

FRIDAY BUDGET DAY IN WEEKS NATIONAL THRIFT CAMPAIGN

By J. P. Hutchason.

Purpose.
To emphasize the importance of operating personal and family finances on the budget plan.

Slogans.
Budget—Or Always Trudge It!
A Budget Will Budget It!
Every Man Should Plan His Spendings.

You're on the Right Track—By Keeping Track of Where It Goes!

Thriftograms.
A family budget tells you where you are going—to success or disaster—before you get there. Look ahead in Thrift Week.

A family budget is a road to family success—make one during Thrift Week.

A family budget tells whether you are getting profit or loss from your hard work in shop or office. Make one in Thrift Week.

Most people plan how they will use their time, but too few plan to use money wisely, a Thrift Week budget is a money plan.

We can't have everything; a family budget helps us get the things we need most. Budgetize during Thrift Week.

Keep a Record of Expenditures.
It would be a poor business that merely knew how much money it took in and kept no record of its outgo. Every progressive firm keeps records, including petty cash. You handle the cash for your business of living. You know your income—if you are honest with yourself you will record your outgo. Such a record will check foolish little expenditures from undermining family stability and prevent really worth while investments.

Why Have a Budget?

1. It helps you to know where your money has gone.
2. It helps you to know where your money should go.
3. It helps you to proportion the necessary and unnecessary expenses.
4. It is the foundation stone of business success in the home.
5. It teaches the children to be careful of their expenditures.
6. It aids in all other savings.
7. It protects against over-expenditure in any one direction.
8. It enables one to determine easily whether he is bankrupt or solvent, financially.
9. It helps a man to be systematic in his work and in his relationships to all other men.

What the Bible Says.
"For which of you intending to build a tower sitteth not down first and counteth the cost whether he has enough to finish it, lest haply after he hath laid the foundation and is not able to finish it, all that behold it begin to mock him, saying, this man began to build and was not able to finish."

DALLAS COMMERCIAL CLUB NAMES OFFICERS

Dallas, Or., Jan. 23.—At a meeting of the directors of the Dallas Commercial club Wednesday night that body elected the following officers to serve for the ensuing year: President, M. A. Joslin; vice-president, N. L. Guy; secretary, W. V. Fuller; treasurer, Eugene Havter. Mr. Fuller retired from the presidency of the club which position he has held for the past several years during which time the organization has grown from a small body of business men to one which takes in more than one hundred citizens and farmers from the surrounding country.

At the business session which followed the directors' meeting several matters of importance to the welfare of the community were taken up chief among which was the cannery proposition made by the directors this week with a Mr. Newton of Silverton, who represent the Bryant & Wassell company. The directors secured for the cannery people an option on the Barham warehouse which will be remodeled and equipped with the latest machinery for use in the canning business. The Bryant & Wassell people expect to begin work on the building the first of February and have the machinery installed and ready for operation with the coming in of the first berry crops.

Another cannery concern is seriously figuring on locating here and this matter is also being given attention by the club.

VETERANS AT DALLAS ORGANIZE MILITIA

Dallas, Or., Jan. 23.—Owing to strenuous efforts being put forth by members of Carl B. Foster Post of the American Legion, a military company for Dallas is an assured fact, more than 50 members having already signed the enrollment records and as many more have signified their intentions of so doing. The company will be known as company L, the name of the old company which went to France at the outbreak of the war with Germany. Captain R. S. Kresson has been appointed by Adjutant General Conrad Stahlin as the temporary commanding officer and the company will be sworn into the state organization next Thursday evening.

The armory which has become seriously out of repair during the past two years will be remodeled and fitted up to house the new company, thanks to the efforts of Representative W. V. Fuller who secured the passage of a bill at the recent session of the legislature appropriating \$4000 for this purpose.

As soon as the company is sworn in officers will be elected and drilling started. About 50 per cent of the membership so far are ex-service men and as they are familiar with the manual of arms it is expected that the organization will be one of the crack companies of the state.

An active canvass is being made this
