

DREDGING COMPANY MUST PAY DAMAGES ORDERED BY COURT

The verdict of the Baker county district court which ordered the Powder River Gold Dredging company to pay damages in the sum of \$15,000 to Thomas Bessler for the destruction of improvements on his property and for destroying a three acre tract of land through dredging operations, is affirmed in an opinion handed down by the Oregon Supreme court today. The damages include the value of gold taken from the land less the cost of the dredging operations.

Other opinions were handed down as follows:

Oregon Engineering & Construction company vs. City of West Linn, et al, appellants; appeal from Clackamas county; action to recover money. Opinion by Justice Benson. Decree of Judge J. U. Campbell modified by deducting small amount from judgment. Carrie May Goyen vs. J. A. Truacy et al, appellants; appeal from Union county; action to recover money. Opinion by Justice Benson. Decree of Judge J. U. Campbell modified by deducting small amount from judgment.

Mary Edward Merges vs. Ernest E. Merges, appellant; appeal from Clackamas county; controversy relative to custody of child following divorce. Opinion by Justice Burnett. Judge J. U. Campbell reversed.

Ellis C. Bonan, appellant, vs. E. E. Harder, appeal from Baker county; appeal from decree following court dismissing action to recover money. Opinion by Justice Burnett. Judge Gustave Anderson affirmed.

Miller Lumber company vs. George Davis, appellant; appeal from Deschutes county; action to recover money. Opinion by Justice Harris. Judge T. E. J. Duffy affirmed.

Rehearing granted in Pierrard vs. Hoch.

Rehearing denied in Hurst vs. Larson.

TOYS FOR POLISH TOTS ASKED; RED CROSS BUSY

A pathetic appeal has been received at Red Cross headquarters from the division in Paris, requesting toys for the children of Poland, the Balkans and the Near East. An unlimited quantity is needed and will be distributed through Red Cross channels with the greetings and compliments of the American children. Junior Red Cross members all over the United States are making or collecting toys, carrying their greetings and suggesting a reply. The present plan is to ask for deliveries on March 1, 1920, at the division warehouse, Westlake and Roy streets, Seattle, of toys ready at that time, and for a second delivery on May 1, 1920. Precise directions regarding and crating are being prepared.

MANY APPLICATIONS FOR LICENSES WRONG

Out of approximately 8,200 applications for 1920 motor vehicle licenses received by the secretary of state's office to date, 1,935 have been returned for corrections because of failure of the applicants to use proper care in filling in his blanks. Motor vehicle owners are urged in a statement issued by Sam A. Koser, deputy secretary of state Monday, to use greater care in preparing their applications in order to expedite the handling of the immense volume of business which will confront the automobile registration department between now and the first of the year.

Berlin—(By mail)—The German thinks liberty is gone in America with prohibition. This idea was set forth on a local cartoon depicting the Goddess of Liberty, New York, taking a drink and saying, "Now, quickly, another swallow and then—freedom, adieu."

Sir Walter Scott
Planned his Novel while he shaved
IN his diary, Sir Walter Scott reveals that his best thoughts came to him during the shaving hour, just after he awoke. Even in his greatest prosperity, the famous author of "Marmion" always performed this homely task himself, considering it a "hardy and independent personal habit."
And this lovable, simple country gentleman used a razor which rewarded his skill—that old time model whose perfect balance made it seem part of your own hand—a long, keen blade that came to your cheek at only one—the right—shaving angle. All that fine old razor needed to make it a perfect shaving tool was a double-edged, guarded, detachable blade of the

DURHAM-DUPLEX
A Real Razor—made Safe
Lay this real-razor-made-safe against your cheek. It feels as comforting and shears as smoothly as the old-time blade—only—it won't cut your face. And because it has two edges, it naturally doubles your blade mileage. In addition it has the longest, strongest, keenest, best-tempered blade on earth—a blade that you can detach and stop or hone and use money. These vital improvements, which hitherto have been the best razors have led seven million men to change to the Durham-Duplex razor made safe. Why not have extra conveniences for yourself?
