

### SALARY INCREASE IS NEEDED TO KEEP LOW

If the city will grant him an increase, bringing his salary to \$150 a month, Street Commissioner Walter S. Low said today that he would remain on the job. When several better positions with more salary were offered him, Commissioner Low said that he probably would accept. But his desire to help the city, and his present knowledge of the work of the office, caused him to decide to remain with the city providing the council will grant him an increase.

At a recent meeting of the council when the 1920 budget was being considered, the body made provision for the raise as an inducement for Low to remain in the office.

If he continues in the office he will enter on his fifth year as street commissioner January 1. No one has held the place so long before, and no former incumbent is said to have been more familiar with the duties of the office than Low.

### THREE GUARDSMEN TO GET APPOINTMENTS

Three members of the Oregon National Guard will be selected for entry into the West Point military academy under the new apportionment instead of two as originally fixed by the former apportionment, according to advices received by Governor Olcott, today, from P. C. Harris, adjutant general of the United States. Inasmuch as it has been found that some states have no national guard organizations recognized by the federal government, that some fall far short of their authorized quotas and that others have a full organized guard it has been decided to redistribute the number of candidates allowed for entrance into West Point at this time on the basis of the actual enlisted strength of the recognized guard organization of the several states the letter states. The apportionment of candidates for West Point will be made by the governor based upon the results of examinations to be conducted in the various units of the Oregon guard.

### "MIRACLE MAN" CAST GOOD

The cast assembled by George Loan Tucker, producer of the Paramount Art craft picture, "The Miracle man" which plays the last time at the Oregon theater tonight, includes several of the foremost players in the film world. Thomas Meighan, who enacts the chief role of Tom Burke, is an actor of unusual ability. Betty Compson, who plays the exacting part of Rose, is considered one of the most promising young actresses of the screen. Others in the cast are Lon Chaney, J. M. Dumont, W. Lawson Butt, F. A. Turner, Lucille Hutton, Elinor Fair and Joseph J. Dowling.

### Supply Of Jobs For Workless Under Demand

The labor situation in Salem is growing acute. There are no jobs, and dozens of men are coming to the city in quest of employment. At the municipal labor bureau this morning before nine o'clock a half dozen men were turned away without positions. Only two prospective places were open, and the first two men who arrived were given these.

Up to two weeks ago the bureau was able to place every man wishing work in a job. With highway work at an end for the winter months, and building ceasing, jobs have become few; and where many men were placed in orchards no places are open now.

Several citizens, realizing that some thing must be done, are working on a plan to establishing a municipal wood yard, where the most needy may work and in return receive lodging. Whether this will be carried out has not been decided yet.

### Spokane Covered By Heavy Fall Of Snow

Spokane, Wash., Nov. 28.—Following the coldest weather since last January yesterday when the thermometer fell to seven above zero, snow began falling last night and today had covered the city with a heavy blanket.

### MIDDLE WEST FIGHTS COLD WITHOUT COAL

Chicago, Nov. 28.—Bituminous coal consumers of the middle west today started tearing down the coal bin to use it for fuel.

With the first real snowstorm of the year covering central western states, many reports were received of tearing down outhouses and other old buildings to use the lumber for stove wood.

Industrial plants shut down for Wednesday night until Monday morning in several cities, to conserve the rapidly dwindling supply of coal. Train service was cut to the minimum.

The snowstorm which covered an area from Canada to Arizona and from Chicago to the west slope of the Sierra Madre mountains, demoralized wire service and tied up transportation.

### Washington Defeats California At Seattle

Seattle, Wash., Nov. 28.—Plowing through a sea of mud, Washington defeated California here yesterday before 15,000 fans, 7 to 0.

The only score of the game came in the early part of the third quarter when Sprott of California dropped a punt on the Bears' own 16-yard line, George Smith, Washington end, falling on the ball. A series of line smashes through the left of the line brought the ball to the one-yard line where Fullback Thelson carried it over. An easy goal was kicked.

California threatened in the third period when they carried the ball to Washington's 15-yard line two passes and an attack through left tackle, Tomay attempted a field goal from the 20-yard line that went wide. California was never dangerous after that.
