State House Briefs.

The re-appointment of Robert N. Stanfield and Whitney L. Boise as members of the Oregon Land Settlement commission was announced today by Governor Olcott. Their terms will expire January 1, 1924. The commission was created by the last legislature for the purpose of encouraging ex-service men in returning to the farm.

Oregon men on the transport President Grant which docked at New York Christmas day were greeted by members of the Rocky Mountain club, according to a telegram received by Governor Olcott this afternoon from Herbert Wall, secretary of the club. Wall assures the citizens of Oregon that her returning service men will be extended every courtesy of the club in the future as they have in the past.

The action of a majority of all stockholders in a corporation, both common and preferred, is necessary to any change in the capitalization in the corporation, according to an opinion prepared for Corporation Commissioner Schulerman by Assistant Attorney General Van Winkle who holds that the Oregon law does not make any distinction between common and preferred stockholders in the control of the organization.

Only one workman was injured in Oregon industries during the week ending December 26, according to the weekly report of the state industrial accident commission. Of a total of 250 accidents reported to the commission during the week 231 are subject to the provisions of the workmen's compensation act, eight were from firms and corporations that have rejected the provisions of the act and 11 were from public utility corporations not subject to the provisions of the act.

NO TRACE OF RUNAWAY BOY YET DISCOVERED

No trace had been found up to a late hour Thursday of Ralph Parker, 14-year-old son of Mr. and Mrs. J. W. Parker, 371 North High street, who disappeared from his home Tuesday night. Police here were running down every clue, but with the assistance of authorities in Portland and other towns that have been notified, nothing indicating the whereabouts of the lad has been reported.

The bicycle, on which Ralph is believed to have started from home, was found Wednesday. Guy Finn, 19, was questioned at police headquarters after he had attempted to sell the bicycle at a local repair shop. He told police that Young Parker had given it to him Tuesday night and told him to "do anything he wanted to with it"; but he denied any knowledge of where the lad went, or of his possible whereabouts.

Police here believe that the boy has left the city in search of adventure. This belief is based on the knowledge that the lad is obsessed with a wandering disposition.

BOMB EXPLODES WHEN PICKED UP BY FINDER

Oakland, Cal., Jan. 1.—A bomb placed on the porch of the East Bay Water company's pumping station, exploded last night when it was picked up by James Hamilton, an employee of the company.

The station is in exclusive residence district. The noise of the explosion reached for several blocks, but New Year's eve revelers in the neighborhood took it to be a part of the night's celebration.

Hamilton was badly burned about the hands, face and eyes.

Investigation has developed no explanation of the presence of the bomb and the police are uncertain whether it is the result of a boyish prank or of some one who wished to damage the company's property.

Bids Asked In Remains Of Oregon Fair Building

San Francisco, Jan. 1.—Bids have been requested for the "remains" of the old Oregon building, famous during the world's fair in 1915. Brigadier General Blatchford, commanding general at the Presidio, said the building is in such a state of disrepair that the cost of putting it in fit shape would be unwarranted.

Operators on the Continental properties in Baker county have uncovered ore that assays as high as \$200 a ton.

METERS ORDERED

In an order issued by the public service commission, Friday, the Minthorn Springs Water company is authorized to install meters and to impose a measure rate for service. Heretofore the patrons have been served on a flat rate which is said to have been highly discriminatory.

WATER PERMIT ASKED

Applications for the appropriation of water were filed with State Engineer Copper, Friday, by Douglas C. Ingram of Douglas county, who wants to use the waters of Looking Glass creek for irrigation purposes, and by H. H. Van Valkenberg of Klamath Falls, who wants to appropriate water from Klamath river.

With more than 400 families listed as badly in need of coal, and many of them out of practically so, the fuel question in Ontario seems to get continually worse.

COMMISSIONERS GIVE APPROVAL TO BUDGET

The county commissioners at the annual budget adoption meeting, gave consideration to Marion county's appropriations and expense quotas, Wednesday morning.

No protest against any of the items was made and the budget was adopted, substantially as published.

FRENCH FACTORIES AGAIN PRODUCING

Lille, Jan. 1.—Production has been resumed in about one half the factories of northern France where battles raged for four years. About thirteen percent have been at work only a month. Figures examined today by the correspondent of the Associated Press, who is visiting the war zone under a special dispensation of the government, showed that in this region 30,000 plants employing 800,000 workers were rased by gun fire, looted or badly disorganized.

Officials consider the work done during the last year as very creditable.
