

### BIG TRUCKS BARRED FROM HIGHWAYS BY TECHNICAL ERROR

What is to become of the big truck of more than five ton carrying capacity in Oregon?

That is the question that is staring in the face of the owners of these inventions of the public highway just now.

Hitherto the state has been licensing trucks of this size at \$5 per year but it has been necessary then to secure a permit at \$8 per month from the county court before the trucks could use the public highway.

The last legislature made no provision for the licensing of these large trucks in its revised motor vehicle law, in fact a maximum capacity of five tons is specified in the 1919 law. An interpretation of the law by Assistant Attorney General Van Winkle for the benefit of the secretary of state's office fails to uncover any loopholes whereby the big trucks can claim a right to recognition on the public thoroughfare.

Three applications for the licensing of trucks of more than five tons capacity have already been received at the automobile registration department of the secretary of state's office and more are expected as there are probably 100 of these trucks in operation in Oregon at this time.

### HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. Wells, 236 North Adams Street, Petersburg, Va.

### Grandma Used Sage Tea To Darken Hair

one made up a mixture of Sage Tea and Sulphur to bring back color, gloss and youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrous. Just a few applications will prove a revelation if your hair is faded, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, making one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. (Adv.)
