

DALLAS CHRISTIAN CHURCH TAKES RAY AT SUNDAY MOVIES

Dallas, Or., Nov. 22.—The Christian church of this city has passed resolutions concerning the moving picture shows being held here on Sunday nights thus launching a drive in which the other churches of the city are said to be in full accord to have a discontinuance of the Sunday evening shows.

The church goes state in their resolutions that the shows interfere with the proper observance of the day, that they keep people away from church Sunday night that would otherwise attend, that they are contrary to the best interests of good citizenship and are contrary to building up of a Christian community.

The official board of the Christian church followed up their resolutions with a statement to the effect that no member of that church who attends a movie show on a Sunday evening shall be in good standing in the church, and everything possible will be done to discourage their attendance at these shows.

The fight is one of long standing between the local churches and the Sunday evening shows. Several times the matter has been taken up but without success, as the management of the theatre states that as other shows in towns in the vicinity of Dallas are allowed to keep open, the people would only motor there for the entertainments offered by the moving picture shows. When the road is completed between Dallas and Salem the management states, there will still be more people who will travel to the capital city for amusement if the local shows are closed on Sundays.

CANADIAN LIQUOR BAN REMAINS INDEFINITELY

Vancouver, B. C., Nov. 22.—The ban on liquor may continue here for some time, as announcement from Ottawa that peace shall exist on December 1 does not necessarily mean that it will come into force in Canada on that date. It resting with the governor-in-council as to just when it will be proclaimed in Canada. The war with Turkey and Bulgaria is still on officially as peace has not been concluded with those countries and may not be for some time to come. It is contended that orders-in-council containing the words "the present war" and passed after Bulgaria and Turkey entered the war will therefore not lapse until peace with those countries is formally declared, although this contention has never been officially recognized as the liquor legislation was passed in 1917 after Bulgaria and Turkey entered the war. The contention is tenable that prohibition will exist until the order-in-council is repealed or peace is declared

with those countries. The opinion of the justice department is that when peace is concluded with Austria and Germany it would be hard to continue war legislation because of Turkey and Bulgaria.
