

NONE ENTITLED TO CHAMPIONSHIP OF EASTERN FOOTBALL

New York, Nov. 24.—If Podunk or Yapp's Crossing claim the eastern football championship this season, they may get it. No one would be entitled to argue them out of it, for it seems after the most chaotic season of years that there is no real "honest-to-goodness" champion.

The regal robes and the scepter had been draped on Syracuse last week but the New Yorkers allowed Indiana, ninth in the western conference to maul them Saturday.

Harvard's defeat of Yale made the Crimson the only undefeated major team of the east but the record of the Cambridge eleven is not impressive enough to carry a title.

Dartmouth, Pittsburgh and Washington and Jefferson stand high on the list but each has a defeat that cuts them out of a chance for the throne. Affairs in the west are a little more tangible. Illinois has first call for the honors with a victory over Ohio State, the choice of the early season dopsters. First and second place was thereby established but the ranking of the other conference members is in a hopeless scramble.

Surprises were not confined to the Atlantic zone Saturday. Along the Pacific the dope bucket was given a hefty kick when the Oregon Aggies beat Washington State, 6 to 0.

The real big classic of the season closes the year next Saturday on the Polo Grounds when the Army and Navy come together.

UNIVERSITY HONORS ITS FIRST PRESIDENT

University of Oregon, Eugene, Nov. 24.—A bronze tablet in memory of John Wesley Johnson, first president of the University of Oregon, is soon to be placed in the corridor of the administration building, named Johnson hall in his honor. The building was named when dedicated four years ago, but no memorial tablet has yet been placed. The tablet, just received from a Portland brass works, is inscribed as follows:

"John Wesley Johnson, the first president of the University of Oregon, was born near Kansas City, Missouri, in the year 1836. In 1876 he was appointed to the presidency of the University of Oregon. He served the university in this capacity until 1893 and subsequently as professor of Latin until his death in 1898. In commemoration of a life nobly lived and worthily devoted to the cause of higher education in the Commonwealth of Oregon this building has been named Johnson Hall."

Set Figure For Expenses Of World Series Favored

New York, Nov. 24.—Instead of cutting in for a full ten per cent of the world series money, the national commission in the future may be allowed a lump sum of \$25,000 a year for operating expenses. This recommendation is to be made by National league club owners at the December meeting according to the committee appointed to name a successor for Gerry Hermann as chairman.

The American league men also favor the move, according to the board of directors, which recently asked the commission to turn over its share of the last spoils.

Both Ban Johnson and John Heydler, presidents of the leagues, are said to favor the move.

Stop Tobacco

Stop tobacco for a month and see how much better you feel. You can stop without suffering any inconvenience or feeling the usual craving. Simply get a box of Nicotol from any drugist, use as directed and the habit quits you. Your health will be better, your resistance to disease will increase and you will cease to be a slave to nicotine. Read what Dr. Conner formerly of the Johns Hopkins Hospital, says about the evil effects of tobacco in an article soon to appear in this paper. Nicotol is dispensed by all good druggists in this city, especially by D. J. Fry. (Adv.)

LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone," Then Corns Lift Off—No Pain!

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug! (Adv.)

Convict Offers To Sell His Glands To Get Relief For Widow of Slain Man

San Francisco, Nov. 25.—(United Press.)—Floyd Lee McClure of Tacoma, who has offered to auction his interstitial glands for the benefit of the dependents of the man he killed, "may do so without interference from the laws of California."

The opinion was given the United Press today by Henry Eickhoff, state prison director and himself a lawyer.

San Jose, Cal., Nov. 25.—(United Press.)—Deeply penitent because the dependents of Antone Schoombs have been robbed of the San Francisco detective's support, Floyd Lee McClure, who killed Schoombs, has offered to auction his interstitial glands to the highest bidder as a benefit for the widow and children of Schoombs.

McClure had been told that a business man had written to doctors at San Quentin prison offering \$10,000 for the interstitial glands of a murderer soon to be hanged there.

"It is not a very pleasant thought," said McClure, "and I would rather not talk about it, but I'll tell the world I'm game for the operation if it is done before I hang."

McClure has said he was sure he would hang and that he didn't care "much."

Is Very Penitent. "I would do anything to make amends for my crime—anything in the world to help the widow of Schoombs," he said. "I wouldn't mind anything if I could get the \$10,000 that has been offered for the glands of a man to be hung. I'll be glad to undergo the operation on condition that the money goes to Mrs. Schoombs."

"It is for Mrs. Schoombs that I feel my only deep regret. I had to kill Schoombs or be killed myself. I am sorry it was so. I know I have to give my life for the crime, and if they can get anything of value out of my case, they are welcome to it."

McClure killed Schoombs in San Francisco when the detective climbed on the running board of the automobile McClure and William E. Chastine had stolen. McClure and Chastine previously had stolen many machines up and down the coast and had engaged in a desperate gun battle with Seattle officers.

McClure is "Hard Boiled." The two were captured near San Jose after another desperate gun fight.

in which Deputy Sheriff Condon was desperately wounded. After Schoombs was killed the men were apprehended in San Francisco but escaped in a running gun fight. The two were described by Sheriff Lyle as "hard boiled" and "tough as nails." They will be held here until it is definitely determined that Condon will live. Then they will be handed over to the San Francisco police.

As the United Press correspondent talked with McClure, Chastine nodded his head in approval.

"I would be willing to die, too," he said, "but I suppose I'll not be hanged. I think it is a good idea to sell McClure's glands, and I hope it can be done for Schoombs' widow and children."

PASSING STILL CAR COSTS MOTORIST \$5

Lester Judd, of Liberty, pleaded guilty before Police Judge Race Monday of driving an auto past a street car as it was taking and discharging passengers and was fined \$5. Judd was arrested Saturday by Patrolman Branson and was released under bond of \$10. He drove past a car at the corner of Liberty and State streets.

Philip Winders, 870 North Commercial street, was to appear before Police Judge Race at 2:30 o'clock this afternoon to answer to a similar charge. He is said to have passed a streetcar at the corner of State and Commercial streets. He was arrested by Patrolman Morelock.

It was reported to police by Mrs. R. D. Barton, North 17th street, that she saw an auto bearing license No. 12923 drive past a standing streetcar at State and Winter streets.

Biliousness, Headache, Colds, Constipation, driven out with "Cascarets"
