

### LADY NANCY ASTER ELECTED TO COMMONS BY 1000 MAJORITY

Plymouth, Eng., Nov. 28.—Lady Nancy Astor has been elected to the house of commons, it was announced officially today.

The official announcement showed the following vote:

Lady Astor, 14,496; Gray, 9292; Foot, 4139.

Lady Nancy's majority was 1064—almost 4000 less than she had predicted.

The official result was announced from the balcony of the town hall. Lady Astor succeeds to her husband's seat in the house of commons.

Election of the American born "Gibson girl" who, before her marriage was Nancy Langhorne, a famous Virginia beauty, was the signal for a holiday.

Lady Nancy's opponents were Isaac Foot, liberal, and W. T. Gay, laborite.

The bye-election resulted from succession of Viscount Waldorf Astor, former M. P. from the Sutton district, to his father's title upon the death of the elder viscount. Lady Nancy, after urgent solicitation from her friends, agreed to enter the race for her husband's seat as the first woman candidate ever to ask for membership in the commons.

Following announcement of her election Lady Nancy received from the mayor a certificate of election which has to be lodged with the speaker of the house of commons before a seat can be taken in the "mother of parliaments."

Since parliament is in session, Lady Astor may be able to assume her seat Monday, December 1.

Delay in announcing the result of the election was caused by a new election law passed last year to enable votes of soldiers abroad to be registered.

### Individuals Lose Rights As Result Of Great War

By Henry Wood

(United Press Staff Correspondent.)

Geneva, Switzerland.—(By Mail.)—In the efforts of the peace conference to reweave the torn political and social fabric of Europe only nations have been considered to date.

The rights of individuals have not even been mentioned.

And yet, Switzerland, for example, today is filled with individuals from every overturned government of Europe, each one of whom has legal and moral claims against some government that has either disappeared or is being reformed.

Until these claims can be re-established these individuals are tiny bits of shipwreck on the turbulent sea of European political and social life. Some are without means of existence; some are without country or nationality; some are without legal or civil rights.

In many cases their respective rights ceased to exist when some government disappeared or was succeeded by another. More often the new government refused to accept the obligations of the old one and thousands of individuals were thus left stranded.

Why do people use more poor tea than good tea?

Poor tea costs less per pound. So they think they're saving money. No, they're not. Fine tea is cheaper—there are so many more cups to the pound.

**Where Can I Find Relief From Itching, Terrifying Eczema?**

Question on Lips Afflicted.

There is a harassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local application of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain.
