

OREGON WILL BE REPRESENTED AT IRRIGATION MEET

Oregon will be represented at the irrigation and land conference at Salt Lake City, November 21 and 22, by ten delegates named by Governor Olcott as follows: Percy A. Cupper, state engineer, Salem; Harry Gard, president North Unit Irrigation district, Madras; Prof. W. L. Powers, department of soils, O. A. C., Corvallis; Whitney L. Howe, chairman Oregon Land Settlement commission, Portland; A. A. Smith, member state legislature, Baker; H. D. Scudder, chief in farm management, O. A. C.; J. T. Hinkle, attorney for Umatilla River irrigation league, Hermiston; P. J. Gallagher, member state legislature, Ontario; J. F. McNaught, president Umatilla Water Users' association, Hermiston; G. W. Offield, president Klamath Irrigation district, Klamath Falls.

All ten delegates have signed their acceptance of the appointment and announce their intention to attend the conference which will discuss irrigation and land matters in general.

H. J. Tickner, president of the Langell Valley Irrigation district, has also been named as a member of the Oregon delegation but the voting power is limited to ten. Attendance is open to as many as care to attend the conference but each state will be limited to ten votes according to word received by Governor Olcott from Governor Davis of Utah, who has called the conference.

Representatives from all western states will attend the conference in an effort to arrive at some program on which a united front can be presented in an effort to secure some action on reconstruction measures by congress.

HOUSING MEETING HELD; ONLY LITTLE INTEREST IS SHOWN

With only 30 persons at the public mass meeting held in the Methodist church, State and Church streets, last night for the purpose of furthering interest in the housing problem here, little was accomplished. Barring four men present, no one seemed moved to discuss the problem, and the meeting adjourned after an hour with no tangible steps taken.

A committee, T. E. McCroskey, Ben Perkins and Will E. Purdy, was appointed by the body to shape some plan, feasible and workable for the actual construction of more homes here. No date for the committee to report was set, and no necessary for the purpose of recording the action of the assembly was named.

Mr. Purdy proposed a plan which would involve approximately 1000 tax payers in a building corporation. It was identical to that published in The Capital Journal several days ago, drawn by Mr. Purdy who succeeded in calling this meeting.

Mr. Perkins told briefly of the efforts of residents of North Salem to build and beautify that section and urged similar action in other parts of the city.

J. M. Devers, deputy district attorney general, acted as chairman at the meeting last night.

Lipton Says Shamrock IV Will Win Challenge Race

New York, Nov. 12.—Canvas coverings were pulled from the Shamrock IV for the first time in five years in Brooklyn late yesterday.

As the last canvas was removed from the sea racer, Sir Thomas Lipton smiled.

"There's the boat that will do the trick," the veteran British sportsman declared, his eyes glistening.

The owner of the challenger for the America's cup was in a genial mood.

"I honestly believe Americans will be glad to see me win," he declared. "I don't want to win unless I have the best boat. I've tried for 29 years and this time I think I'll be successful. If I win the Americans can come over and recapture the cup."

King Albert, Of Belgium, Arrives At Brest, France

Brest, Nov. 12.—King Albert and Queen Elizabeth of Belgium arrived from America on the George Washington at 7 o'clock this morning. The Belgian royal party departed for Brussels at 11:20.

Salad Jell

Lime Jiffy-Jell is flavored with lime-fruit essence in a vital. It makes a tart, green salad jell.

Jiffy-Jell desserts are flavored with fruit-juice essences, highly condensed, sealed in glass.

Each dessert tastes like a fresh-fruit dainty—and it is.

You will change from old-style gelatine dainties when you once try Jiffy-Jell. Millions have changed already.

OBJECTIONS TO MEN IN LINE-UP FROM OUTSIDE CITIES FAIL

The board of control of the state high school athletic league failed to sustain the objections raised by the Silverton high school charging the Hubbard high school with a violation of the rules of the association by using players outside of its own school in a football game. Although Silverton won the game in question by a score of 25 to 0 protest was filed with the league because three Woodburn boys were included in the Hubbard line-up.

At the hearing Monday night it developed that the use of outside players by Hubbard had been sanctioned by the principal of the Silverton school, A. C. Strange of Baker, president of the league; J. C. Nelson of Salem, secretary, and J. A. Churchill, superintendent of instruction, constitute the board of control before which the objections were filed.

STATE TO OPERATE COAL PROPERTIES OF NORTH DAKOTA

Bismark, N. D., Nov. 12.—Governor Lynn Frazier early today moved to operate the mines of North Dakota through the state government.

Frazier declared martial law, but it is not believed troops will be put into action either to operate the mines or guard them, unless serious disorder threatens at some point.

The purpose of declaring martial law, it was said, was to enable the state government to act with greatest freedom should any difficulties arise.

Coal miners said they would return to work under state operation of mines.

Watch the Little Pimples; They are Nature's Warning

Unsightly and Disfiguring Signals of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

Was About To Sell Her Home

Mrs. Forsythe was Almost a Nervous and Physical Wreck Until Restored by Tanlac

"Before I took Tanlac not a week passed in the last ten years that I wasn't confined to my bed part of the time," was the statement made by Mrs. E. E. Forsythe of 136 West 46th St., Los Angeles, Cal., to a Tanlac representative, recently.

