

A "Business Man" President

(From Collier's.)
 A business man for president? We all wonder. Did the war show that the business man was always equipped with the breadth of vision—even that breadth of vision needed to make him a good executive when acting in a new field of endeavor?
 Those who were in Washington during the war saw a succession of men with big names summoned, answering the call with fine spirit, and come loomed. Some had been pushed to corporation and banking submits by the good fortune that sometimes is hand maiden to mediocrity; others had climbed by the application of intense specialization; only a handful proved to be big men.
 The rest fell down. Their shortcomings were the shortcomings of intense specialists; they were men often superb as captains of the great ferry routes of salesmanship, factory management, promotion, banking and distribution, but some were pathetic figures when they did their sincere best

to appear on the ship's bridge as navigators for deep sea voyages and new enterprises.
 As the curtain descended upon the act of the dollar a year headliner, a her feet, a poet was preparing a new map of Italy, a doctor was the strength of France, a physician was planning the future of the continent new world upon a typewriter.
 Perhaps we need a business man and perhaps not. He might have the ability to run a bank or a railroad, or to distribute rations to all the mouths in the world, and yet make as bad a president as we have ever had. Padlewski, d'Annunzio, Clemenceau, Gotos, Wilsons, do not grow upon every bush of the arts and letters. Nor are good presidents to be made exclusively from the square jawed, organization chart, efficiency specifiers through American commercial success which sometimes travels in a narrow, narrow rut.

CHURCHES PLAN TO SAVE CUBA FROM BEING MONTE CARLO

New York, Dec. 18.—George S. Inman, secretary of the interdenominational committee of the churches, announced last night that the organization had just launched a campaign to prevent Cuba from becoming "the Monte Carlo of the western world and the oasis of the North American Sahara." Incidentally, Leopold Dolz, Cuban consul general in New York, denied the island was becoming such an institution.
 English speaking residents of Cuba, Mr. Inman said, are ready to contribute \$100,000 for the campaign and church organizations throughout the United States will be asked to contribute.
 "A definite attempt is being made to make Cuba, especially Havana, the Monte Carlo of the western world," he declared. "The winter season in Cuba generally is gay, but this year efforts will be made to add new attractions. Horse racing and other forms of gambling and worse will be in full blast."
 "The home mission boards of the churches of the United States must take steps at once to set up an evangelical center in Havana to combat the evil that will be let loose in that city. The better element of the island realizes the danger of the winter season as planned."
 Mr. Inman said 85,000 Americans had applied to the state department for passports to Cuba for the winter season and that by January 1 the number would exceed 100,000.

Pratum News Notes.

Pratum, Dec. 18.—Rev. and Mrs. Ashlman and daughter, Miss Beulah Ashlman, who have been visiting friends at Pratum, have started for California. They will spend a few days at Albany with friends, and then will proceed directly to California.
 A few Pratum people attended the anniversary celebration of the Deaconess hospital in Salem last Tuesday.
 Several of the Pratum young people who have been attending school in Salem, are home for a short vacation.
 The Pratum school was closed Wednesday, Thursday and Friday of last week, owing to the inclement weather, but reopened Monday with full attendance.
 Ice, from eight to ten inches deep, covering the mill pond, afforded a few weeks skating to the young people of Pratum and surrounding communities.
 A small horse shed, attached to the blacksmith shop collapsed, owing to the weight of snow upon it. The owners of several other buildings shoveled the snow from the roofs to prevent them from also collapsing.
 Many farmers are reporting the loss of potatoes and apples from freezing. Several farmers set up stores in their store houses to prevent their potatoes from freezing.
 Miss Minnie Schaller spent the week end at her home in Salem.
 J. C. Currie has returned home after a brief business trip.

Cat Saves Baby By Battling With Snake

Galena, Kan., Dec. 19.—"Tabby," a black and white house cat, the playmate of Teddy White, infant son of Mr. and Mrs. J. H. White, of Salem, came nobly to the rescue recently when a large black snake approached the baby carriage in which Teddy was slumbering peacefully on the lawn of his parents' home.
 Mrs. White, hearing a commotion in the yard, rushed to the door and saw the baby on the ground with two snakes whirling bodies within a few feet of him.
 After rescuing Teddy, Mrs. White turned her attention to the battle, which was short lived, as Tabby suddenly sank her teeth into the reptile's head and won, "ace high."
 The snake measured five feet two inches.

No Sugar Bids Received For State Institutions

No proposals to supply sugar for state institutions were contained in bids for supplies opened by the state board of control Monday. This omission is supposed to be due to the inability of wholesalers to supply this commodity at this time. Figures submitted yesterday indicate a stand-off in the cost of living as compared with the figures of last June. While

some supplies have increased in price others show decreases, notably in the case of bacon and smoked hams. The contract for the supplies will not be awarded until the bids have been tabulated and checked which will require several days yet.

Recurrence of the rabies epidemic among coyotes, prevalent in Klamath and adjoining counties two or three years ago, is feared by stockmen

Just Lived In Dread, She Says

After Forty Years Suffering Mrs. Mahoney Finds Relief by Taking Tanlac
 "There is no statement that I can make that would be strong enough to express how thankful myself and husband are for Tanlac," said Mrs. C. Mahoney at her home at No. 2260 East 15th St., Los Angeles, "Tanlac has restored my health after forty years of suffering," she continued. "It is the grandest medicine in the world."
 "All my life I have had no real appetite and had to be very careful what I ate for gas would fill me up and seem to press on my heart terribly.
 "For the past few years I have had no peace at all and was in pain nearly every minute and my condition became so serious I could get no rest or sleep. I just lived on tea and would sit down at the table three times a day with only a cup of tea for a meal and never a bite of solid food at all. Once in a while a glass of milk, but that was all. Even a bite of bread would cause me such agony I could hardly endure it.
 "I tried every sort of medicine or treatment any one would suggest but got no relief whatever. In fact nearly all the medicine I took came right back up again and left my stomach more irritated and painful than ever. I was so sick and miserable I was in dread all the time, it was terrible.
 "My husband had been taking Tanlac and had been so much benefited by it that one day when I was so bad off he urged me to take a dose, which I did. I was greatly surprised to find that it stayed on my stomach and instead of nauseating me seemed to soothe me. I have now taken four bottles and I don't hesitate to say that it is the finest stomach medicine made for every bit of the gas and pain are gone from my stomach and I don't have palpitation of the heart any more. I am eating more now than I ever did in my life before and I relish every bit of it. I don't have the slightest discomfort after eating, either, and I have gained a lot of weight. Positively I feel better than I ever did in my whole life.
 "My husband and I just bless the day I heard of Tanlac and as I said before no statement I could make would be strong enough to express our gratitude for it."
 Tanlac is sold in Salem by Hubbert's Drug Store, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goodrich, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groentaria Stores Co., in Donald by M. W. Johnson, in Jefferson by Postay & Mason and in Mill City by Marketeria Gro. Co. (Adv)

Drink More Water If Kidneys Bother

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids
 Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.
 Eat less meat, drink lots of water; so get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.
 Jad Salts is inexpensive, cannot be faked, makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active. Drug stores here say they sell lots of Jad Salts to folks who believe in overeating to folks who believe in overeating coming kidney trouble while it is only trouble. (Adv)
