TALESMEN PLEAD TO BE EXCUSED FROM HEARING OF 11 I. W. W.

Montesano, Wash., Jan. 27.—A special venire of 300 talesmen reported in superior court here this morning when the second day of the trial of eleven alleged members of the I. W. W. on charge of first degree murder in connection with the Armistice Day parade shootings at Centralia, Wash., opened today. Following answer of a roll call, the court allowed those having excuses for not serving to present them, those to 100 of the venire appealing for discharge.

Those who had passed the age limit of 60 years were quickly excused. Women included in the panel who have a legal exemption because of their sex, were excused upon request. Most of those in the venire took advantage of this exemption and did not attend court. Those not excused were ordered to report again tomorrow. It was expected the examination of those called in the regular January venire would be resumed before noon.

Only two temporary jurors were in the box when court opened today. John C. Connor, of Montesano, a former liquor dealer; and Timothy Martin of Hoquiam, timber man. Martin was challenged by the prosecution for cause yesterday, but it was said today that he would be examined further and possibly challenged again.

Influenza is prevalent in Grays Harbor county, it became known today when members of the venire reported several of their fellow-veniremen stricken at home. It has not become epidemic, however, reports indicate.

BOOKS FOR SCHOOL LIBRARIES SENT OUT

Books for Marion county school districts were being sent out to the various schools Tuesday. Mrs. W. N. Smith, of the county schools superintendent office, has just completed the task of checking and assorting the 2000 volumes and expects to have the various acts distributed by Friday.

The books arrived about two weeks ago and represent the county rural school library purchase of 1919. The delivery of the books was delayed because of the inability of publishers to collect and transport the books on schedule time.

The volumes represent selections made by teachers and by clerks of school boards. The selections are standard.

POSTAL LINEMEN IN THREE STATES STRIKE

Spokane, Wash., Jan. 27.—Twenty linemen of the Postal Telegraph company, in Washington, Oregon and Idaho went on strike today in support of demands for increased wages. It was stated at the local office of the company here today. Service between Spokane and the coast was hampered as a result, it was said, and business was being routed by way of San Francisco.

Nothing is known of the strike activity on the part of linemen of the Postal Telegraph company in the local offices of the company, according to Manager T. C. Waters Tuesday. He said that service here was improving rather than suffering from any disorders, and he said that he believed whatever action linemen take will not have any effect in Salem.

CANADA'S A-ROLLICKING ON THE SNOW CRUST

The lid is lifted in Canada—er, the temperamental lid. The damper of war and absence of loved ones is removed. In local parlance, "in grave eat fine" and gay spirits are banking up for last seasons by a riotous whirl of winter sports.

As the days begin to lengthen and the cold begins to strengthen, the snow takes on a sparkling dryness that adds to the pleasure of outdoor sports. For the months of January and February all Canada becomes intoxicated with the desire to spend as many hours as possible in the open. Visitors to the Dominion find this mood infectious and nowhere is this more in evidence than in the quaint old city of Quebec.

Nature fashioned this city's site for sport. Every steep little street that claws its crooked way from the waterfront to the heights, is a possible slide, while the triple track toboggan slide that begins at the grim gray Citadel and ends in a huge snow bunker on Dufferin Terrace is world famous.

The picturesque many-turreted Chateau Frontenac that overlooks this slide, is naturally headquarters for Society during its winter revels. Its charming tea-room opens onto the Terrace and glowing tobogganists run in for a cheering cup, then disappears through another door that gives onto the inner court where skating and ice-dancing are in order. Merry parties assemble in the tea-room all hours. One party will be ready for a snowshoe tramp to "The Rendezvous" with its tea and cakes, five miles across country. Another group will have renounced the 1919 Model bob-sleighs, that form part of the Chateau's sport equipment, for a sporty racing event. An impending discussion and betting in a bunch about the big fire-places. Still another party is preparing to ski, and there is no reason why every visitor to Quebec should not learn this graceful sport for the day. The management has engaged two Norwegian ski-jumpers to instruct its guests.
