all the medicine and treatments I have taken during the past twelve years, Tanlac is the only thing that has done me any good at all. I suffered something awful from stomach and kidney troubles, and ever since these troubles began my condition had gradually grown worse. Everything I ate soured on my stomach and I would be bloated up with gas for hours at a time, and suffered terribly from shortness of breath. I had pains in the small of my back nearly all the time, and when I stooped over for anything I could hardly straighten up again. I seldom ever got a good night's rest, and felt just as tired and worn out every morning as I did when I went to bed at night. In fact, I had a tired, drabby feeling all the time, and it just seemed that all my energy had left me. I suffered from constipation, too, and often had raging headaches, and finally got to where I would be completely exhausted if I walked only a few blocks.

"To tell the truth, I was just about disgusted with medicine, and everything else for that matter, but I had read so much about Tanlac helping others that I decided to see what it would do for me. Well, sir, Tanlac gave me the surprise of my life, for by the time I had finished my first bottle of this medicine, I was feeling like a different man altogether. I stuck to Tanlac until I had taken seven bottles, and now you won't find a healthier or stronger man anywhere than I am. It is simply wonderful the way I have gained in weight and strength. The truth of the matter is, Tanlac just knocked my troubles wind ing, and I am in such fine condition now that I can do as much work in a day as I ever could. I have a good appetite and eat just anything that is set before me, and as much as I want, and I never suffered less bit afterwards. The pains in my back are a thing of the past, and so are the headaches, and when I hit the bed at night I go to sleep and am dead to the world until time to get up in the morning. I don't have to take medicine of any kind now, but if I ever do again, it will certainly be Tanlac. I am buying this bottle for my wife, as she seems to be in a badly run down condition, and I believe Tanlac will strengthen her up all right."

Tanlac is sold in Salem by Tyler's Drug Store, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Now Is a Good Time To Drive Out Catarrh.

The Trouble Is in the Blood. Summer catarrh, with its mucous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrh and other blood disorders with S. S. S. during warm weather, and thus free the system from all impurities. It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the very root of the trouble and eliminates it. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. There's No Picture Like the Picture of Health

The greatest master-piece in the Art Gallery of Life is Nature's "Picture of Health." It is a marvellous portrayal of the human body at its best. One beholds in its composite detail a true symbol of strength. It presents a figure of striking appearance, its eyes sparkling, clear skin, sparkling eyes, strong limbs, strongly nerves and firm muscularity vibrating in a sublime sense of alert, fresh, and spirited; with an air of unbounded confidence and a face radiant in color and illuminated with a glow of hope and cheerfulness.

Could Nature have taken you for her model? Suppose you study yourself in the mirror of the present and compare your looks, your feelings and your condition with the general characteristics of this picture of the human body in perfect working order, all parts of which are sound, well organized and disposed, performing their functions freely, naturally. If you fall in any single point of resemblance, you are not the picture of health. It is imperative, then, that you look to a means to rebuild your strength, energy and vigor to bring your body up to a normal state of efficiency in all of its parts.

Nothing is more efficacious as a restorer of exhausted nerves and depleted forces than LYKO, the great general tonic. It tends to re-energize and rebuild the system, to strengthen the general nervous system, and to restore the vitality of those who are weak, frail, nervous and over-tired. It is a valuable restorative, a stimulant and a tonic, and a functional regulator of the liver, kidneys and bowels.

LYKO is sold in original packages only. The picture above shows all subscribers.

New York, Nov. 10.—(United Press)—Seventy-four alleged radicals and "reds" were still in custody today as a result of raids of federal agents and police of radical headquarters here Friday, Saturday and Sunday. "Intense Pain Relieved By Internal Baths"

Mrs. A. T. Smith of 2906 Mitchell St., Tampa, Fla., writes the Tyrell Hygienic Institute:

"The 'J. B. L. Cascade' has been a blessing to me. Before I got it neither medicines nor douches would relieve the constipation and the pain was terrible. But the Cascade thoroughly cleanses and relieves me from all pain."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste.

Thousands testify that constipation, indigestion, stomach troubles, biliousness, headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this nature treatment.

Daniel J. Fry will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrell of New York, a noted specialist on internal bathing for 25 years at that city. Clip this out as a reminder to ask for the booklet at your first opportunity. (Adv.)
