

INFLUENZA TALKS TO BE GIVEN FRIDAY IN SCHOOLS OF CITY

"Influenza, its symptoms, home nursing and care" will be the topic of lectures to be given Friday evening at 7:30 in the various school houses of the city, under the auspices of the American Red Cross. The lectures will be given by prominent local physicians.

Because of the dire scarcity of nurses, and the fear of a recurrence of the influenza epidemic of last winter, the Red Cross is sponsoring these lectures in order to enable each family to use the proper preventatives and to care for itself in case it is stricken. Every one in the separate districts is asked to attend the lectures, and the women are especially urged to be present.

The lectures will begin promptly at 7:30 in each school house, and will last an hour. If time permits, the small-pox situation will also be discussed.

The names of the doctors and the schools at which each will speak, will be published later.

NORMAL TO GRADUATE 28 TEACHERS FRIDAY

Monmouth, Or., Feb. 4.—Twenty-eight students who have completed the standard course are to be graduated from the Oregon normal school at the end of the present term, which closes Friday, February 6.

With few exceptions all of the graduates have secured positions paying salaries of from \$100 to \$150 per month.

Those who will receive diplomas are: Alice Armstrong, Portland; Veri E. C. Burkhardt, Harrisburg; Elda Gaff Birlow, Pleasant Hill; Richard Henry Cayser, Portland; Florence H. Dawson, Portland; Elizabeth Dunbar, Joseph; Mrs. Dorothea Buchave, McDermitt; Bertha Finmerlich, Waterville; Doris C. Gehorn, Medford; Hester Marion Green, Astoria; Myrtle Johnson Grant, Drain; Sadie Havelly, Portland; Louise Hodgkin, Newberg; Louise Jewell, Clara Landon, Kansas City, Mo.; Cecilia C. Landon, Portland; Ruth A. Nottare, Newberg; Chadwick C. Newhouse, Hood River; Ethel Powell, Loraline; Gladys L. Perkins, Portland; Helen Peck, Portland; Yerna M. Puntney, Canas, Wash.; Margaret Joanna Shotwell, Hermiston; Helen Wilkins Straus, Parkrose; Frances G. Tousey, Portland; Blenda Ingeborg Samuelson, Gladstone; Mrs. Lenore Traylor, Hillsboro; Ruth Wilson, Kent.

OIL BILL READY

Washington, Feb. 3.—The conference report on the oil land leasing bill was ready to be submitted to the house today where an effort will be made to give it immediate consideration. Little opposition was expected. The bill's passage will end a controversy of ten years standing and open for development 75,000,000 acres of lands in western states.

Grip, Influenza.

Hamil's Wizard Oil a Reliable, Anesthetic Preventative

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed. (Adv)

WALKER WHITESIDE SCORES HIT; RUTH ST. DENIS TONIGHT

Walker Whiteside, as James Durie, the lovable rogue in "The Master of Ballantrae" won a host of friends among the playgoers of Salem Tuesday evening by the inimitable manner in which he interpreted the lead role in the Stevenson romance.

Whiteside demonstrated clearly his right to the reputation of being the greatest dramatic actor on the American stage today and materially strengthened the admiration of those who saw him in "The Typhoon," which was the vehicle of his last appearance on the coast.

With such an artist as Whiteside backed, as he was, by perhaps the best balanced cast that has featured any production in Salem this year, the failure of Salemites to turn out better in support of the production was to be regretted. The house was only fairly well filled, while lesser stars have drawn packed houses this year.

Down to Paul, a servant, and Jesse Brown, a derelict, whose appearances were but fleeting, the characters were exceptionally well cast and their interpretations far above the average. Frederick Roland, as Henry Durie, and Hubert Sturge, in the role of Mr. Mackellar, a steward, were strong seconds to Whiteside himself.

Tonight the patrons of the Grand will see Ruth St. Denis and her classic dancers from Denishawn. One of the features of the evening will be a lecture on classic dancing by Miss St. Denis, while the entire program will be interspersed with musical numbers.

Mahood Speaks On "Lights That Have Gone Out," Here

Under the above title, Dr. J. W. Mahood dealt with the parable of the Ten Virgins in his sermon last night at the First M. E. church. An entirely new viewpoint, combined with a new emphasis made his message extremely interesting. It was supposedly a message to Christians who have been growing indifferent, and so searching and appealing was it that little surprise was evidenced at the result which followed. Were it possible the Christian people of the entire city should have heard this message.

The large chorus led the music, and the Rev. Blenkinsop sang a solo. Interest is deepening and the attendance is growing.

These meetings are for everybody and the Christian cooperation of all the people of the city is invited. Meeting tonight 7:30 sharp.

Estonia And Bolsheviks Agree Upon Settlement

Reval, Feb. 3.—Estonia and the soviet government of Russia have agreed in the peace treaty signed to respect the principles laid down by the powers in regard to the Gulf of Finland. Only troops of Estonia and the soviet government, or their allies, will be permitted on the territory of either country. Russia abandons all claims to former Russian government property in Estonia, and returns to Estonia all property removed to Russia during the war, including the libraries and archives of Dorpat university. A special commission will define the commercial and diplomatic relations subsisting between the two signatories.

