**THE BEST COUGH SYRUP IS HOME MADE**  
Here's an easy way to save \$2. and yet have the best cough remedy you ever tried.

You've probably heard of this well known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill the pint. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready made, for three times its cost.

It is really wonderful how quickly this home made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, deals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

**ASSOCIATED BIBLE STUDENTS**  
Meet at Moose Hall, corner of Court and High streets, every Sunday from 10 a. m. to 12 m., for study in Sixth volume and Tabernacle shadows. Junior class at 10 a. m. In afternoon at 2:30 p. m. in the hall C. W. Field of Portland give one of his lectures on "Times and Seasons of the Almighty." So many people you hear say that the Old Testament is a thing of the past and nothing that is interesting to the world in this twentieth century. Such people are ignorant of the fact that Jehovah God has the most beautiful plan set forth in it and a blessing for the whole world of mankind. C. W. Field, of Portland, a public lecturer, comes to Salem next Sunday, January 4, under the auspices of the International Bible Students, and gives one of his lectures on "Times and Seasons of the Almighty." Mr. Field's lecture will be illustrated by a chart setting forth God's dealings with man in the different ages and the glorious times of blessings soon to be ushered in. All statements will be scripturally proven. The speaker will show why God's times and seasons are misunderstood and will show that they are due to be understood shortly. All are most cordially welcome.

## AMERICAN STUDENTS EXPECTED TO FLOCK TO FRENCH COLLEGES

Paris, Jan. 3.—Next year is likely to see a great influx of American students to French universities, in the opinion of H. S. Kraus, secretary of the American University Union in Europe. Mr. Kraus' new Paris headquarters, facing the Luxembourg Gardens, are being fitted up to receive and advise seekers after knowledge from overseas.

Founded shortly after America's entrance in the war, by fifteen of the leading American universities and colleges, the union now has 33 American learned institutions on its membership list, including Harvard, Yale, Columbia, John Hopkins, Princeton and other leading universities and colleges throughout the United States.

**Economy Practiced**  
"Paris is destined to become the brain of the world," said Mr. Kraus to a correspondent of The Associated Press. "German universities will be largely avoided by Americans. Dogged determination was shown by one young New York student who arrived here with the problem how to board and live on six francs a day. Through the medium of the Union, a French landlady gave him a small room for two francs a day. The young man cooks his own meals, and is 'passing rich' on four francs a day."

French teachers and students are constant and eager inquirers at the Union's Paris home. Many of them are anxious to take a course of studies in the United States. Fourteen French students are already studying in American universities on free scholarships from a fund collected by 6,000 American students in recognition of the hospitality extended to them by French universities during the war.

**Fellowships Planned**  
The Society for American Fellowships in French universities is planning to send 30 Americans each year to the Sorbonne and other French seats of learning; nor will the Alsatian university of Strasburg be neglected. Twenty-five scholarships for American girls in France are already filled.

gowns promote scandal, they lure to sin, they create evil desires and advertise in many instances their wearer's readiness to gratify them."

Thus commented the Rev. Father Bernard Vaughan, author of the series of sermons on "The Sins of Society," when asked for his opinion of the archbishop of Paris' edict directing women to rebel against indecent fashions.

"To my way of thinking," said Father Vaughan, "modern fashions are as injurious to a woman's body as to her soul. Girls of today are not hygienic in their habits."

"In no sense of the word are they properly clothed or shod. Their feet cannot be dry nor their bodies warm. It would seem that their aim in life is to invite besieging armies of microbes to fasten upon them and drag them down to an early grave."

"I am told on the best authority that thousands of girls slip into consumption and drop into pneumonia when, if they would pay less attention to fashion and more to health, they might live to see a second or third generation."

"I would say to any girl wanting to get married: Dress modestly. Bear yourself modestly. Create in men a

queen of his heart and the mistress of his house. In the long run vice cannot compete with virtue. It is too heavily handicapped."
