

LONDON PAPERS SEE DANGER OF ANOTHER BALKAN STATES WAR

By Ed. L. Keen
(United Press Staff Correspondent.)
London, Nov. 25.—Growing fear of another Balkan war—with Italy and Jugoslavia playing the leading roles—was expressed in the British press today.

The anonymous situation created by Gabriele D'Annunzio in Fiume and Dalmatia has brought the allies nearly to the end of their patience, in the opinion of some newspapers. If this situation is allowed to continue unchecked, in the opinion of the Evening Standard, it will provide a new war.

The Pall Mall Gazette fears a possible Balkan war unless the peace conference takes action to enforce its decisions with regard to Fiume and Dalmatia. No agreement Italy may enter can be considered more than a "scrap of paper" so long as her soldiers and sailors may be weaned from allegiance to their government by an "egotistical rebel" and "induced to flout the peace conference," the Gazette announced.

D'Annunzio holds Fiume and Zara not only against the request of the peace conference, but in direct defiance of the orders of his government, this newspaper pointed out, and he even has induced Italian military force to embark upon "attacks upon neighboring countries."

Jugo-Slavia, the Gazette said, has expressed "most exemplary restraint" in not taking action against D'Annunzio, assuming that the peace conference will carry out the provisions decided upon for disposal of Adriatic territory. If these terms are not executed speedily, in the opinion of this newspaper, Italy soon may find herself involved in a disastrous Balkan adventure because of the action of her "filibusterers."

D'Annunzio has become a "serious nuisance," in the opinion of the Evening Standard.

NATIONAL GUARD GIVEN COMPLETE EQUIPMENT

Distribution of the equipment to the fifteen units of the Oregon National guard was completed Saturday, according to Major Hall of the adjutant general's office and the regiment is now completely organized, federalized and outfitted for any contingency that might require their services.

The equipment—five carloads of it—is furnished by the federal government and is estimated to have cost between \$150,000 and \$175,000, and includes 1,500 rifles, bayonets, belts and magazines, approximately 200,000 rounds of ammunition, 200 automatic pistols, 50 automatic rifles, four machine guns; clothing equipment complete, including underclothing, shoes, socks, hats and overcoats; messkita, stoves, medical supplies and 28 transport wagons.

With this equipment in the hands of the various units the regiment is now ready to move on very short notice, according to Major Hall who states that the organization is at the height of efficiency at this time.

The regiment at this time includes 12 companies of infantry, one headquarters company, one machine gun company and one supply company. The organization of two additional companies of infantry which will ultimately be converted into coast artillery corps is in progress at Newport and Tillamook, the former unit being practically ready for organization now.

Work on 30 miles of The Dalles-California highway between Bend and Redmond and four miles of the highway south of Bend will start within the next two weeks.

Steps are being taken at Fossil by mothers, wives and sisters of ex-soldiers to form an auxiliary to the American Legion.

Don't Look Old From Here Up
A little "Danderine" checks ugly dandruff and stops hair falling

Get a small bottle of "Danderine" at any drug store for a few cents, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications often remove every bit of dandruff and stops falling hair. Every hair on scalp shortly shows more life, vigor, brightness, thickness and color. (Adv)

Higher Pay For Navy And Army Considered

Washington, Nov. 24.—Higher pay for all men in the army and navy will be one of the first questions to be considered by the house at the beginning of the regular session on December 1, leaders of the military and naval committees said today.

What increases will be granted seems practically sure, Representative Butler, Pennsylvania, chairman of the house naval affairs committee, said. Plans are being considered to make the increase the same for men in both the army and navy and toward that end a joint committee of the military and naval committees will meet early next week to frame the new schedule to be recommended to the house.

REOPENING OF MINES IN WASHINGTON SOUGHT

Seattle, Wash., Nov. 24.—State coal operators assembled here today to confer with Governor Hart concerning resumption of coal mining throughout this district.

"It is my opinion that mines of the state will be producing their normal output before the end of the week," Governor Hart said before the conference began.

State troops will be dispatched to mining areas in event of trouble, according to the governor's plans. Mines at Bayne began work on Friday with regular troops on guard. Wilkeson mines were scheduled to resume today, while at Cokedale and Bellingham production of coal started Saturday, with partial forces.

A scowload of coal from Hood River to a highway construction camp near Mosier was swamped Thursday and sank in deep water. Floyd Wright who was with the scow, narrowly escaped drowning.

O. A. C. SEEKING GAME WITH EASTERN TEAM

Portland, Or., Nov. 24.—Invitations have been telegraphed to the Illinois, Syracuse and Notre Dame football teams to meet the Oregon Agricultural college eleven in Portland.

The Aggies hope one of the three will accept and that a game between football teams representing the west and east can be arranged for December 8.

Washington State college was scheduled to meet Syracuse in Portland on that date, but Athletic Director Bohler announced after the Cougars' defeat here Saturday that he had cancelled the game, as his team is not in shape to play Syracuse or any other big eastern team.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder to do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Salem Capital Journal. (Adv)

COUNCIL PLANS MEANS OF ENFORCING TREATY

Paris, Nov. 24.—(United Press.)—The supreme council today discussed the situation created by departure of the German delegates sent here to discuss methods for carrying out the terms of the peace treaty and decided to send a note to Germany.

The council also decided that future negotiations between the Poles and Germans over boundary questions will be held in Paris.

NO TRACE OF CREW

Sault Ste Marie, Mich., Nov. 24.—No trace had been found early today of any of the crew of the steamer Myron, owned by the O. W. Bioggett company, Bay City, Mich., which went down off Whitefish Point during the severe storm Saturday.

The Myron carried a crew of 19 men. Hiram Moore, who escaped from the state penitentiary on August 10, 1914, was returned to Salem Saturday from Walla Walla.

TEACHERS

You often find it desirable to make a preliminary examination of some particular student's eyes. We will gladly explain to you how this can be accomplished and some reliable information gained—so that you may send the student to some optometrist to have his eyes examined knowing that there is a defect, hence avoid sending a student to have his eyes examined and have them report back to you that their eyes are O. K.
Come at your convenience. Several at a time if desired.
