BABY CLINIC BUREAU TO GIVE CONCERT TO RAISE NEEDED FUNDS

Good will to mankind through service to childhood is the active principle of the Marion County Children's Bureau. The principal is being exemplified in the earnest and intelligent interest which the members are taking in child welfare work, not only in Salem, but throughout the county as well.
So that the work, so successfully begun, a few months ago, will not lag, because of lack of funds plans are being made for a benefit concert February 20th. Manager Bligh has given the use of the Grand Opera House for the evening, and every Salem business man in any way so interested has responded immediately. The program committee headed by Mrs. Connel Dyer, and including Mrs. E. C. Patton, Mrs. R. M. Rorer and Mrs. A. E. Hucklestein, Jr., is working upon the details of the program. Professor Arthur von Jessem, prominent Portland pianist, will head the program, and he will be assisted by well known Salem talent.
Tickets for adults will sell for fifty cents, children and students to pay twenty-five cents. The price has been placed so that everyone who is interested in child welfare work in the county may have an opportunity to aid in the effort.
Mrs. Edwin F. Carlton heading a committee covering every detail of the concert aside from the program, has appointed a number of women to serve as heads of sub-committees. Mrs. James Elvin, will secure a piano, Mrs. Frederick S. Stewart will name a number of women to serve as decorators; Mrs. E. E. Fisher will name the ushers; Mrs. David Wright will have charge of printing tickets. The sale of tickets will be partially under the supervision of Mrs. W. H. Steustloff.
The first of a series of lectures under the auspices of the Bureau will be given in the Commercial Club, Thursday afternoon at half past two o'clock. Dr. W. B. Morse will talk on smallpox and the prevailing epidemics, and a nurse from the Deaconess Hospital will discuss the treatment and nursing of the subject. Every mother interested is invited to attend the lecture.
The Red Cross, working in co-operation with the Bureau has also arranged a series of lectures, the first covering influenza and its treatment to be given at an early date.
The February eugenic clinic will be held in the Commercial club on the 19th. The regular number of children has about been listed. Other registrations may be made by notifying Mrs. F. von Eschen, 1775 Court street.

CHECK OF INCREASE IN LIVING PRICES DUE SOON, CLAIM

Cambridge, Mass., Feb. 3.—The Harvard committee on economic research, appointed by Harvard university to make special studies of economic conditions, has just announced that the United States may expect a check in the upward movement of prices and of business activity, which has been in progress since last April and perhaps a drop in prices. At the present time, however, the committee states, and on the basis of the November and December figures, it would be premature to conclude that a violent recession in commodity prices is probable.
Range Is Wide.
The committee was appointed by Harvard university in 1917 to assist in the solution of the fundamental economic problems which underlie modern commerce and finance. It provides statistical information to federal reserve banks, for banking houses and large corporations and includes among its publications a review of economic statistics which contains a price forecast.
The committee bases its present forecast upon statistical material representing the decline in the New York bank clearings, the volume of sales on the New York Stock Exchange, the prices of industrial stocks, and analysis of the banking and trade situation domestic and foreign.
Professor Warren M. Persons, editor of the Statistical Service published by the committee, says that the statistics collected by the committee indicate that the farmers will continue to prosper in 1920 and that the prosperity of this industry will contribute to that of all others during the coming year.
Industry In Good Shape.
The beginning of the new year, he declares, finds American manufacturing industries in a sound and prosperous condition.
"The tightness of the money market and the announced policy, already inaugurated, of the federal reserve board of increasing discount rates have caused many observers to have grave misgivings for the financial outlook for 1920," he says. "Instead of causing alarm, the action of the federal reserve board should in fact be regarded as a favorable omen. High interest rates are the main reliance for protecting bank reserves and they spell not disaster but safety, provided they are applied in time. Control of interest rates is the safe and effective way of dealing with such situations as we now face, and it is to be hoped that nothing—not even the needs of the United States treasury—will divert the reserve board from pursuing the only sane and conservative course."

MYERS HOLDING FAST TO POSTMASTER JOB

Portland, Or., Feb. 3.—Frank S. Myers, postmaster at Portland, refused to assert his claim to the position today, notwithstanding the fact that President Wilson yesterday signed an order removing him from office. Pending action by the senate, affirming or denying to confirm in the president's order. Myers stated he will continue to occupy his office. Orders were being given by Chief Inspector Barclay and he was in charge of the actual operation of the postoffice.
Politics alone were responsible for the attempt to remove him, according to Myers and if he can obtain a hearing to establish the fact, he hopes the senate will not concur in the president's dismissal order.

SPANISH WAR VETERANS TRY TO INCREASE MEMBERSHIP

Plans for increasing the membership to the local camp were discussed at a meeting Monday night in veterans hall, armory, of the Spanish War Veterans. Five new applications were acted upon and several others are to be reported soon, it is understood.
The veterans voted to hold a basket social, February 15, which all the veterans and their friends are invited to attend. The social will begin at 8 o'clock.
