

SPRAYING MUST BE DONE TO SAVE COUNTY APPLES

In order to stem the increase of anthracnose, or the apple tree cancer that is causing much damage in orchards in all parts of the county, S. H. Van Trump, county fruit inspector today warned growers that unless they spray, or take other steps to check the disease, the crop for next season would be virtually ruined. In speaking of the situation he recommended that all apple growers spray their trees this winter with the Bordeaux oil emulsion spray—a mixture said to be the only certain one to kill the canker.

This emulsion spray was evolved by Dr. C. A. Marston, commissioner for the fourth district, state board of horticulture.

The method of preparation is as follows: Prepare the copper sulphate solution in the usual proportions of one pound to the gallon of water, dissolve one and one-half pounds of common glue in one and one-half gallons of water, slack twelve pounds of lime, or six twelve pounds of hydrated lime in water at time of using. Fill a 200 gallon spray tank three-fourths full of water. Four twenty four gallon of limestone solution into the tank, start the agitator and add the lime milk slowly until a neutral solution is had. Test with litmus paper to tell when the solution is neutral. Add the one and one-half gallons of glue solution. Measure out twelve gallons of the General Chemical company's No. 1 oil emulsion, or a corresponding oil emulsion, add a little water and stir until emulsion is started as shown by the mixture turning milky. Pour into the spray tank and add water to make 200 gallons. The agitator must be kept running during the whole process. The spray should be applied as soon as prepared.

Flour To Be Sold To Retail Merchants At \$10.25, Report

Portland, Or., Dec. 5.—United States grain corporation flour will be made available to retail purchasers in Portland and everywhere else in the United States at 10.25 a barrel, packed in 49 pound jute bags, according to a statement issued today by Max H. House of Portland, second vice-president of the grain corporation.

An increase in flour and bread consumption, shortage in wheat crops and other causes are ascribed for the rapid increase in flour costs.

NEW BOOKS AT THE CITY LIBRARY.

The following new books have been placed in use at the library:

"Biology of war," written by Dr. Nicolai, professor of physiology in Berlin university, who suffered imprisonment and exile because of it.

"The reptile book," a comprehensive, popular work on the structure and habits of turtles, tortoises, crocodiles, lizards and snakes of the United States. Illustrated with colored plates, by Raymond L. Ditmars.

"Tales of fishes" by Zane Grey.

"The twentieth century theater," observations on the English and American stage of today by William Lyon Phelps.

"History of the Studebaker corporation" by Albert Erskine.

"How animals talk" and other peasant studies of birds and beasts by William J. Long, beautifully illustrated in color.

"Saint Joan of Arc" by Samuel L. Clemens.

"The evergreen tree," a masque of Christmas time for a community celebration, written by Percy MacKaye.

"The song of three friends," a historical tale in verse of the fur traders along the Missouri, by John Neihardt.

"Twenty six clues" a novel by Isabel Ostrander.

"Azure rose," a novel by Reginald Wright Kauffman.

"Busy, the life of an ant," by Walter F. McCaleb.

"Our little Finnish cousin," by Clara V. Winlow.

"Progressive road to reading," book 1 and book 2.

The library has posted on the bulletin board in the reference room a bibliography of recent articles on "teachers' salaries."

COCHRAN CONFIDENT OF MATCHING CHAMPS

London, Dec. 5.—Promoter Cochran today declared his confidence of matching Jack Dempsey, world's heavyweight champion, with Georges Carpentier, European champion, for a fight before the Olympia club here June 7.

"I have just received a cable from Jack Kearns, manager of Champion Dempsey," Cochran said. "He assured me that my offer would be considered first and I feel the deal is virtually closed. The fight will be held next June 7 at the Olympia. I am starting for America immediately and am taking with me enough money to induce Dempsey to make the trip to London for the fight. Although Kearns said he would rather have the fight in America, he expressed his willingness to come over here."

DEMPSEY STILL OPPOSED TO STAGING BIG FIGHT ABROAD

Los Angeles, Cal., Dec. 5.—Jack Dempsey, in the midst of moving from Los Angeles to a temporary home in Hollywood, could not be reached early today with regard to the offer of Promoter Cochran in London for a fight with Carpentier. Last night, however, Dempsey and his manager declared they expected to meet Carpentier but denied that any agreements had been made. Both said that the National Sporting club was interested in such a bout and New Orleans promoters also had talked with them.

Dempsey, both in public and private, has made it clear that he wants to fight in this country, feeling that a challenger should come to the title holder for a chance at the world's crown. Dempsey frankly says that money is an important factor and that the promoters must talk in good round figures.

BOXING

San Francisco, Dec. 5.—Harry Wills is out today looking for more heavyweights to conquer—and for more easy money. The big New Orleans negro gave Ole Anderson of Tacoma a thorough beating last night at Louie Parnes' show. There were no protests when Referee Hanlon stopped Wills' murderous attack in the third round.

