

EYES OF FOOTBALL FANS ARE ON TWO BIG BATTLEFIELDS

Portland, Or., Nov. 15.—Pullman, Wash., and Eugene, Or., are the cities upon which the eyes of the football fans of the northwest are resting today.

Pullman is drawing the most attention for it is there that the gridironers of the Washington State college and the University of Washington will struggle this afternoon.

If Washington State wins—as she is expected to do—she will probably be given the chance to represent the west in the annual Pasadena classic New Year's day, when one of the strongest eastern college elevens will be met.

Oregon beat the University of Washington and Washington State trimmed Oregon so the Cougars will be the betting favorites when they trot upon the field this afternoon.

Eugene is to be the scene of the annual clash between the two great Oregon rivals—Shy Huntington's state university gladiators and Bill Hargies' Oregon Angles.

12,000 ON HAND TO SEE EUGENE GAME

Eugene, Or., Nov. 15.—With the 10,000 seating capacity taxed, and probably 2,000 other spectators standing around the new Hayward athletic field, the University of Oregon and Oregon Agricultural College football teams opened their annual battle here this afternoon.

The organized rooting and crowd exceeded anything in the history of athletic engagements between the two Oregon institutions. The rosters seem about evenly divided.

OPEN DECLARATION BOOST GEN. WOOD FOR PRESIDENCY

Columbus, Ohio, Nov. 15.—General Leonard Wood today had an open declaration of support for the presidency from the republican state central and the republican state advisory committee of Ohio.

George H. Clark, chairman of the advisory committee, made public a statement in which he said it had been unanimously decided at a session of both committees to support Wood's candidacy.

BLACK MASKS AND RED CLOCKS FOUND IN I.W.W. QUARTERS

Los Angeles, Cal., Nov. 15.—One hundred black masks and a number of vivid red clocks of unique design were among the quantities of evidence seized by the police last night at I. W. W. headquarters. The police raid followed closely after another raid conducted by 25 men in army and navy uniforms, who raided the I. W. W. headquarters.

Four men and one woman, Mrs. Dale Anderson, are still held by the police today as a result of the arrests of al-

"TREAT 'EM ROUGH" SALEM IDEA FOR REDS

From the attitude of many persons in Salem a "red" wouldn't fare very good if he'd show his head here. If the following individuals were given power to deal with an agitator, this is what they'd do:

Justice of the Peace Glen Unruh: "None of them had better come before me in this court or they will get the limit. I have absolutely no patience with a 'red'."

T. B. Tillingshast, president of the North Salem Improvement association: "Shoot them, or ship them out of the United States."

Rice Says Rock Pile

C. O. Rice, city treasurer: "Put them on a rock pile and make them work hard every hour of the day. There is no better balm for such a malady as work. Or if they have citizenship papers, revoke them and send them back to the old country."

Walter Shelton, city engineer: "Bring pressure to bear on the Centralia courts. Much has to do with the fate the reds get at their hands. If the Centralia courts make an example that is drastic enough, there won't be so much tendency to start something."

