Dallas Legion To Observe Sailing Date With Dance

Dallas, Or., Dec. 6.—To commemorate their sailing date from this country for France on December 11, 1917, the Carl E. Fenton post of the American Legion will give a ball dance in the Dallas armory. The affair promises to be one of the most pleasant social events of the season and invitations have been sent to members in all parts of the county inviting them to be present that night. The armory has been tastefully decorated during the past few days by members of the Legion, who have spared no pains to make the evening enjoyable for those attending.

Special Travel Permit May Be Needed For Harvard Team

New York, Dec. 6.—A special travel permit from the railroad administration in Washington may be necessary before transportation will be sold for the Harvard football squad's proposed trip to the Pacific coast, in the opinion of officials in the office of A. T. Hard, in eastern regional director, decided today.

"It certainly will be the policy of the administration to discourage all unnecessary travel during the present crisis," one official said.

The football trip could hardly be classed as "necessary" he believed.

At a special meeting of the newly formed Bayocean road district in Tillamook county it was decided to vote a special road tax of 10 mills.

MILL OPERATIONS STILL LIMITED BY SHORTAGE OF CARS

Lumber operations in western Oregon and western Washington continue to be hampered by the car shortage that has prevailed for the last two or three months and that seems to be growing worse instead of better.

A number of prominent mills are out of the market entirely because they cannot get enough cars to ship the orders already on their books; others are closed down entirely. This latter circumstance reduced production at the 125 mills contributing to the West Coast Lumbermen's association report last week to 76,819,215 feet which was 11.67 per cent below normal.

The trade is clamoring for lumber for all kinds of building and construction purposes; despite the withdrawal of many mills from the market orders booked by association mills for the week aggregated 90,379,722 feet, orders being 12,666,567 feet above production.

On account of the scarcity of equipment shipments for the week were reduced to 60,122,984 feet of which 8,192,528 feet were moved in the domestic cargo trade, 5,297,717 feet were exported and 2,911,725 feet delivered locally. The balance of 42,720,000 feet or 1424 cars was moved by rail.

But at the same time the mills accepted orders for 2387 cars of new business, bringing the total volume of undelivered rail orders at these 125 operations up to 12,779 cars, or 283,370,000 feet.

This, with an unshipped balance of 79,566,000 feet in the domestic cargo trade and 20,922,000 feet in the export trade gives the group of 125 mills contributing to last week's report a total of 484,969,000 feet of unshipped business. With the chronic scarcity of shipping and the continued scarcity of cars this figure threatens to grow.

ALLIES DETERMINED HUNS NOT TO BENEFIT

(United Press Staff Correspondent.) London, Dec. 6.—Great Britain and France are determined that Germany shall not benefit from America's hesitancy in ratification of the peace treaty, it was learned authoritatively today.

Should Berlin continue to offer objections to the terms of the protocol for enforcement of the treaty, it will only result in "tightening the screws" on her, according to reliable information from foreign office sources.

From other allied sources it was pointed out that if the United States finally rejects the treaty it will furnish the British and French the opportunity to enforce the terms to suit themselves.

ANNUAL POLK COUNTY BUDGET ANNOUNCED

Dallas, Or., Dec. 6.—The Polk county commissioners court in session in Dallas this week made up an estimated budget for the running of the county during the coming year and recommended that there be levied upon the property in the county liable for taxation the sum of 21.6 mills on the dollar.

The probably receipts of the county during the coming year has been placed at \$7000. Amount of cash on hand in general fund and general road fund is \$30,000. Total amount to be raised by taxation \$273,794. Total amount to be raised in general fund, including state tax, state market road fund and including the state apportionment and interest on bonds is \$154,994. Amount to be raised in common school fund and library fund \$48,800. General road fund \$70,000.

The county court estimates that it will take at least \$310,794 to operate the county during the coming year. The following is a statement showing:

Colleges Agree On Timely Topic To Debate After Xmas

By agreement between the three colleges, the subject of the triangular debate between Willamette university, Pacific university and McMinnville college will be, "Resolved, That the United States should secure a mandatory control of Mexico."

As this will also be the subject for the inter-class debates at Willamette, the candidates for the class teams are already gathering material. The teams must be picked before the Christmas vacation, so that they may prepare
