

GOVERNOR ISSUES PROCLAMATION FOR THANKSGIVING DAY

Citizens of Oregon are urged in a proclamation issued by Governor Olcott late Monday, to observe Thursday, November 27, as Thanksgiving day by suspending their usual occupations and assembling at their respective places of worship or in their homes to pay homage and give thanks to Almighty God.

"Observance of Thanksgiving day is a custom in complete accord with our highest sense of citizenship," declares the proclamation issued by Governor Olcott. "That nation which falls to look to a Supreme Being for guidance in its affairs of state as well as in the affairs of its citizens in the home, is a nation destined not long to endure."

"The seedtime and the harvest of another year have passed since we dedicated and set aside a day on which to give thanks for the blessings of peace which had once more settled upon a disordered world. It has been a year of bounty and prosperity. The heavens have smiled upon our state and we may look back upon our accomplishments with a feeling that they have been good."

"While we should be permeated with a deep feeling of thankfulness for all of those material blessings which have been showered upon us, I believe that the Creator has never implanted in the hearts of mankind a feeling for which he should be so truly thankful as that deep sense of service which is supplanting the rapidly passing desires of greed and gain, which were based upon the demands of self alone. For this same growing sense of service let our hearts be thankful that such sense may grow and fructify as have grown and fructified the harvests and fruits with which we have been supplied so bounteously."

SOCIALISTS LEAD IN ITALIAN ELECTIONS

Rome, Nov. 17.—Incomplete returns at 6 o'clock tonight showed the socialists leading in the new elections for the chamber of deputies held Sunday. Catholics were second and the nationalists third. Late returns showed candidates supporting the government were gaining.

First returns from Genoa, Turin, Milan and Bologna indicated a great socialist victory in those cities.

Dispatches from Treves declared that Deputy Turati had been re-elected. Socialists appeared to be running ahead through northern Italy, with Catholics second and supporters of the government third.

Former Premier Salandra and Orlando apparently have been re-elected, with Signor Bissolati, a former cabinet member.

Socialists elected number one hundred and fifty. It was estimated. Premier Nitti has been re-elected.

INDUSTRIES CLOSES AS RESULT OF COAL SHORTAGE IN EAST

Chicago, Nov. 18.—Coal supply for some non-essential industries has been shut off, P. W. Proctor, regional coal director for the northwest announced today.

Railroads have been ordered to cut off all but the absolutely necessary trains.

St. Louis, Mo., Nov. 18.—Light and heat plants in southern Illinois towns have been forced to close, another will shut down tomorrow and nearly a score of others are threatened with paralysis before the week ends because of no fuel.

Indianapolis, Ind., Nov. 18.—Engineers in local railroad yards were mixing their fuel today—twenty-five percent anthracite and seventy-five percent bituminous, to overcome the famine of bituminous coal.

Oklahoma City, Okla., Nov. 18.—The coal supply in Oklahoma is practically exhausted. Schools, cotton gins and many industries have already been forced to close down.

Milwaukee, Wis., Nov. 18.—This city has sufficient coal to carry all consumers through until the opening of navigation next spring, E. J. Uhrig of the Milwaukee Western Fuel company stated today.

Kansas City, Mo., Nov. 18.—Scores of manufacturing plants in greater Kansas City will be forced to close down within the next few days unless additional coal is received.

Land of Flowers It is believed that there are more varieties of flowering plants in New South Wales than in all Europe.

SYMPATHETIC JUSTICE BOLSHIEVISM'S ENEMY SAYS LLOYD GEORGE

London, Nov. 18.—(United Press).—"I do not fear bolshevism in any well governed land; it must be fought through sympathetic justice," Premier Lloyd-George declared in addressing the house of commons late last night.

The premier deprecated attempts to induce the workers to believe that bolshevism meant freedom for them.

Referring to the agitation for British intervention in Russia, Armenia and the Baltic region, Lloyd-George said:

"Could anybody say that Britain is the only power obligated to see that the treaty obligations are carried out? I can take no such responsibility."

The premier said it was "a tissue of lies that Bullitt (William O. Bullitt, informal representative of the American peace delegation in Russia) had written terms from me for Russia."

"I never saw or heard of him until he returned from Russia," he said. "President Wilson said he would be glad if I saw him."

"The only hope for Europe is restoration of its confidence and credit," Lord Cecil told commons. "We desire American co-operation, but if America decides to take no part in the work of restoration then the other nations must face the burden they faced all through the war."

Wasting 1,200,000 Trees Every Year This amount of waste paper collected in all parts of Great Britain in 1914 was one thousand tons per week. By 1918 this had been increased to 6,000 tons per week, or an increase of approximately 500 per cent. It requires eight trees of mature growth to produce a ton of paper pulp. Every ton of waste paper which can be submitted will save eight trees for other uses.

EMBARGO ON FREIGHT UNDER CONSIDERATION

Chicago, Nov. 18.—An embargo on all freight shipments and a 50 per cent reduction of passenger service to conserve the supply of railroad coal was to be considered at a meeting of regional railroad directors with Director General Hines here today.

The supply of coal, due to the miners strike, is growing low and immediate drastic steps must be taken to insure sufficient fuel to keep the necessary trains running, it was reported before the meeting.

The embargo on all freight on Chicago, Milwaukee and St. Paul railroad from Chicago to the Pacific was placed into effect through an error, it was stated today. The embargo was intended to apply only to South Dakota.