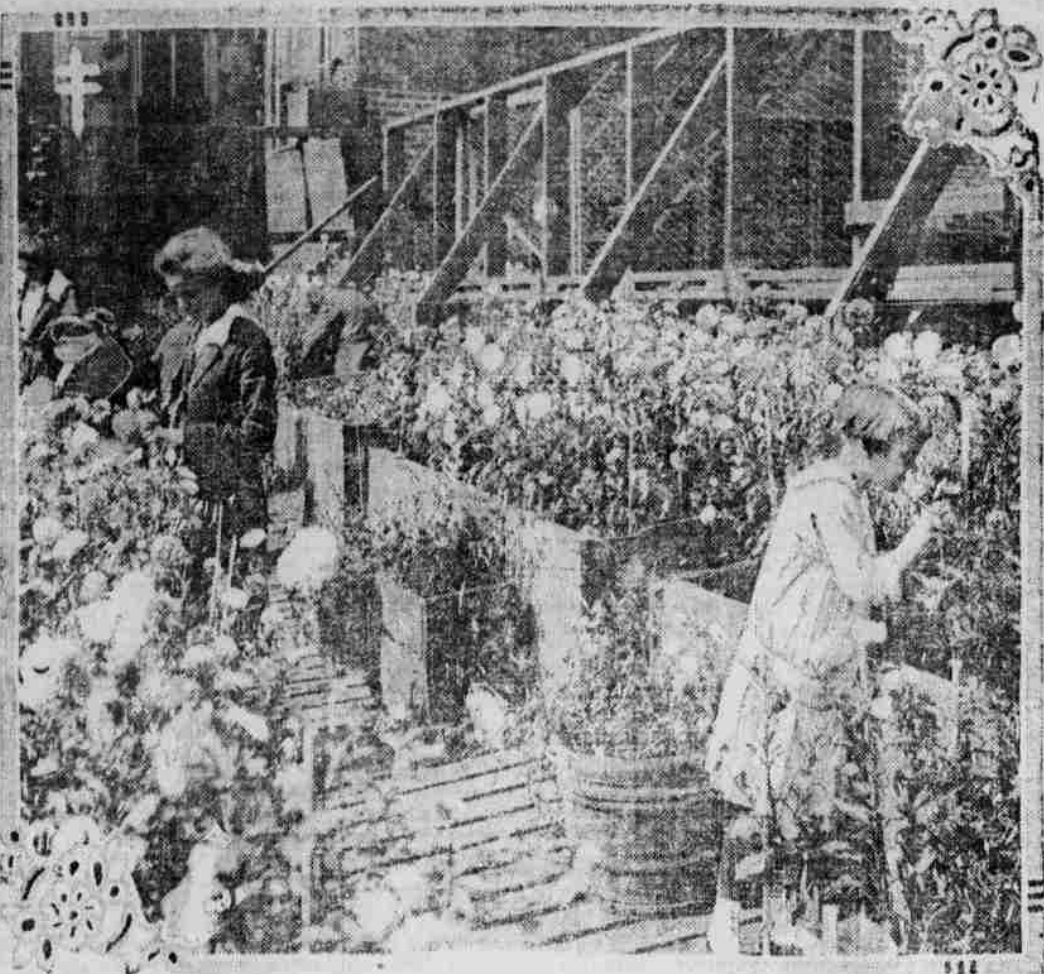

T. B. McCroskey, manager Commercial club: "If possible, make their cases federal ones in order to avoid the lack of capital punishment in this state."

Max Gehlhar, prosecuting attorney: "The propaganda of the reds will not be tolerated at the seat of the state government. The most drastic measures the laws permit will be employed here in the nation wide campaign against the reds. I know we can rely on the cooperation of every true American in Marion county toward this end."

County Judge W. M. Bushey: "If the reds deliberately come here and do as was done in Centralia, string them up. Any man coming here for the purpose of preaching sedition should be sent back to the country from which he came."

County Commissioner Hunt: "Line them up against a wall and shoot."

Plenty of Sunlight Makes Flowers and Children Grow

Does your backyard look like this? It is a city yard—not a breathing space in the country, where flowers and children have plenty of space to grow.

This one was planted and tended by children of an open-air school in New York City and transformed an ugly tenement stairway in a real conservatory.

The cultivation of these blooms not only transforms an ugly section into a

leisure spot, but it keeps the children out of doors in the sunlight. For the children who made this garden are susceptible to tuberculosis, and sunlight and fresh air are the best kinds of preventive treatment.

These children are not only taking active interest in the raising of flowers, but they are also saving their pennies to buy Red Cross Christmas Seals.

