

### SATURDAY GAMES IN EAST UPSETS DOPE AS DID COAST CLASHES

By Henry J. Farrell  
(United Press staff correspondent)

New York, Nov. 18.—It's a sweet mess now in the east. The dope killer struck his stirring stick down in the football pot Saturday and turned things upside down. The results of three wild upheavals made the championship as clear as mud.

On the surface it seems there is no champion. Harvard and Stevens have not been defeated, but they haven't beaten any body worth giving them the first place wreath.

Colgate and Dartmouth topped the pile for a while, but the derail was finally thrown in front of their speeding train.

They may find it strange in the cellar, but they shouldn't be lonesome there with plenty of company, Pennsylvania, Army, Navy, Brown, Cornell, West Virginia, Lehigh, Lafayette and scores of the little fellows.

If Harvard had a few hard games, the Crimson could undoubtedly claim the championship. But their schedule is loaded with easy marks. The Cambridge team, favored to beat Yale, will not care much about losing consideration for the title if it is able to defeat old Eli.

Princeton's victory over Yale was not such a surprise as the real superiority the Tiger showed.

Wisconsin pulled a surprise in the west by holding Ohio State to a minimum. Center College, conquerors of West Virginia, remained in the southern line light by trimming Kentucky State, 56 to 0.

### 75 Year Old Rheumatic Throws Away His Crutches

"I am now 75 years of age, and for a number of years have suffered with rheumatism, eczema and a severe itching. I was compelled to walk on crutches. I obtained no relief until I began to take Number 40 for the Blood. Have taken eight bottles and my rheumatism and the itching eczema is all gone. On Christmas day I laid away my crutches and get around pretty well without them. You have my permission to use this letter to advertise Number 40, as I feel that I have received great benefit and will continue the treatment, believing I will receive more, and I wish to recommend it to other like sufferers to do as I have done and try Number 40 and get relief. With great pleasure I subscribe myself, yours very truly, Isaac Ludwig, Delphos, Ohio, March 17, 1917." Number 40 is demanded in gouty conditions, mal-nutrition, poisoning, auto-intoxication, constipation, chronic rheumatism and catarrh, liver complaint and all diseases arising from impure blood. Made by J. C. Mendenhall, Evansville, Ind. 48 years a druggist. Sold by Schaefer's drug store. (Adv.)

### HAREMS HIT BY H. C. I.

Washington, Nov. 18.—Harems are going out of style in Turkey and it's all due to the high cost of living.

According to recent arrivals from Constantinople, only very rich Turks can afford to run over a list of wives to see which one they'll take to the theatres. Life in Turkey is very expensive just now.

### New York Teachers Accused Of Belonging To Red Party

New York, Nov. 18.—Removal of six women public school teachers for alleged membership in the Communist party is being sought by William Ettinger, city school superintendent. Charges against the teachers were based on papers seized in recent raids. Three of them are said to have confessed affiliation with the bolsheviks and belief in the communist manifesto which chief City Magistrate McAdoo constituted criminal anarchy. The other three were to be examined today.

### Red Bearing Card Signed By Haywood Held In Eugene

Eugene, Ore., Nov. 18.—A man who claims that he is John Everett but who had in his possession a certificate signed W. D. Haywood as an authorized organizer and delegate of the W. W. Linton No. 400, was brought to Eugene Monday morning from Junction City where he was found in a car of potatoes. He was sent to jail for 60 days on a vagrancy charge.

### AMERICAN ATHLETIC TO PARTICIPATE IN 20 OLYMPIC GAMES

Boston, Mass., Nov. 17.—(United Press.)—An American team of athletes will go to the Olympic games in Antwerp, Belgium, next year, probably between August 15 and September 15.

It was decided in the annual convention of the National Amateur Athletic Union of the United States here today.

It was also decided to hold the national boxing championships in Boston; the 100-yard swimming event at Brookline, Mass., wrestling at Birmingham, Ala., the 50-yard swim at Chicago, the plunge at Los Angeles, the 220-yard swim at Detroit, the fancy diving at Los Angeles, the 150 yard back stroke at the Indiana Athletic association, the 550 yard swim at Great Lakes, Ill., and the 200 yard breast stroke at Meadowbrook club, Philadelphia.

A long discussion resulted over Judge Mahoney's request that Dan Kelly's 100-yard record of 9 3-5 seconds be eliminated.

