

NEW HIGHWAY OPENS WINTER OUTLET FOR TILLAMOOK COUNTY

For the first time in its history Tillamook is now assured winter communication with the Willamette valley by reason of the completion of the 36 miles of macadamized state highway, according to Herbert B. Nunn, state highway engineer.

Among other state road jobs which have been completed this year in time for winter travel, according to Mr. Nunn, is the ten mile strip of paving between Myrtle Point and Gold Hill in Jackson county. This stretch of roadway improved at an expenditure of \$340,000 is described by Mr. Nunn as one of the prettiest paving jobs he has ever seen.

Nine miles of grading and macadamizing from Lakeview to Pine creek in Lake county is also nearing completion.

Very little open weather can be expected from now on, Mr. Nunn states and road building activities in this section of the state from now on until next spring will necessarily be confined to heavy rock work.

ELEVENTH HOUR RUSH FOR LICENSE TAGS ON

An unprecedented eleventh hour rush for motor vehicle license tags is now confronting employees in the automobile registration department of the secretary of state's office. In spite of the warnings, pleadings and urgings of Sam A. Koser, deputy secretary of state, in an effort to bring about a more prompt filing of applications for licenses to avoid this congestion in the closing days of the year only 5200 automobile owners had complied with this request up to Friday night.

In view of the fact that there are approximately 50,000 automobiles in the state in operation all the time necessitating the presence of a 1920 license tag on the first day of the new year the inevitable result of this procrastination can readily be seen. Inasmuch as the burden of responsibility for the presence of the new plates on motor vehicles rests upon the owners numerous arrests for failure to comply with the law in this respect are anticipated as it will be a physical impossibility for the department, even with a full staff of clerks, to meet the closing day demand for plates with anything like promptness, and it is expected that it will be two weeks into the new year before the last day flood of applications is cleared away and the new tags gotten on their way to the applicants.

HEAVY TRUCKS RULED OFF POLK HIGHWAYS

Dallas, Or., Nov. 22.—In view of the fact that auto trucks carrying heavier loads than the present condition of the roads will withstand, the county court of Polk county at a meeting this week made and entered an order forbidding the use of the highways between this city, Salt Creek and Ballston to all motor vehicles unless equipped with pneumatic tires. Auto trucks when so equipped will be permitted to haul a load of approximately 1600 pounds.

During the past few months there had been a lot of heavy travel over this road in particular, and the highway, which was formerly one of the best in the county, will be practically impassable if the practice of truckmen in hauling large loads on their trucks is kept up.

Last season the road between Dallas and Salem was cut up and injured in practically the same way before any action was taken by the court to have the damage stopped, but this year the county officials are doing everything in their power to see that the roads are kept in a passable condition for winter travel.

Reckless Driving Of Auto Owner Nets Jail Sentence

Portland, Or., Nov. 21.—Convicted of reckless driving his automobile, N. P. Sorenson, wealth timberman, was sentenced to serve six months in jail today by Municipal Judge Rosenman. He was also fined \$500.

Sorenson collided with two street cars and two automobiles in our hour last week. He was said to have been drinking.

The defendant will appeal the case to the circuit court.

PORTLAND MAN KILLED

Portland, Or., Nov. 21.—Oswald Johnson, 37, was instantly killed today when he was thrown from the automobile in which he was riding, due to a collision with another automobile.

INCORPORATIONS.

The Standard Art Stone company of Portland, capitalized at \$5000 filed articles of incorporation with the corporation department here Friday. The incorporators are R. Mitchell, Oswald Andrae and Theodore Schmidt.

The name of the Pacific Construction company to the Copenhagen Bros. Co. is recorded in supplementary articles of incorporation filed Friday.

The Jordan Silhouette

The new Jordan Silhouette marks the realization of another great ideal. To a chassis of finished mechanical excellence has been added a new series of custom style bodies advanced in type and possessing a new kind of comfort.

In this new Silhouette body the ideals of France are expressed in the exquisite contour, warm colors and studied detail in workmanship. The doors are European type—broad and wide opening with outside custom style hinges, allowing the door to describe a complete half circle. The mouldings are rectangular in design, characteristic of the finest bodies built. The new French angle at the dash adds a touch that is at once different and prophetic of prompt imitation. A cocky tilt to the front seat cowl—perfectly straight top edge without the slightest bevel—certainly most refreshing in these days. Fenders distinctively different—body sides deep—high cushions resting almost on the floor—soft, hand-buffed leather of quaint lustre—in the deep tonneau a pleasant surprise for everyone who has grown tired of new-fashioned things and craves the old—a Cordovan leather boot and saddle bag full of the atmosphere of silver mounted bridles and swanky puttees. Buckles are big and straps are sturdy—a healthy man's idea—that's about all you can say

When You Are Home

FOR THANKSGIVING

WHEN you arrive home for this event and all the family are gathered together in honor of this occasion, you will realize the true value of—good clothes.

BISHOPS clothes are always good; he has spent his lifetime studying the business—knows the manufacturing end as well as selling you clothing to your satisfaction.

Mallory Hats

THIS should include a new hat; you do not know what a new hat adds to your appearance.

STOP and think what your hat has stood since you have purchased it; taken it off and put it on about ten times each day, then throw it down, and around.

MALLORY HATS stand this treatment better than all hats, we are sure. A MALLORY will convince you.

MEN'S SHIRTS

THEY'R here in many different brilliant colors, the latest patterns, stripes and materials.

YOU probably will not have a chance for laundering any garments while visiting out of the city. ALWAYS be prepared with a supply, they'r always handy to have and don't take much room.

MEN'S CRAVATS:
 Words fail to express their beauties, to inspect them will convince you of their true worth.

"Six days until Thanksgiving, make your purchases early."
