MANY DISTINGUISHED PERSONS REACH U.S.

New York, Nov. 25.—Diplomats, grand opera singers, prize fighters and industrial leaders were among the celebrities included in the 1504 passengers who arrived today on the Cunard liner Mauretania.

Mme. Louisa Tetrazzini, famous prima donna, expressed her delight at being back in the United States in three different languages—Italian, French and English. She will begin a nation wide concert here November 29.

Baron Romano Avenzano, successor to the late Count Di Cellere as Italian ambassador to the United States, accompanied by his wife and child, was met at the pier by hundreds of Italians.

Fred Fulton American heavyweight arrived with his manager, Tom O'Rourke. Fulton wore a cane presented to him by Eugene Cowg, the British referee.

Major General Sir Frederick H. Sykes, controller general of civil aviation in Great Britain, refused to talk for publication.

Henry Sulphren, vice president of the Submarine Boat Corporation of Newark, N. J., explained he had contracted to furnish several "mail order" boats to Italy. These are fabricated craft which will be shipped in sections to that country.

MAN, CRAVING SPEED, IS KILLED IN SMASH

Los Angeles, Nov. 25.—(United Press.)—D. Arthur Kennedy of San Diego was killed and Walter Blume of Seattle suffered a broken leg and other severe injuries when a racing car Blume was driving 100 miles an hour overturned on the Ascot Park speedway this afternoon.

Blume had brought the car here to be driven by Jack Ross in the Thanksgiving day races at Ascot Park. Blume was to ride as Ross' mechanician.

Kennedy, who was riding with Blume when the car overturned, was a stranger to Blume and had been taken along because he had shown a desire to experience a little fast driving. He was well known in the automobile world, it was stated here. Blume said he could not explain what caused the car to overturn.

GIGANTIC DRUG RING FOUND—ARRESTS DUE

Los Angeles, Nov. 25.—(United Press.) Agents of the state pharmacy board, following arrest of three men at Pasadena, today announced they had unearthed a gigantic nationwide drug ring centering at Mount Gilman, Ohio.

Cocaine, they charged, is being sold for \$12.50 for five grains, under the name of an asthma cure.

Acts Of D'Annunzio Threaten World With War, Says Envoy

Washington, Nov. 25.—War which might involve all Europe and threaten the peace of the world, will result if Gabriele D'Annunzio attempts to carry out his reported intention of seizing the whole of Dalmatia, Dr. S. Y. Grouch, minister representing the Serbs, Croates and Slovenes, predicted today in an interview.

New York, Nov. 25.—Fred Fulton, the Minnesota heavyweight, is back from England, but it may be some time before he will be seen in action. Fulton returned today from a fruitless hunt for "big game" in Britain with a lame arm.

While training for his fight with Arthur Townley he injured his elbow in a fall and it has never completely recovered. Even after an operation, two physicians who examined him on board the lined seemed to think the arm would be minus a "kick." Outside of that Fulton appeared to be in fine condition. He is weighing 220 pounds, 20 pounds more than when he went to England.

Fulton will start right after Jack Dempsey for a match. If the bout does not look good to the promoters, Tom O'Rourke, his manager, said he would put on himself.

Feeling that they never would be released from the state training school and that the officials in charge were discriminating against them, they fled that institution Monday, boarded a train and started for San Francisco where they hoped to get work and renew their battle against the world undisturbed by the law.

That is the story told today by Paul Bayley, 14, and Lester Richardson, 13, as they were in the city jail waiting to be returned to the reformatory. The boys were arrested early this morning at the Pacific rail road yards, after information had been received from Woodburn that they were headed south in a refrigerator car. Patrolman Victor and W. J. White, who arrested them, found a rock filled cloth in their possession, that they believed the boys intended to use as a "sap." Richardson and Bayley were taken back to the school.

Rich, Bubbling Champagne Goes \$1 Per In Berlin

Berlin, Nov. 24.—(United Press.)—Champagne at one dollar a bottle. That is the price that prevailed today in the reichstag restaurant, where Lussy German legislators lunch. The low value of the German mark has brought about the low price of the aristocratic beverage. For the last two days the rate of exchange has made an American dollar worth 35 marks—and 35 marks is the price of the German government makes to its legislators for a bottle of champagne.

Interesting Situations Shown In "Miracle Man"

From the sordid slums of New York's Chinatown to the grandeur of high mountains and the majesty of the ocean—that is the range of the setting in "The Miracle Man," a big new Paramount-Artcraft picture, produced by George Loane Tucker, which is now running at the Oregon theatre. The same expansion of vision is reflected in the absorbing story, written by Frank L. Packard, later dramatized by George M. Cohan, and produced with striking success on Broadway.

The central figure is a white-haired patriarch, who lives in the hills near the sea and who has reputed power to heal the sick and crippled. Tom Burke and his band in their haunt in the New York underworld read of his miracles and conceive the idea of capitalizing them for their own gain. So they go to the town where the old man lives and frame up a miracle for him. To their surprise they discover that he really possesses the healing powers accredited to him.

Gradually under the beneficent influences of their new environment there is worked a transformation in the hearts of the crooks that makes Rose, the gangster's beautiful decoy, the charming girl she is at heart, that evolves a farm hand out of a dope fiend, and finally, brings out the better nature of even the hardened, sophisticated Tom Burke himself.

ATTACK ON KING REMOVED

Rome, Nov. 25.—The council of ministers is meeting daily to consider the grave possibility attendant on opening of the new parliament.
