

LICENSE DRIVERS OF MOTOR VEHICLES IS ORTON'S PROPOSAL

Licensing of the operator of an automobile, as well as the automobile itself, in an effort to further safeguard the general public against reckless and incompetent drivers, is provided in a bill introduced into the senate Thursday afternoon by Senator Orton.

Under the provisions of Orton's bill, no person, other than a chauffeur, whose registration is already provided for under the law, would be permitted to operate a motor vehicle upon any highway in the state until he had obtained an operator's license which would be issued upon application to the secretary of state and the payment of a 25 cent license fee. Five day's experience in driving automobiles would be required before the license would be issued and no license would be issued to any person under 16 years of age. Special permits for persons who have suffered the loss of a hand or foot or whose eyesight is defective or who are otherwise incapacitated, are provided for in cases wherein the incapacitated applicant can satisfactorily prove his ability to drive an automobile. A special "learner's" permit is provided for persons who are just entering upon the experience of an automobile driver.

Once issued the license would be permanent except that it would be revoked, temporarily or permanently as the circumstances might dictate. In the event the driver fails to exercise proper precaution and display a proper regard for the safety of others who might have occasion to use the same highway upon which he chose to operate.

Nimrods Hunt Bear Within Limits of City

Portland, Ore., Jan. 15.—Portland nimrods went bear hunting Wednesday night in the city limits.

A big black bear was the game sought. Bruin invaded the chicken yard of the Athenheim Home, an institution for the aged, in the Mt. Tabor district, a residential section.

David Desmond, caretaker at the institution, started after the animal when he saw it after the poultry.

"It's a bear," someone told him.

Desmond then began to run in the other direction. The bear also ran from the yard. The bear is thought to have wandered down from the nearby forests.

Salem Buyer Gets Pool; 1919 Shearing Is Sold

Mid-winter sale and scheduled delivery of 40,000 pounds of wool, 1919 clip, was consummated at Albany last Saturday by Clifford W. Brown of this city.

Mr. Brown pays 53 cents per pound for the fine wool in this lot and 37 cents for the coarser quality. The deal marks the closing of the Linn County Farm Bureau pool formed last year and originally representing 100,000 pounds of the staple; however, many members of the pool sold independently until the 40,000 pounds represented their holdings.

According to the Salem shippers, the pool cost the Linn county growers at least 6 cents per pound, as the spring, 1919 quotations on wool at one time were 67-72.

EASY TO MAKE THIS PINE COUGH REMEDY

Thousands of families swear by its prompt results, inexpensive, and saves about \$2.00.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex in a pint bottle, and fill up with home made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup.

Either way, you make a full pint—more than you can buy ready made for three times the money. It is pure, good and very pleasant—children like it.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept any thing else. Guaranteed to give absolute satisfaction or money refunded.

RATIFICATION OF SUFFRAGE MEASURE COMPLETED TODAY

Ratification of the national women's suffrage amendment by the Oregon legislature was completed this afternoon when President Vinton, of the senate, affixed his signature to the joint resolution of ratification as passed by both houses as the first action of the special session. Speaker Jones, of the house, signed the resolution this morning.

The resolution, which does not need the signature of Governor Olcott, now goes to the secretary of state for transmission to Washington.

Red Cross Here Sends Check To Assist In Fund

One thousand dollars, requested by the chief of the northwest division of the Red Cross to aid in raising a deficit in the \$15,000,000 fund recently set out to gain by that organization, was wired Wednesday morning to headquarters at Seattle by Dave W. Eyre, treasurer of the Willamette chapter. A letter requesting the \$1000 from the local chapter's treasury was received Tuesday by Mr. Eyre.

Part of the letter reads: "Your chapter has done exceptionally well in connection with the drive, and we regret exceedingly the fact that we have found it necessary to call on you for additional funds, but feel that owing to the splendid response we have received from you in the past, this small assessment will be paid by you and help the division meet its quota."

"I have found upon referring to accounts, that your chapter had a balance on November 30th of \$16,000 and feel that a \$1000 assessment will in no way embarrass your chapter or hamper it in the splendid work it is doing."

Baptist Brotherhood Holds Rousing Meeting Tuesday

The Brotherhood of the First Baptist church had a rousing meeting Tuesday night. President G. Ed Ross presiding. Seventy five men partook of the supper provided by the woman's committee of which Mrs. Theo. Koth was leader. Several visitors were present among them W. P. Elmore of Lin county and H. E. Cross of Clackamas county, who are members of the legislature. These other visitors spoke briefly. The principal speaker was Dr. S. J. Reid, the evangelist.

From the brotherhood meeting the men adjourned to the evangelistic service and sat together in a body.

The auditorium was well filled and the large audience listened attentively to a thoughtful sermon on conscience.

"Conscience is a universal faculty. You cannot get away from conscience. Conscience will never allow you to be satisfied in wrong doing. Jesus Christ can give you a conscience void of offense towards God and man," Dr. Reid said in a strong appeal made to let Christ into the life to control both conscience and heart.

CHANDLER SIX Famous For Its Marvelous Motor

Chandler Strides into Full Leadership

IF there has ever been any question as to Chandler leadership of the medium-priced fine car field, it is answered now. The great Chandler Six is sweeping its market. It displaces less efficient cars. It steps in to serve those who previously have chosen only high-priced cars. And it pleases everywhere.

From two thousand to three thousand discriminating Americans bought Chandler cars—open and closed—every month this Fall. And at no time has the demand been fully met. Thousands have waited months for their new Chandlers, and have felt repaid for waiting.

Nothing could more clearly show the regard in which America holds the Chandler Six, than the patience with which these thousands waited for weeks and months for their Chandlers. They waited because they knew what they were waiting for—because they knew it was worth waiting for.
