

ASSOCIATES STATE CHARGES AGAINST JENKINS ALL FALSE

Hanford, Cal. Nov. 27.—Business associates of W. O. Jenkins, the American consul agent now being held by the Mexican government at Puebla, Mexico, for trial, presumably for having connived with the bandits who abducted him, to obtain part of the \$150,000 ransom, are indignant at the treatment accorded him and the charges against him.

His father and associates claim that his wealth and financial standing are such that the charge is preposterous in view of the sum that would be obtained by such a transaction. He is a man of high principles, his friends say. His financial integrity is unquestioned by those who know him and have had business transactions with him and his agents.

Jenkins owns five separate ranches in Kings county, all valuable property, and most of it highly improved, totalling 466 acres, valued at a conservative estimate at \$125,000. While on a visit here last summer to his parents he purchased a choice residence site in Los Angeles, for which he paid \$45,000. He has vast business and ranch holdings in Mexico which his relatives here estimate to be worth several million dollars.

Jenkins has been in Mexico for the past twelve years. He has amassed his present fortune there.

BOXING

Akron, Ohio, Nov. 27.—Joe Barman of Chicago and Kid Wolfe of Cleveland were matched to battle here for 12 rounds on December 12, it was announced today.

New York, Nov. 27.—Boxing shows are rivaling some of the Broadway stage productions as money getters. The O'Dowd-Gibson fight drew \$37,437; the Leonard-Duffy fight in Tulsa brought in \$19,500; the Leonard-Bartfield fight in Jersey City, \$22,164; the same pair in Newark brought \$10,000; the Pete Herman-Joe Lynch fight in Philadelphia drew \$30,000 and the Jackson-Schiffert fight in Buffalo netted \$4500.

New York, Nov. 27.—Benny Leonard, lightweight champion, is to start work on the movie serial in which he is to be starred, about December 1. His role as the star performer will take him to various places between here and the Pacific coast, where some of the thrills of the production are to be filmed.

FOOTBALL

Spokane, Wash., Nov. 27.—Notre Dame will play the Oregon Agricultural college at Portland Christmas day.

Acceptance by Notre Dame of the invitation extended by O. A. C. to three eastern teams was announced here today by Manager Jimmy Richardson, of the O. A. C. team, here to play Gonzaga today.

Syracuse and the University of Illinois declined to come west.

SUGAR SEARCH IS ON.

Spokane, Wash., Nov. 26.—Because Lewis Atrom, arrested yesterday afternoon for making illicit whiskey, told police how that he could "get a carload of sugar if he wanted it by paying a premium of a dollar a sack," federal authorities today are conducting a city-wide probe.

Melvin T. Solve, instructor in the department of English at the University of Oregon, arrived in Salem last evening for a short visit with friends.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital, thousands of men suffer from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up to date drug store and get some Nicotol tablets; take them as directed and lo; the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. Women, Here Is A Money Saver

Save five to ten dollars quickly by dry cleaning everything in the home just as easy as laundering. You can dry clean suits, coats, waists, silks, linens, gloves, shoes, furs, draperies, rugs, men's clothes—everything that would be ruined by soap and water. Place a gallon or more of gasoline in a kerosene or wash boiler, then wash in the things to be cleaned and wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. No pressing needed. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning costs but a few cents at any drug grocery or department store. Dry clean away from flame or out of doors. (Adv.)

EYES OF FOOTBALL FANS FOCUSED UPON CLASH AT SEATTLE

Chief interest in footballdom on the Pacific coast today centers in the clash between the eleven of the University of Washington and the University of California at Seattle, for on the outcome depends largely the selection of the western team which is to play in the annual gridiron classic at Pasadena, New Year's day.

Between the winner of today's contest in the Puget Sound city and the University of Oregon team lies the choice and, should California drop the purple and gold, it is likely that the Berkeley school will play the New Year's engagement. And this because no California college team has ever yet had the honor of representing the west in the big event, while the northwest has been represented by both Oregon and Washington State college.

Washington is hoped to be the winner today, however, and a victory for them will make the selection a difficult one for the officials down south. Oregon will, however, have the edge, having defeated the Seattle lads in their clash three weeks ago.

Aside from this battle there are no stellar games to be played today on the coast. O. A. C. meets Gonzaga in a secondary game and Stanford and the University of Southern California clash at Los Angeles.

While it will have no bearing on the relative standing of the college teams the game between Oregon and Multnomah club, at Portland, is attracting some attention. The Eugene warriors are credited with one win over the clubmen already this season and are expected to repeat without much trouble.

Jefferson One County Too Hot For Agitators

The climate of Jefferson county is too warm for the "reds" according to H. C. Topping, justice of the peace for the town of Culver, who writes Governor Olcott to assure the executive of his hearty cooperation in the move to rid Oregon of radicals.

"We are not looking for any trouble here in the sage brush but if any I. W. W. or 'red' wants to start anything they had better figure before hand where they are going to land for we will not stand any foolishness," Topping writes. "There were a couple of I. W. W. here this summer. They came here with the idea of starting something but when they found what they were up against did not stay long and hit for Frisco."

Topping declares that he and his friends are ready any and all times to aid the executive office in any way possible in the campaign against the "red" menace.

NEW DOG TAX LAW IS EFFECTIVE JANUARY 1

The tax on all dogs in Oregon over the age of eight years imposed by action of the last legislature becomes due and payable January 1 according to an opinion prepared Wednesday by I. H. Van Winkle, assistant attorney general, in reply to a query from Max Gehler, district attorney for Marion county.

The tax is fixed at \$1 for male dogs and \$2 for female dogs and failure to pay the license means death to the dog, the law providing that dogs found running at large without collars and license tags shall be shot by the sheriff, chief of police or constable.

Payment of the tax entitles the owner of the dog to a license, a metal tag bearing the year for which the license is paid and a number corresponding to the number on the license and a leather collar. The collar and the metal tag are to be worn by the dog as evidence that the license has been paid.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back is Aching or Bladder Bothers, Drink Lots of Water and Eat Less Meat

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will set fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.
