"Y" ENTERTAINS 200 BOYS AT BIG BANQUET

More than 200 boys gathered at the Y. M. C. A. yesterday afternoon to enjoy the celebration incident to the inauguration of the big membership campaign about to be launched in the city. Gymnasium games, preceded by a plunge in the swimming tank, opened the afternoon's entertainment. O. J. Hall, physical director, was in charge of this phase of the affair. The banquet followed, such a banquet as only men who have not forgotten that they were boys once themselves, could prepare.

The program was next in order, and was an excellent one. A song service, led by H. N. Aldrich, was followed by a number of whistling solos by Miss Bertha Clark, mystic stunts by E. Cooke Patton, and lectures by Harold Cook, Boy Scout executive and Dr. E. E. Fisher.

Clifford Smart, who has recently been discharged from the navy and has taken up his duties here as director of the boys work in the organization, plans to organize clubs and classes and a year of unusual activity is promised members of the Y. M. C. A. during 1920.

SLEEP-WALKING OF CHARMING YOUNG WOMAN PLOT CENTER OF SCREAMING FARCE COMEDY

MISS NORTON AND A. DEEN COLE IN THE BIG LAUGH PLAY "SHE WALKED IN HER SLEEP" AT THE GRAND OPERA HOUSE FRIDAY, DECEMBER 12.

"She Walked in Her Sleep," a farce by Mark Swan, will be offered the theatregoers at the Grand Opera House, Friday, Dec. 12.

The fun found in "She Walked in Her Sleep" centers about the dauntless of a charming lady, whose habit of sleep-walking causes a world of merriment for all observers and a great deal of trouble for all those concerned in its story. The scenes are laid in a fashionable hotel, through the corridors and apartments of which this beautiful young woman departs herself, clad in only a most fetching night-gown of pink silk and a large picture hat. While in a somewhat fantastic state she enters the apartment of a young married couple and makes away with a bottle containing a powerful high explosive. A great many amusing situations arise in which the young husband has difficulty in explaining the presence of the young lady in his apartment and little by little the entire cast becomes mixed up in various adventures. Fortunately, like all good plays, the author has been kind enough to extricate all the characters from rather embarrassing positions and "Hubby" is again reinstated in the affections of "Wife" and his mother-in-law. The cast is metropolitan, prominent being such well-known farceurs as Eugene Dezanoff, Paul Nicholson, Norman Houston, Aesch Cole, John Maurice Sullivan, Teresa Dale, Agnes Jepson, Francis Williams, Miss Norton, and Margaret Phillippi.

Rarey to Head Varsity Team Next Season

Russell Rarey, fullback of Williamette university's 1919 football team, was elected captain for next year at a meeting of letter-men yesterday. Rarey has played on the team two years, playing in 1917. In addition to being a star in athletics, Rarey is a popular man in the university, and his selection as captain meets with the approval of the students. He has also played basketball two years. The cap offered by Hauser Bros. to the most valuable member of the squad who did not win a letter, was awarded to Bernard Ramsay by a vote of the team. Ramsay played a large part of the season, and played almost enough to win a letter. He is one of the hardest workers on the squad, and in two games continued to play, although severely injured. Letters will be awarded to Rarey, Basler, Day, Wilson, Brown, Wapato, Tobias, Lawson, Zeller, Irvine and Dinick.

Mrs. T. T. Smith Gains 30 Pounds

After Taking Taniae Feels Better Than in Fifteen Years

"I can certainly recommend Taniae for it was six months ago that it entirely overcame all my fifteen years of trouble and today I am still in perfect health," said Mrs. T. T. Smith who lives at the corner of Stanton and Alameda streets, Los Angeles, Cal.

"Before I began taking Taniae I had suffered so long that I didn't think I would ever get anything that would help me but now I am feeling better than I have in fifteen years and have actually gained thirty pounds in weight, why it seems almost too good to be true. I was in an awful condition with no appetite to speak of and indigestion gave me so much trouble that I was really afraid to eat anything for I knew if I did I would be troubled with gas and pains in my stomach for hours afterwards. Sometimes the pains were so bad I could hardly bear for my clothing to touch me, and at night they were even worse and I would have to get up and drink hot water or eat a cracker before I could get relief and go to sleep. I lost so much sleep that I began to fall off in weight and I got so weak that all the time I went around feeling tired and worn out. You can imagine that after all the long years of troubles when every medicine and treatment I had tried failed to do me any good I was very blue and discouraged.

"But at last I started taking Taniae as I had read so much about it, and to my surprise I began to improve almost at once and that encouraged me so that I kept on taking it until all my troubles had left me. I eat anything I want without even being troubled in any way with indigestion and I am so much heavier that I have had to make nearly all my clothes over. I feel refreshed and I can do my housework with ease now. Everyone of my friends have spoken of how well I look and as I haven't

taken a dose of any kind of medicine since Taniae restored me to complete health six months ago I know that all my troubles have left me forever."

Taniae is sold in Salem by Tyler's Drug Store, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Corodius, in Woodburn by Lyman H. Shorey, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Stores Co., in Donald by M. W. LIFE INSURANCE MEANS THAT ANY MAN OR WOMAN CAN

purchase an estate by paying a very small rate of interest annually for a number of years not to exceed twenty.

A Ten Thousand Dollar policy would require the insured to deposit in the Savings Bank a sum which would average about 3 per cent according to age for the purpose of paying the annual premiums for, not to exceed 20 years at the end of which time the policy becomes fully paid up. Can any one buy any other kind of an estate on the above terms?

The above policy pays \$10,000 for natural death; \$20,000 for accidental death; \$1000 a year and the cancellation of the annual premiums in case of disability and still pays the face of the policy at death regardless of the number of years the insured has drawn the annual income and had the premiums cancelled. You can readily see that it is possible for you to pay one annual premium and through disability live to draw twenty or thirty thousand dollars as an annual income and your beneficiary or estate draw \$10,000 at your death.

"If" you live the full 20 years and nothing happens, you have had 20 years protection and you have saved every cent of the money paid to the company and you will have made about 4 per cent compound interest and maybe more and you can then take an annual income for life or you can take a paid up policy which will continue to earn dividends for the balance of your life or you can cash in on the policy. The matter can be optional with you.

The best business men consider their Life Insurance policies as their best investments. It is a protection to their business as well as affording protection to their loved ones.

Any time is a bad time to die "if" your affairs are not in shape. Should it become necessary for you to go into debt then it is simply a matter of good business to cover the amount of your indebtedness with Life Insurance. Then you are not in debt for should you die suddenly your insurance will pay your debts.

Our most successful financiers and business men over the United States are carrying Life Insurance for one reason now "if" for no other, namely, to provide a fund sufficient to pay Federal and State Inheritance Taxes.

There was a time when men carried the risk of fire, accident and death themselves. Then it was the man who carried large life insurance who was criticised. Now it has become almost a universal custom to insure. Now the man who does not carry adequate fire and life insurance is the man who is criticised. There was a time when banks did not encourage men to carry Life Insurance. Now, most all banks encourage men to insure.

Life Insurance companies are considered the safest financial institutions in the world. The Mutual Life of N. Y. is the oldest, old line company in the United States and classed as safe as the safest. No advertisement can tell you all about Life Insurance. You may think you can save your money and leave a greater estate, but 85 men out of every hundred who do not insure die paupers and the other 15 will generally admit before death that they would have been wiser had they taken insurance.
