

JUST ONE OF SALEM'S Sunday Sermons

By Rev. G. L. Lovell Pastor United Brethren Church.

Text: 1 Corinthians, 15th Chapter; 1-4 The other evening I read the experiences of an aviator who tells of some impressions he had 2,000 feet above the earth.

Now one of the most difficult problems we have is to get the viewpoint of the Psalmist who declared that the Lord looked down from heaven upon the children of men to see if there were any that did understand and seek God.

This is the great, fundamental truth of Scripture of which Paul writes. This is the Gospel for all men—the fact that Jesus died for our sins and that he was buried and that he rose again the third day according to the scriptures.

That is the place where all our fine theories about sin and service and salvation and heaven break down. They lack proper coupling.

No man can do God's will in his own strength. We are all likely to

DEATH RATE DURING 1918 BREAKS RECORD

Washington, Feb. 2.—The death rate in the United States for 1918 was the highest on record, according to the census bureau's annual mortality statistics issued today which shows 1,471,367 deaths for the year representing a rate of 18 per 1000 population.

Of the total deaths 477,467, or over 32 per cent, were due to influenza and pneumonia, 359,996 having occurred in the last four months of the year when an epidemic of these diseases prevailed.

The other principal causes of deaths were organic diseases of the heart, tuberculosis, acute nephritis, Bright's disease and cancer, which together were responsible for 391,391 deaths, or nearly 27 per cent of the total during the year.

Officer Settles Fight In Pool Hall; Glass Is Thrown

Ono Klett's pool hall, 479 State street, furnished the setting Sunday night for a lively fight between the proprietor and a man named Riebach, according to police reports Monday.

In answer to a call for an officer, Patrolman W. J. White entered the place about 8 o'clock to find the pair engaged in a sanguinary skirmish. A dispute over change had arisen, and when the proprietor declined to settle the wages of the patron the man threw a glass at him, the officer reported. The belligerent was taken from the pool hall and ordered to return home.

SUPREME COURT RECESSES

Vladivostok, Wednesday, Jan. 28.—(Russian Telegraphic Agency)—Admiral Kolchak and Premier Pelepiaev of the all-Russian government are imprisoned in Irkutsk and what their fate will be is not known.

General Semenov, commander of the forces in the Far East, has communicated with the allied command, insisting upon energetic measures for liberating Admiral Kolchak.

boast the power of the man who wrote: "So high is grandeur to our dust, So near is God to man, When duty whispers low 'Thou must'"

The youth replies, "I can." Over against this colossal complacency of the impotent man stands the word of God concerning the mind of the natural man that it is empty against God and that they are in the flesh cannot please God.

If we will be able to undertake the great ministries of life we must come to the place of the Cross. Then we can say, "I can do all things through Christ, who strengtheneth me."

One-third of the gospel stories are taken up with a recital of or a reference to the death of Jesus. If our Savior Himself as well as those whom He taught deemed His death and resurrection so vital and necessary to the salvation of man, surely we must remember that it is "the power of God to everyone who believeth."

"In the Cross of Christ I glory, Towering o'er the wrecks of time; All the light of sacred story Sheds around it Head sublime."

The Cross gives to man the gift of lift eternal. It gives the one dynamic for service. It affords the one power to uplift humanity. The history of Christian missions attests this fact. It is told of an old Scottish woman who attended the preaching of the blind preacher, George Matheson, who when asked why she moved from her basement room to a sunny garage, replied, "Ye canna' hear Matheson preach the Gospel and live in a cellar."

When we have in the death and resurrection of our Savior our one hope for heaven and a home in the beyond.

STOCK SALES GOAL OF HOME FIRM NEAR

Figures compiled by the stock sales committee Monday showed that there is yet \$6000 needed to complete the sales of \$50,000 worth of stock before the Salem Homebuilders Association can start operations here. These figures were announced by Thomas B. Kay, chairman of the committee, who said that the work of solicitation would continue until the required capital is secured.

There are many men in the city known to be in a position to purchase stock, and the committee plans to broach them Tuesday or Wednesday on the matter of aiding the association. When the \$50,000 is raised the stockholders will hold a meeting and elect a manager and board of directors. It is hoped to raise the \$6000 deficit before the middle of the week.