In the clinches Wills deliberately landed with his right over Anderson's heart time after time with a "chick" that started out near the ropes behind him. By sticking after the second round Anderson demonstrated his gameness.

When Hanlon saw Anderson's second would not throw in a towel, he ended the fight. Anderson sat in his corner for some time before he ventured from the ring.

Chicago, Dec. 5.—Johnny Myers defeated Kid Breen in two straight falls in a wrestling match here last night.

Extension Of Lever Act Into Peace Time Pends

Washington, Dec. 5.—Extension for six months after peace of the Lever act giving the government war time power over sale and distribution of food and fuel will be granted only if

conditions—after peace is declared—warrants it, Chairman Hangea of the house agricultural committee said today.

"With the coming of peace the people may rightfully expect no further governmental interference and unless conditions warrant there will be no extension," he declared.

The department of justice wants the extension on the ground it is needed to prevent profiteering.

Featuring the beautiful Armenian refugee Aurora Mardiganian, herself Sole survivor of half a million Christian Armenian girls, in her own story of two years in Kurdish slave markets and Turkish harems.

LIBERTY

STARTS SUNDAY---4 DAYS

DENVER RATIONS COAL

Denver, Colo., Dec. 5.—Denver started on a coal ration basis today for the first time since the signing of the armistice. In compliance with a proclamation issued by Acting Mayor Lowry, two hours were chopped off the regular business day; theaters and motion picture houses are closed until 2:30 p. m. and must conclude their performance by 10:30 with only two matinees weekly. Electric signs are off the job indefinitely and moonlight has replaced arc lamps throughout the residential district.

In its report to the circuit court at Hood River, the grand jury recommended a speedy return of capital punishment for persons convicted of murder in the first degree.

The Expression of the Artist

You've heard piano players—good, bad and indifferent. Nothing is so thoroughly enjoyable to a lover of music as a beautiful composition artistically rendered. Nothing is quite so distressing to the sensibilities as discordant notes and expressionless drumming.

Everyone and anyone can faithfully produce the composer's genius and the artist's touch on one of these Player-Pianos. A child or a novice can perform with a master's execution. Then, too, one of these fine instruments is a wonderful decoration to the home—a Christmas gift of enduring pleasure, entertainment and luxury.

Remember we carry exclusively the Sherman, Clay & Co. Steinway, Weber and others You can acquire one today on our easy payment plan.

COMPLETE HOUSE FURNISHERS

LIFE INSURANCE MEANS THAT ANY MAN OR WOMAN CAN purchase an estate by paying a very small rate of interest annually for a number of years not to exceed twenty.

A Ten Thousand Dollar policy would require the insured to deposit in the Savings Bank a sum which would average about 3 per cent according to age for the purpose of paying the annual premiums for, not to exceed 20 years at the end of which time the policy becomes fully paid up. Can any one buy any other kind of an estate on the above terms?

The above policy pays \$10,000 for natural death; \$20,000 for accidental death; \$1000 a year and the cancellation of the annual premiums in case of disability and still pays the face of the policy at death regardless of the number of years the insured has drawn the annual income and had the premiums cancelled. You can readily see that it is possible for you to pay one annual premium and through disability live to draw twenty or thirty thousand dollars as an annual income and your beneficiary or estate draw \$10,000 at your death.

"If" you live the full 20 years and nothing happens, you have had 20 years protection and you have saved every cent of the money paid to the company and you will have made about 4 per cent compound interest and maybe more and you can then take an annual income for life or you can take a paid up policy which will continue to earn dividends for the balance of your life or you can cash in on the policy. The matter can be optional with you.

The best business men consider their Life Insurance policies as their best investments. It is a protection to their business as well as affording protection to their loved ones.

Any time is a bad time to die "if" your affairs are not in shape. Should it become necessary for you to go into debt then it is simply a matter of good business to cover the amount of your indebtedness with Life Insurance. Then you are not in debt for should you die suddenly your insurance will pay your debts.

Our most successful financiers and business men over the United States are carrying Life Insurance for one reason now "if" for no other, namely, —to provide a fund sufficient to pay Federal and State Inheritance Taxes.

There was a time when men carried the risk of fire, accident and death themselves. Then it was the man who carried large life insurance who was criticized. Now it has become almost a universal custom to insure. Now the man who does not carry adequate fire and life insurance is the man who is criticized. There was a time when banks did not encourage men to carry Life Insurance. Now, most all banks encourage men to insure.

Life Insurance companies are considered the safest financial institutions in the world. The Mutual Life of N. Y. is the oldest, old line company in the United States and classed as safe as the safest. No advertisement can tell you all about Life Insurance. You may think you can save your money and leave a greater estate, but 85 men out of every hundred who do not insure die paupers and the other 15 will generally admit before death that they would have been wiser had they taken insurance.

Information furnished free at The Mutual Life Office, 371 State street, Salem, Oregon.

J. F. HUTCHASON, District Manager.
