

LABOR COUNCIL FOR MOFFITT TO BE NEW CITY POLICE CHIEF

Resolutions approving the candidacy of Traffic Officer Moffitt for the office of chief of police of the city of Salem, and urging the council to appoint Moffitt as the successor to Percy M. Varney, former chief who resigned to accept the appointment as state parole officer, were adopted Tuesday night at a meeting of the Central Trades and Labor Council of this city.

During the discussion of the resolution one speaker brought out the fact that Jack Welch, who is Moffitt's opponent for the appointment, had been twice defeated at the polls when up for election as chief of police.

Petitions to the council asking the appointment of Moffitt to the office were being circulated for signatures on the streets and elsewhere in the city Tuesday and Wednesday.

The council will probably make the appointment of the new chief at its regular meeting Monday evening.

FRESHMAN DEBATERS WIN CHAMPIONSHIP

The final inter-class debate at Willamette university Monday was won by the freshman team, Bernard Ramsay and Howard George, by a 2 to 1 decision over the juniors, Miss Ina Moore and Paul Dev. By winning this debate the class of '21 will have the honor of having its numeral engraved on the Elmo S. White trophy cup, the first class to win the honor. The debate was closely contested, but the spectators were all satisfied with the decision.

Ramsay for the freshmen made the most forceful speech of the debate, his reputation being particularly convincing. In proving that the United States should not secure mandatory control of Mexico he attacked the project from the standpoint of international law. Ramsay looks like a sure winner in the varsity tryout, which is scheduled for February 20.

Forensic manager McGrew announces that he has scheduled three additional women's debates, with Pacific university, McMinnville college, and College of Puget Sound.

Fourth Street Association To Discuss Paving Projects

Members of the North Fourteenth Street Improvement association will meet at the home of T. J. Davis, 1555 North Fourth street at 3 p. m., Sunday, February 1.

The meeting is called by E. R. Perkins, president of the association, who urges all members to be present as especially important matters will be considered. Those in charge of the circulation of street improvement petitions will report at this meeting.

Many names have been secured for the petitions, which embrace the improvement of many blocks in the vicinity of and including, Fourth street.

At this meeting the Fourth street boosters will consider the advisability of submitting an extensive paving program to popular referendum at the primaries. One of the propositions advanced, is that the costs of paving be shared equally by the property owners and the city. This plan, if feasible, is held by its proponents to be the only method of increasing street improvement in the outer wards.

Willamette Students Want National Fraternities Here

The students of Willamette university want fraternities and sororities, was the unanimous decision of the student body in its regular meeting yesterday. The vote was taken to assure the committee of trustees, who meet next week to decide this matter, that the students still support the petition in which they asked for permission to found secret societies last April. It is thought that the trustees will grant the desired permission.

One fraternity, the Sigma Tau, with a membership of 30, has already been organized, and will petition for a national charter if permission is granted. There is also a sorority, the Beta Chi, and a dramatic fraternity.

MIDWAY IN LIFE

Men and women at forty stand at the portal of a crucial period. Strength must be kept up, the body well nourished.

SCOTT'S EMULSION

is the tonic of wonderful helpfulness to those in middle life. SCOTT'S nourishes and invigorates and helps the body keep up with the daily wear and tear on strength. Let Scott's help keep you robust!

INCORPORATIONS.

Two new Silverton lumber companies filed articles of incorporation with the corporation department here Tuesday as follows:

Comstock - Brown - Alm company, Silverton, \$10,000; E. L. Comstock, \$10,000; W. H. Ankeny, T. P. Ristefgen and J. W. Hyett.

F. H. Brown and Julius Alm.

Ankeny Lumber company, Silverton

Other companies filing articles today follow:

Travy & Ferrall Manufacturing company, Portland, \$1000; Harry Tracy, E. T. Ferrall and David C. Pickett.

Doria Masonic Building association Inc., Portland, \$25,000; Charles H. Carter, E. S. Harrington, F. P. Drinker.

Cascade Sales company, Portland, \$5000; J. J. Fitzgerald, Frederick Hellig and Nora Moser.

The Everett-Johnson Lumber company, Portland, filed a certificate showing an increase in capital stock from \$20,000 to \$30,000.