San Francisco, Feb. 2.—Plans for increasing the rail facilities of the country to provide for a bigger movement of fruit formed the topic of discussion at the sixteenth annual convention of the Western Fruit Jobbers Association of America which opened here today.

Registration of delegates, bureau meetings and a meeting of the board of directors occupied today's sessions.

Robert C. Paulus, president of the Salem Fruit Union, is attending this convention. Mr. Paulus, during the past two weeks, attended two other conventions in the east, and planned to be on hand in San Francisco in time to attend this convention of Western Fruit Jobbers.

Barnes, who has the franchise for the Pacific International baseball league, now in the process of organization. At that time a decision as to whether or not Yakima will have a team in the league will be made. Indications are that Yakima fans will not support a class B team on account of the expense involved.

The meeting has been called for the purpose of re-organizing the club, and to discuss the feasibility of forming a community federation in Yamhill county.

Manager T. E. McCroskey, of the Salem Commercial club, and father of the Marion County Community Federation, Luther J. Chapin and Walter Denton, plan to attend the meeting from this city.

St. Louis, Mo., Feb. 2.—Prices of furs will decidedly higher next winter, according to buyers attending the winter auction of the International Fur Exchange, which opened today.

More than 600 buyers from all parts of the world are in attendance. More than 150,000,000 pelts, valued at approximately \$25,000,000 will be disposed of during the sale.

The prospective increase in prices is assigned to the embargo placed on furs from Australia and New Zealand, and to bolshevik uprisings in Russia, which it was said virtually has paralyzed the fur trade in that country.

"Has Grip Left You a Bad Back?"

THERE'S surely some good reason for that lame, aching back. Likely it's your kidneys. Your kidneys need help occasionally just as your bowels need help. And it's mighty poor policy to neglect the slightest kidney weakness.

mysterious aches and pains result. That may be the reason for that dull, nagging back-ache, those sharp, sudden pains and that tired, worn-out feeling. You may have headaches and dizzy spells, too, with perhaps, some annoying bladder irregularity. You owe it to yourself to get well and to stay well. Neglect may lead to gravel, dropsy or Bright's disease. Use Doan's Kidney Pills. They have helped many Salem people and should help you. Ask your neighbor!

These are Salem Cases:

High Street Joseph Wint, retired blacksmith, 668 High street says: "My back and kidneys bothered me. My kidneys were disordered and my back seemed to lose strength. A short use of Doan's Kidney Pills soon put me right. Mr. Wint said: "Over three years later, my opinion of Doan's Kidney Pills is just the same today as it was when I gave my first endorsement. I haven't had any kidney trouble now for several years and I give Doan's credit for bringing such lasting results."

South Thirteenth Street Mrs. Emil Edwards, 1167 South Thirteenth street, says: "I couldn't speak too highly in praise of Doan's Kidney Pills for I have never found anything to equal this old, reliable kidney medicine for regulating the kidneys and stopping backache. I am only too glad to tell others who are subject to backache as I used to be, that Doan's Kidney Pills are very reliable and effective for that trouble."

Mill Street W. C. Johnson, gardener, 1031 Mill street, says "Taking cold and overexerting myself brought on kidney trouble. For two years I suffered with pain in the small of my back right across my kidneys. My back ached at night and in the morning I felt tired and lame. I was dangled and nervous also. Headaches and dizzy spells bothered me and my sight blurred. The kidney secretions didn't pass often enough and they contained sediment. Finally I heard of Doan's Kidney Pills and after taking them was greatly relieved. Doan's sure are fine."

Belmont Street Mr. M. B. Churchill, 705 Belmont street, says: "Three years ago I was down in bed for a week on account of my back. I couldn't get up or down without assistance and my back felt weak and lame. I was sick all over. Hearing so many recommend Doan's Kidney Pills, I sent for a box and had taken only a few when I felt better. Two boxes stopped the trouble and in every way I felt like a different person."

Lee Street J. H. Penton, 1405 Lee street says: "Doan's Kidney Pills have done me a lot of good in the past and I willingly endorse and recommend them. On several occasions, cold settled in my back in the region of the kidneys, causing a cringing pain through the lower part of my back and down into my loins. I knew from disorders that the kidneys were to blame. Knowing how highly some of our Salem citizens endorsed Doan's Kidney Pills, I started using them, and found them just the thing to rid me of the pains and disorders. A few of Doan's always relieve me of rheumatic pains, so I cannot help but speak highly of them."
