

BUSINESS WOMEN'S CLUB RENEWS DRIVE

The Business and Professional women's club, which was organized here a few months ago, received a new impetus in the visit of Miss Belle Jeffrey, state director of the educational campaign for Oregon, and Miss Gertrude Bader, last week, and has renewed its active campaigning. A systematic publicity movement has been started in order to keep the work of the club and the Y. W. C. A., with which it is closely affiliated, before the public, and to prevent interest in the organization from lagging. Miss Laura Bell has been appointed chairman of the publicity committee, with Miss Eva Scott as her principal assistant. The club will endeavor to have something of interest and educational value to report each week, and will make it a point to study the affairs of the national Y. W. C. A. An extensive program, which will be of interest to all business and professional women in the city, will be carried out this winter. The club is not exclusively for members of the Y. W. C. A., but is open to all business girls in Salem. Dr. Mary Rowland is president, and information concerning it may be obtained from her or from the office room of the Y. W. C. A. on Liberty street.

Cut Out Middle Man, Chicago's War Cry Today

Chicago, Nov. 21.—"Cut out the middle man." This was the slogan for war on high cost of living declared today by the joint conference of farm organizations and labor representatives here. The conference was called by officials of the Farmers' National Council and the National Cooperative association, to line up labor and the farmer behind the reconstruction program of legislation, to be placed before congress.

SPOKANE'S SUPPLY SHORT

Spokane, Wash., Nov. 21.—Spokane has a 10-day fuel supply, according to dealers. Coal bins are being replenished with Canadian coal. Approximately 8000 tons of coke are on hand. Mild weather is helping to solve the problem.

Police Seek Youths Who Rented Murdered Man's Car

Seattle, Wash., Nov. 21.—Two youths wearing fur storm caps, are being sought by police throughout the northwest today in an effort to solve the mystery surrounding the murder of Lee Linton, Everett taxi driver, whose body was found in a ditch near Everett Thursday morning. The driver's skull had been crushed by a blow over the head with a blunt instrument. His car and \$40 in money are missing. Two youths rented the car yesterday evening and asked to be taken to Snohomish, according to Linton's employers.

AFFAIRS OF SPOKANE FREE CLINIC JUMBLED

Spokane, Wash., Nov. 21.—The affairs of the Junior Red Cross clinic at one of the public schools here today were in a jumbled state, following yesterday's declaration of a war by the Spokane county medical association.

Members of the association today were making it plain that they stand ready to treat all children charity cases, but not at the clinic.

They charge that out of the first four children applying for treatment at the clinic three had parents financially able to pay. At this rate, they claim, their revenue would soon be out.

The doctors demand that the cases be treated in regular hospitals, and that they shall determine which cases are charity.

The Red Cross has not yet determined what course will be taken.

BRITISH AGREE TO AID FRANCE IN WAR

Paris, Nov. 21.—(United Press).—The Franco-British treaty, by which Great Britain agrees to come to France's aid in event of unwarranted German aggression, became effective today when Earl Crewe, on behalf of Great Britain and Foreign Minister Pichon on behalf of France, exchanged formal notices of ratification. The allied and German commissions held their first joint session today to consider methods for execution of the peace treaty and the protocol.

STATE HOUSE BRIEFS

A call for a report of the condition of state banks in Oregon at the close of business November seventeenth was issued this morning by Will H. Bennett, state superintendent of banks.

Applications for increases in telephone rates were filed with the public service commission this morning by the Lebanon Mutual Telephone company and the Newberg Telephone company. Both allege that increased cost of materials and increased wages to employes make operation under present rates impossible.

Publisher Of Business Chronicle Is Arrested

Seattle, Wash., Nov. 21.—Edwin Selvin, publisher of the Business Chronicle, was arrested Thursday by United States post office inspectors on a warrant charging that he caused to be published unmailable matter. The article which caused Selvin's arrest was an editorial in the last issue of his paper in which labor unions were violently attacked and the administration at Washington severely criticized for its attitude toward labor. The editorial, it is charged by the post office department, "tended to incite murder, arson and other crimes."

COMMENT IS RESERVED FOR ANNUAL MESSAGE

Washington, Nov. 21.—President Wilson has decided to reserve comment on the defeat of the peace treaty until he sends his message to the regular session of congress opening December 1. It was learned authoritatively at the white house. Secretary Tamm and the president had a long conference at which this decision was reached. The treaty situation will remain as it is at present, it was learned, until Wilson puts the treaty before the next session. Wilson is working on his message to congress now.

BOXING

San Francisco, Nov. 21.—Harry Wells gently dropped his right on Knockout Kravosky in the second minute of their first round last night and "Kayo" dropped. He might have been able to continue, but Referee Hanlon stopped the fight.

The fans were convinced that the negro heavyweight had lost none of his effectiveness.

St. Paul, Minn., Nov. 21.—Michael J. Gibbons, one of the northwest favorites for 12 years, will have his first crack at a title tonight when he meets Middleweight Champion Michael O'Dowd in a scheduled ten round bout. There will be no decision. Gibbons must knock his opponent out if he hopes to wear the crown.

COAL IMPORTS STEADY

Vancouver, B. C., Nov. 21.—Although government licenses are required before coal can be shipped out of Canada, there has been no stoppage of coal shipments into Washington state officials in charge of exports said today. The licenses are freely issued here since there is no indication that a shortage of fuel will be felt.

Moved
From my former place of business to the corner of South 12th and Mill Sts., in the big yellow building. Will be permanently located and in a better position to serve my customers. Portlander To Succeed McNaughton On Board

W. L. Brewster of Portland will succeed E. E. McNaughton also of Portland as a member of the industrial welfare commission when the latter's term expires January 1, according to a statement by Governor Olcott, Thursday. McNaughton has asked that he be not reappointed on the commission as other interests prevent his attention to the affairs of the welfare body.

SING SING DAMAGED BY INCENDIARY FIRE

Ossining, N. Y., Nov. 21.—Fire, believed by officials to have been incendiary origin, today destroyed the storage buildings in Sing Sing prison with a loss of more than \$200,000.

The water main supplying the prison was cut yesterday and Acting Warden Evers said he believed "somebody took advantage of this." A number of prisoners will be thrown out of work, owing to destruction of raw materials and officials advanced the theory this was the object sought by those who set the fire, as there was no disorder or attempt to escape.

Prisoners assisted the prison and city fire department in fighting the blaze which was brought under control shortly after 11 o'clock.

FALSE TAX RETURNS CORRECTED' REPORTS

Washington, Nov. 21.—False tax returns made by former officials of the Crucible Steel company have been corrected and the full amount of taxes due the government paid, H. S. Wilkinson, new chairman of the firm's board of directors, says.

Wilkinson's statement was issued from the office of Commissioner of Internal Revenue Roper, with whom Wilkinson has been in conference concerning previous irregularities. The statement also declares that the company will co-operate with the government in taking "vigorous action against such officials of the company as were responsible for filing false returns."

Wilkinson said the payment of the additional taxes would not affect the value of the stock of the company, since a large reserve for payment of income and profit taxes has been maintained.

Of a total of \$846,000 in taxes due in Coon county more than \$740,000 of the amount has been collected, leaving less than \$106,000 on the delinquent list.