The National Tuberculosis Association, which directs the annual seal sale, estimates that \$6,300,000 will be needed to carry out the nation-wide program of additional open-air schools, sanatoria, clinics, dispensaries and visiting nurses the coming year. This organization, the leading agency in America to fight the white plague, is financed chiefly by the annual sale of the Red Cross Christmas Seal.

leged I. W. W. The police said 30 more arrests are expected.

Chief of Police Home declared today he proposed to arrest the men who made the raid, if found. The theory he advanced was that the raiders were a crowd of alleged Arizona radicals, known to have arrived here yesterday. Police said the Arizona during the early evening, had had a disagreement with local I. W. W. officers over I. W. W. funds.

and Salem boys are seen in the pictures and during their run in Portland, they showed to packed houses at every performance. Corporal Ingleson will leave Salem for San Francisco as soon as his engagement is over, having signed a contract for a three weeks showing in the latter city.

The transfer of 325 acres of land near Wacanda to the Phez company by Mr. and Mrs. W. C. Hubbard, was recorded at the court house today. The consideration was \$18,000.

EAST SIDE HIGHWAY PAVED NEARLY ALL WAY TO PORTLAND

With the exception of the stretch of highway between Aurora and Canby which is only gravelled, the East Side Pacific highway is now practically all hard surfaced from Salem to Portland, according to Chas. K. Whitmore, division engineer who has just returned from a tour of inspection of his district. Compton & Blake have completed their contract on the Salem-Aurora unit and Oscar Huber has completed his work on this section of the highway with the exception of approximately 100 yards in the heart of Aurora which will be completed before bad weather sets in, Mr. Whitmore states.

Mr. Whitmore, who was also over the Columbia river, highway from Portland to Astoria, states that this road is in good condition for winter travel now.

Boys To See Official Films Of Selves At Front

Salem boys who served with the 91st and 40th divisions, and those of the 21st who were used as replacements, will have an opportunity of seeing themselves and their friends in action tomorrow, Monday and Tuesday when

the official moving pictures of the battles of St. Mihiel and the Meuse-Argonne, will be shown at Ye Liberty theater. The presentation of the pictures is made by Corporal R. H. Ingleson, of the signal corps, who photographed them himself, and are the only official government films being shown. Each picture bears the stamp of the signal corps.

Corporal Ingleson is an entertainer as well as a lecturer and every scene is explicitly explained. Many Portland

and Salem boys are seen in the pictures and during their run in Portland, they showed to packed houses at every performance. Corporal Ingleson will leave Salem for San Francisco as soon as his engagement is over, having signed a contract for a three weeks showing in the latter city.

The transfer of 325 acres of land near Wacanda to the Phez company by Mr. and Mrs. W. C. Hubbard, was recorded at the court house today. The consideration was \$18,000.

Christmas Morning---- How Soon It Will Be Here!

But before it does come you must answer that big question, "What will we give our boy?"

Why not answer it right this year? Why not give him the gift that will be remembered as long as he lives—a bicycle.

Picture the scene Christmas morning when he comes jumping down the stairs to see what "Old Santa" brought him, and how his eyes will open if he sees a Dayton bicycle.

Decide it today—it will be so easy if you join our **Christmas Bicycle Club**

Come in today and let us tell you about it. Choose your bicycle from our complete stock now—pay a little each week—you won't miss the money. The bicycle will be delivered Christmas morning.

DO IT TODAY!

The Choice of Responsible People

PEOPLE are entitled to more value and better service for their money from present-day motor cars.

They know they can put implicit confidence in Lexington cars and in the policy of the institution behind them.

They have learned from experience that a mediocre car is an ultimate waste of money as well as an immediate handicap.

The sum-totaled goodness of this car is possible at its price only because ten large factories, devoted to automobile parts, are affiliated with and contribute to Lexington, thus insuring a better car for less money.

The demand for Lexington cars comes not only from the desire of people to enjoy the highest type of car while it is new, but because they are looking years ahead.

Let us demonstrate the new Touring Car. It has exclusive features you should know about before purchasing.