SALEM DEBATE TEAM READY FOR CONTEST

Salem high school's argumentative units will enter the debate season Friday night when Salem's affirmative team will meet the Silverton debating team at the high school auditorium here. At the same time, the duo representing the negative side of the question will contend for honors at Albany.

The debate subject, this year will be: "Resolved, that immigration to the United States should be prohibited for a period of not less than five years." This topic is in line with congressional discussions and research and is of timely interest to the general public and to all students of social and industrial phases in the United States.

The Salem team expects to put up a fight for state recognition this year. During the past few years, Salem has had poor success in debate achievement, but H. H. Savage, Salem debate coach, this year has been working over available material with a view to giving Salem high school a team worthy of their support. Mr. Savage is in charge of the history department in high school work.

The following named high school students are members of the debate team: Affirmative—Ralph L. Wilson, Ralph Bailey; Negative—Robert Notson, Wayne Allen; alternates—Percy Howard and Willard Marshall.

The Thimble Bee ladies of the Grace Presbyterian church of Milton recently held a social at which the Ladies Aid of the Freewater Federated church were the guests of honor.

How Some Girls Dress So Well

"Diamond Dyes" Make Faded, Old, Shabby Apparel Colorful and New

Don't worry about perfect results. Use "Diamond Dyes", guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

PARENT-TEACHERS TO MEET THURSDAY

An important meeting of the Highland Parent-Teachers association is to be held Thursday evening at 7:30 o'clock.

The committee appointed at the last general meeting, under the chairmanship of Miss Mabel Robertson, to investigate and report as to the practicability of weighing and measuring the height of all children in Highland school in order to determine just how far above or below the normal standard each child is, will report. Their recommendation will be that scales be placed in the school, and that the school room weight charts and the individual card reports and other material issued by the Child Health Organization of America be adopted. These will be shown and explained to the parents.

A supply of re-prints of the splendid and informative series of articles running in the Woman's Home Companion, by the great child health specialist, Dr. W. P. Emerson, will be obtained for the use of the mothers of any children found strikingly subnormal in weight for their height.

Another most important announcement as affecting the welfare of the Highland children is that arrangements are being perfected whereby all children eating their lunches at school may be provided with hot nourishing soup. This is largely the result of the deep interest taken in this matter by Mrs. E. E. Fisher.

A survey of the number of children in Highland who have no milk to drink or do not drink milk has just been made and the results will be reported and discussed. Of 11 children 122 get no milk. The results are tragic in their significance.

It is desired to have a full and free discussion of all these matters of such vital importance to parents, and it is hoped every father and mother in Highland will be there.

PRINCE OTTO FAVORED AS HUNGARIAN RULER

Budapest, Jan. 27.—It is estimated the monarchic vote cast in the elections Sunday and yesterday approximated 95 per cent of the total number of ballots. Speculation is said to be centered on who now will be king and guesses range from Hapsburg princes to scions of European ruling houses and American multi-millionaires.

Berne, Jan. 27.—Prince Otto, eldest son of former Emperor Charles of Austria-Hungary, is favored by Legationists as the future king of Hungary, according to Budapest advices received here. Confirmation has been given reports that the monarchist won a decisive victory held in Hungary on Sunday and Monday.

Normal Notes

Monmouth, Jan. 28.—Miss Brenton, of the art department, spoke in chapel last Friday on design.

The present term closed February 6, and with that date so near examinations are imminent and the various preparations for the new term, beginning February 9, are going forward. The registrar announces that from present indications an enlarged registration may be expected.

Oren W. Hays entertained his sister, Miss Hays, of Eugene last week. Miss Hays, a graduate of the normal, has charge of the teachers training department in Eugene high school.

The operetta, The Yokohama Maid, given by the glee club Saturday evening was an exceptionally good production, creditable to the school in every respect. The play was well cast and the character roles carefully interpreted and portrayed by those taking the parts, Mr. Gilmore, Mr.

Goodyear Leadership— and Tires for Small Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for small cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3, 30x3½, and 31x4-inch sizes.

Last year more small cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread... \$20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... \$17.65

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag... \$3.90
