Keep The System Clean And You'll Be Healthy

Elimination helps to avoid colds, headaches and epidemics

NYONE who has watched himself knows there is nothing so important to health and comfort as regular daily elimination. Half of the minor illnesses of life are due to neglect of this. The five million men who were in our army know the importance the doctor attached to this function.

By all means try to regulate yourself by intelligent diet and exercise, but when these fail you will need a laxative, one as near to nature in its action as skill car make it. In the opinion of many thousands make it. In the opinion of many thousands of good Americans such a one is Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin. It acts promptly, gently and without griping and will with certainty regulate any tendency to constipation that you may have.

Take it when you feel drowsy, dizzy or bilious, when you feel a cold or a fever coming on, when there is an epidemic, which you are in doubt. It is at such times that you need to be free of poisons and of fermenting foods. You can buy Dr. Caldwell's Syrup Pepsin at any drug store for 50c and \$1 a bottle. Thousands of families have it constantly in the house

against emergencies.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the targest selling liquid lacative in the world, there being over 6 million bottles sold each year, many who need its bonefits have not yet used it. If you have not, send your name and address for a free trial buttle to Dr. W.
