

WIFE INJURED BY POET'S CONTROL, IS CLAIM OF HIS ENEMY

Nome, Jan. 23.—Captain Gabriele D'Annunzio's control of this city has been disastrous to the people, who have little food and are suffering from epidemics according to Riccardo Zanella, opponent of D'Annunzio and leader of the Finian people's party. He says the poet soldier is afraid of assassination and is constantly under guard and that his action in seizing the city has resulted in international embarrassment for Italy.

"Captain D'Annunzio has violated every principle of free government," says Signor Zanella, who was formerly mayor of the city. "He has lodged his legions on our people, has troubled the city for months and has commandeered property under threats of violence. The people are sick of his regime. There is little food and much disease and suffering while our financial situation is appalling. Ninety per cent of the citizens are calling for D'Annunzio and his men to leave."

Dan Reid Makes 27 Pound Gain

Bend, Oregon, Man in Bad Shape—Takes Tonic and Feels Like New Man, Now

"I have actually gained twenty seven pounds in weight and feel just like a new man since I began taking Tonic," said Dan Reid, a woodman who lives at Bend, Ore., while in the Owl drug store recently. Continuing, he said:

"Some time ago I began to have trouble with my stomach. My appetite became very poor and I finally got to where I would have to force down every mouthful I ate, and when I did this I would suffer with intense cramping pains in my stomach afterward. I would also blot something awful and my heart would palpitate terribly and it would be all I could do to get my breath. I lost so much weight that I finally became so weak I could hardly drag myself around.

When I got up in the morning I always felt worse than when I went to bed, and I had no energy and just felt tired and worn out all the time.

"I had been reading so much about Tonic in the newspapers and the good it was doing others I decided to give it a trial, and it commenced to help me almost at once. My appetite improved and I began to pick up in weight and strength. I have taken seven bottles in all now, and am glad to say I have been completely relieved of all my troubles. I can eat anything I want without suffering any bad after effects and all that tired, worn out feeling has gone. I can sleep all night long without waking and always get up in the morning feeling ready for my days work; and while the job of a woodman naturally requires a great deal of physical strength I can do as much as I ever did. Tonic did me a great service in restoring my health, and I am always glad to tell others about it, and never miss an opportunity to do so."

Tonic is sold in Salem by Tyler's Drug Store, in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beutshamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Stores Co., in Donald by M. W. Johnson, in Jefferson by Foshay & Mason and in Mill City by Marketoria Gro. Co. (Adv)

TRADE BETTERMENT BETWEEN AMERICAS IS BEING DISCUSSED

Washington, Jan. 23.—Proposals designed to better transportation facilities and communications between the Americas were incorporated in the report of the committee on transportation of the Pan-American financial conference which was presented today to the delegates in general assembly.

The committee asked that all efforts be used to obtain a substantial reduction in ocean freight rates which were said to have advanced so during the war as to prove an effectual barrier to trade between the Americas.

Plans Proposed.

The establishment of regular freight lines from the United States to South American ports and the construction of specially equipped coal ships were suggested and co-operation between governments and commercial lines in South America for the establishment of through ocean and land rates was recommended.

More frequent sailings from the United States to South America with vessels equal in speed and comfort to those serving on European routes were asked.

Port Dues Cut Sought.

Delegates from the Latin-American countries were asked to work for the reduction of port dues and the abolition of port requirements which make the handling of cargoes its trans-shipment difficult and expensive.

Establishment of motor truck highways so located as to assist the railroads in bringing out products from the interior also was recommended.

Latin-American countries not yet included in the existing postal union were urged to join and the extension of parcels posts systems was asked. The committee recommended also that the international high commission be asked to draft a uniform bill of lading for Pan-America.

Rafael H. Elizalde, minister from Ecuador to the United States, acted as chairman of the session today.

The records of the county clerk of Klamath county show that during last year 138 marriages were performed. During the same period 70 divorce suits were filed and 42 decrees granted.
