

ARDOR NOT DIMMED IN NEW YORK'S NEW YEAR CELEBRATION

New York, Jan. 1.—Celebration of the advent of the new year continued until dawn in the hotels and restaurants along the "great white way," the revelers taking advantage of what they considered the last opportunity to celebrate in the hilarious manner traditional to New York. Police and other observers said the crowds were equal in size and spirit to those of former years.

While unnumbered thousands paraded Broadway with all sorts of noise makers, others thousands who with foresightedness had purchased stocks of wines and liquors before July 1 were making merry in hotels and restaurants.

Much of the liquid refreshment was sent in advance by truck and limousine after reservations had been made. A heavy profit through "corkage" and "cooling" charges was reaped.

Crowds on the streets were more orderly than in former years. Few arrests were made.

The celebration was not confined to places of merriment. The chiming of hundreds of churches rang out as of old at midnight, while thousands of whistles shrieked an accompaniment.

SERUM TO PREVENT YELLOW FEVER IS APPARENT SUCCESS

St. Louis, Mo., Jan. 1.—Science has not discovered as yet a preventive of epidemic diseases, though a serum is being formulated that may eradicate yellow fever, according to delegates attending the convention of the American Association for the Advancement of Science, in session here.

Warning was issued by the delegates against influenza, spinal meningitis and infantile paralysis.

Dr. Simon Flexner, of the Rockefeller institute for medical research and president of the association, explained that scientists were progressing in their fight on cancer, saying that medical research was "gradually getting into a position of strategic superiority."

"It seems possible that yellow fever may be the first disease to be eradicated by science," he continued. "It is insect-borne by a particular kind of mosquito. Dr. Noguchi, a Japanese scientist, is working on a serum that may rid the human race of this affliction."

BOY FORGER IS SENT TO TRAINING SCHOOL

On condition that he report to him by letter every week, Victor P. Franklin, 17, committed to the state training school Wednesday by Judge Bushby, was released Thursday by Superintendent Gilbert, and paroled to his mother, Mrs. J. L. Franklin.

After giving consideration to various special features of the case, County Judge W. M. Bushey committed Victor P. Franklin, 17, of Brownsville, to the state training school. In forging a check for \$1465 on W. C. Eggleston and presenting the bogus tender in payment for a car from a Salem dealer, Franklin achieved the zenith of his career of trouble, which his brother, M. R. Franklin, affirms was precipitated when Victor was summarily dismissed from a job at Walla Walla, Washington, about three weeks ago.

Previous to his latest break, Franklin came under the attention of Multnomah county probation officers ten days ago when he is said to have drawn a revolver in embarrassing his refusal to settle with a taxi-cab driver when the latter attempted to collect cabfare from the youth.

Shinload Of Stock Sent To Guam For Experiments

San Francisco, Jan. 1.—The United States army transport Pensacola re-embarked a floating barn yard when she went to sea from San Francisco today with a deck cargo of cattle, hogs and chickens for the Guam island experimental station of the United States department of agriculture. The shipment comprised registered bulls from San Mateo, pure bred Berkshire hogs from Sacramento and 100 Rhode Island Red chickens from Fruitvale and Hayward.

This registered stock will be used in improving the native stock of the island. The animals were selected by Glen Higgins, agronomist of the Guam station, who spent the last two months in California making the selections.

Portland Bank Clearings Show Big Gain During Year

Portland, Or., Dec. 31.—Increasing strength of Portland's industrial and commercial institutions was indicated in the report issued today of the secretary of the clearing house association for the year. Total clearings for the year amount to \$1,552,959,820.27, as compared with \$1,349,980,892.07 for last year, a gain of \$202,978,928.20, or over 23 per cent.

Prosperity of the city has been reflected in clearing house gains for each month in the year. For December the total was \$151,642,264.47 compared with \$149,970,428.61 for the corresponding month of 1919, a gain of \$1,671,835.86.

Klamath Falls Sunday schools raised \$207 for Armenian relief work in the Christmas campaign.

Salem Motorcyclists Take Part In Portland Contest

A party composed of eleven motorcyclists left for Portland in a body Thursday morning to attend the hill climb at Council Crest at 2 p. m., in which about 25 different makes of motorcycles took part. The Salem delegation rode Harley-Davidsons. It had not been definitely decided at the time of starting if any of the group would take part in the contest, but it was thought probable that at least one of them would.

The party, which started from the shop of Harry W. Scott, local Harley-Davidson dealer, was composed of H. T. Smith, Fred Aikire, Alan Fraser, Ira Fitts, Reuel Smith, Lyman Sandin, J. Lester Sande, Max Grout, Rex Howard, George Frye and Harry W. Scott.

Idaho Man Resigns As Secretary Of Woolgrowers

Boise, Idaho, Jan. 1.—Dr. S. W. McClure, secretary of the National Wool Growers' association, speaking Wednesday before members of the Idaho Wool Growers' association at their annual convention here, announced he will resign from his secretaryship of the national organization.

Dr. McClure said he will not formally leave his post until a capable man is obtained to succeed him.

Until the law can be tested in the courts, the state dog license fee will not be collected in Lane county, according to County Clerk Bryson.

WHERE THE BEST SEATS ARE

J. Alton Thompson, the present incumbent was elected to the position two years ago after having served as an appointee, filling a vacancy.

The state law provides that county school superintendents are to be elected for a four year term, according to the opinion of Brown who points out, however, that a specified time for the elections are set out in the law, the forthcoming election being one of the regular four year periods.