"I'm a well and happy woman now, and I'm glad I can give you this testimonial for I believe Tanlac is the most wonderful thing in the world. I've gained fourteen pounds and I feel stronger than I have in ten years' continued Mrs. Forsythe.

"I had an acid stomach, and suffered with sour gas at times so bad that I thought I would suffocate. Sick headaches would come on me and I would have such awful fluttering about my heart I would almost faint. My nerves went to pieces, and I became so terribly nervous that even the ring of the door bell would upset me. For the past five years I have not been able to eat hardly anything that would stay on my stomach, and even milk and water at times would upset my stomach, and cause me to have to go to bed. I lived on a strict diet of rice and milk for over a year, and at the same time I tried all kinds of treatments but none gave me a particle of relief, not even temporary, and finally I was in such a bad condition I had to stay in bed most of the time. So my husband and I decided to give up our home and sell it, as I couldn't look after it. By this time I was down to ninety eight pounds in weight and was almost a complete nervous and physical wreck.

"I hated to give up my home, and on the advice of a friend who had used Tanlac I decided to try it first. With the first bottle I began to improve, and I hadn't finished my second bottle before I was feeling like a different woman, and my troubles of ten years standing have entirely gone. I never have a sick headache or spell with my stomach. My appetite has come back and I'm gaining in weight and strength every day. Nothing ever disturbs my nerves now for they were never better, and I can sleep fine all night long. All my neighbors are rejoicing with me over my recovery, and I feel that it's my duty to give a public statement and tell of the wonderful good Tanlac has done me. No, we didn't sell our house because we found this medicine in time."

Tanlac is sold in Salem by Tyler's Drug Store, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Cooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Silver-

FOREIGN DEFIANCE ANGERS AMERICANS DECLARES HOOVER

Buffalo, N. Y., Nov. 12.—(United Press.)—The American people are "fast losing patience" with foreign born persons in the United States who "interest themselves in the destruction of our primary institutions and defiance of our laws," Herbert Hoover told the Polish conference here today.

The "open door" toward Europe may be in a "large measure closed" if this attitude of foreign born persons persists, Hoover declared.

"The people of the United States are today facing great social and industrial difficulties.

"If we are to solve these difficulties, it will be undivided support of our institutions from which we have obtained the blessings we enjoy.

"If reforms are needed in the United States they will be carried out by those whose parents have grown up amid our institutions and those who have become in sentiment and spirit, a part of our people," Hoover told the conference.

Reviewing the birth of the Polish republic, Hoover praised "two great men"—Paderewski and Pilsudski. The rapidity with which the Polish government has brought order from chaos is almost incredible, he said.

Lunatic Arrested For Threatening King George

London, Nov. 12.—A man giving his name as Henry Ferguson was arrested in Dublin and locked up as a dangerous lunatic when he announced he was en route to Buckingham palace to assassinate King George, the Chronicle's Dublin correspondent reported today.

A permit to purchase a revolver was found on his person, the correspondent said.

Belgian Firm Suing For Commissions On Tractors

New York, Nov. 12.—Suit for \$2,153,330 alleged commissions on the sale of caterpillar tractors amounting to \$48,999,000 was filed by Jules Scheid and Joseph Weigmont, of Antwerp, Belgium, against the Holt Manufacturing company of America through their attorneys here late Tuesday.

The Belgians declare they were appointed exclusive selling agents in western Europe for the Holt Caterpillars before the war and that it was through their efforts and demonstrations of the machines that the Holt company succeeded in obtaining enormous orders from the allies.

SURE RELIEF FROM FIERY SKIN DISEASES

Will Never Come From Salves, Ointments, or Other Local Treatment

Usually those who continue to suffer from stubborn ailments are those who refuse absolutely to heed the teachings of medical science. New discoveries are being constantly made, and those who fail to take advantage of the wonderful accomplishments of men of science are standing in their own light, and will continue under the handicap of disease.

A million gallons of lotions, ointments, salves, or other forms of local treatment will not give any real permanent relief from skin diseases. Get this fact firmly in your mind, and there is hope for you.

If you have ever been afflicted with eczema, tetter, boils, eruptions, or other similar skin irritations you can appreciate the real terrifying discomfort that comes from these disorders. And what you are looking for is not merely temporary, palliative relief that may cause the terrible burning and itching to abate for awhile, but real genuine relief that shakes off the shackles of the disease, and restores the skin to its former healthy condition.

But your eczema, tetter, boils, pimples, ache, sealy skin eruptions, and burning fiery irritations that cause so much discomfort by their terrifying itching, come from a tiny disease germ in your blood, which multiplies by the millions. These germs find some weak spot where they can break through the skin and set up their attack, and if you have ever had any form of these skin disorders, you know what real torture is.

Follow the teachings of science, and you will learn that the skin is fed by the blood, and naturally, then, the condition of your skin will depend upon the condition of your blood. If the blood becomes infested with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are attacked at their source and removed from the blood.

Genuine relief, therefore, can only be expected from a treatment that goes right to the seat of the trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders, and it can be relied upon to cleanse the blood thoroughly of the germs which cause these complaints. S. S. S. is also a splendid tonic and system builder, and it builds up and adds new vigor to the whole system.

Go to your drug store and get a bottle of S. S. S. today, and begin the right treatment for skin diseases. Then if you feel that your case requires special medical advice, you can obtain same without cost, by writing to Chief Medical Adviser, 152 Swift Laboratory, Atlanta, Ga. (Adv)

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.