Joseph B. Maccabe, Boston, former president of the A. A. U., defended Kelly and announced that he made a personal investigation on the Pacific coast and found that three of the five timers got Kelly faster than 9 3-5 seconds.

The record was allowed to stand after a long speech by Justice Weeks, who declared that the constitution would be ruined if records that have been standing many years were thrown out.

### Princeton And Harvard May Battle For Eastern Honors

New Haven, Conn., Nov. 18.—If Harvard beats Yale next Saturday a proposal has been made that Princeton and Harvard play off the tie for the "big three" championship on the Polo grounds. Major James Barnes, vice chairman of Princeton's fourteen million dollar endowment drive, suggests the game as a means of raising money for the endowment funds of both institutions.

### Battle Between Tooth Pastes

Who Will Settle the Argument. Let Your Druggist be the Referee

It must be perplexing to the reader to decide which of the claims are logical and which are unsupported when he reads the glowing advertisements of the various manufacturers of tooth paste.

One maker's product lays stress on the flavor. Another claims to "remove the film." Still another leaves a "clean feeling." Another calls attention to the teeth of wild animals and is reputed to be highly antiseptic. After reading all carefully, the intelligent person decides to refer the matter to the court of last resort for the true answer. The druggist is the one whom the physicians and dentist relies upon to furnish expert advice on the action of chemicals. Why, therefore, is he not the person for you to trust? Long years of patient training and a knowledge of the relative value of the various ingredients in all chemical products have fitted him to express an opinion. He knows because he is qualified to know.

Something over 28,000 druggists and physicians in this country belong to national association known as the American Druggists' Syndicate. The national formula committee of this great association met annually in conference for 10 consecutive years in order to select the best formulas for household remedies to be manufactured in their own great laboratories maintained at Long Island City.

One of their well known preparations is A. D. S. Peredix Tooth Paste which has been endorsed by leading dentists in every state of the nation. Your druggist will tell you that it enjoys a fast repeating sale and its claim as a perfect product is briefly stated when he tells you that "besides doing all that any other tooth paste can do, Peredix whitens like peroxide."

Large production of this remarkable preparation enables you to still purchase the large tube at the old price—25 cents. Try a tube today and be convinced. (Adv.)

### FOGGY?

If Bilious, Constipated or Headachy take "Cascarets."

Tomorrow the sun will shine on you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like catenol, salts, oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep. (Adv.)

### \$31,974 Added To State Road Money

A total of \$31,974.32 was added to the good roads fund of Oregon, Monday, when the secretary of state's office received the remittance of the Standard Oil company and the Union Oil company of California to cover the state tax on gasoline and oil sold in the state during the month of October. The remittance represents a tax of one cent per gallon on 2,962,922.5 gallons of gasoline and one-half cent per gallon of distillate sold during the month.

The check from the Standard Oil company was for \$27,314.70 and that from the Union Oil company for \$4,659.62.

Leonard Millman of Cove, a marine stationed for the past two years at Peking, China, has arrived home after a tempestuous ocean voyage of 54 days.

### Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up to date drug store and get some Nicotol tablets; take them as directed and lo; the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the mean time try Nicotol tablets; you will be surprised at the result.—D. J. Fry.

The Coal of Poland.  
Next to the textiles, mining is the principal industry in Poland, especially in the years before the war. The quality of coal mined in Austria Poland is better than the German portion. Before the war Russia started to open some mines in Poland, but the work was never completed.

Grand Lodge of Oregon,  
Ancient Order United Workmen,  
Portland, Oregon.

Gentlemen:—

We hereby certify that we have made a valuation of the Grand Lodge of Oregon, Ancient Order United Workmen, as of December 31, 1918, and that we find it to be in the following condition, to wit:

<b>Assets, actual and contingent:</b>	
Present mid-year value of future net contributions	\$1,090,839.00
Assets	396,551.83
Total	\$1,487,370.83
<b>Liabilities, actual and contingent:</b>	
Present mid-year value of promised benefits	\$1,419,776.00
Liabilities	9,000.00
Total	\$1,428,776.00
In excess of liabilities	\$58,594.83
Ratio of assets to liabilities	104.09%

The above valuation indicates that, on the basis of the National Fraternal Congress Table of Mortality with interest at 4 per cent, the future assessments of the Society, at the net rates now being collected, together with the new invested assets, are sufficient to meet all certificates as they mature by their terms, with a margin of safety of \$58,594.83 (or 4.09%) over and above statutory standards.

Fraternally submitted,  
Miles A. Dawson & Son  
Consulting Actuaries.