SALE OF HOGS IS ON AT FAIR PAVILION

With J. W. Hughes as auctioneer, the sale of Dorset Jersey hogs, brought from all parts of the northwest, began at the pavilion at the state fair grounds shortly after noon Wednesday. Many persons thronged the pavilion, and the sales were progressing rapidly.

The morning was devoted to judging the hogs that had been entered for blue ribbons. Many of the swines carried away the small pennants of honor.

The visiting stockmen were feted Tuesday night at a banquet in the old rose room at the Spa. Following this they were guests at the Oregon of the Commercial club.

Some of the stockmen attending the sales here are: C. A. Hoover, E. C. Natanger, A. D. Milligan, E. J. Feldstedt, C. C. Mason, Horace Addison, George Pierson, Portland; R. A. Blanchard, Portland; Luther J. Chapin, George W. Eyre, G. M. Harvey, Boyd; Ira P. Whitney, Lane county; J. W. Hughes, C. D. Minton, Portland; J. E. Finerton, Amity, and Carl Abrams.

ROSEBURG PUTS BAN ON PUBLIC MEETINGS

Roseburg, Or., Feb. 4.—Drastring action to stamp out influenza in this city was taken by the city council at its regular session last night when a resolution was adopted closing all public places of assembly for a period of two weeks. The order was effective today and no dances, religious assemblies or public meetings will be permitted. The school board also held a meeting at the same hour, passing an order closing the public schools in the city for a like period.

The decision to close the town followed a conference of Mayor Hamilton and Health Officer Dr. Shoemaker, and other physicians here.

AUTO REGISTRATION FIGURES SET RECORD

Registrations in the automobile department of the secretary of state's office up to January 21 aggregated 61,610 automobiles, 1214 motorcycles, 1259 chauffeurs and 531 dealers with receipts from all sources totaling \$1,285,000, according to a summary prepared by Sam A. Koser, deputy secretary of state.

Comparative figures show that for the same period in 1919 registrations aggregated 49,042 automobiles, 1274 motorcycles, 1185 chauffeurs and 352 dealers with receipts totalling \$355,844.

Automobile registrations so far this year are 74 per cent of the total registrations for 1919 when 83,332 cars were registered.

Seattle, Wash., Feb. 4.—First witnesses were to be called here today in the trial in the United States district court of C. L. Byron, Seattle timber cruiser, and E. M. Conyns, Portland attorney, charged with using the mails to defraud in connection with a land selling scheme. The complaint charges that Byron and Conyns represented to their clients that they could file claims on government land grants.

1200 VACCINATED WITHIN FOUR DAYS IN CITY OF SALEM

By 5 o'clock Thursday afternoon, more than 1200 school children will have been vaccinated by city health authorities. Dr. R. E. Pomeroy, city health officer and Dr. R. E. Downs, school health officer, have been vaccinating the children in compliance with the state law and with instructions of the Oregon state board of health. Monday 150 were vaccinated, Tuesday 300 were immunized and Wednesday morning, 300 more were vaccinated. The health officials expect to vaccinate nearly 400 children Wednesday afternoon.

In addition to the immunizations accomplished by health officials, it is estimated that in the past five days at least 200 vaccinations have been performed by physicians in private families.

The general spirit of cooperation being shown by parents, guardians and school patrons in the matter of assisting in having the children immunized has been highly gratifying to the school authorities. Monday afternoon the Salem school board sent letters to all parents in which they were requested to give consideration to the state law which requires that school attendants be vaccinated or that they be restrained from attending school during epidemics.

The action of the state board of health was caused by the growing number of smallpox cases in the state. During the past few days, the epidemic has slightly revived in the city of Portland after having abated from the high record of 500 cases in November and December. Monday, February 1, 100 new cases were reported in Portland. At the present time there are 15 cases of smallpox in Salem.

In preparing for possible vaccinations Monday, the health officials underestimated the response which would be accorded the state health board's ruling. Wednesday afternoon,

CANADIAN COINS IN CITY ARE BELOW PAR

Due to the increase of exchange rates between Canada and the United States that has caused an almost universal reduction in the value of Canadian silver, local banks are expected to announce within a few days their inability further to accept the Canadian coins at their face value.

This announcement is expected to carry with it a statement that the Canadian 25 cent piece will draw only 20 cents in American money, and the Canadian 50 cent piece will be worth only 40 cents.

Rome, Feb. 3.—Reorganization of the Italian cabinet is forecast by the Tribuna in discussing the political situation. It says the premier may take advantage of a parliamentary recess which is probable soon, to strengthen his ministry.

WHEN MEALS DON'T FIT

"Pape's Diapepsin" is the quickest indigestion and Stomach Relief

When meals hit back and your stomach is sour, acid, gassy, or you feel full and bloated. When you have heavy lumps of pain or headache from indigestion. Here is instant relief!

Just as soon as you eat a tablet or two of Pape's Diapepsin all the dyspepsia, indigestion and stomach distress caused by acidity ends. These pleasant harmless tablets of Pape's Diapepsin never fail to neutralize the harmful stomach acids and make you feel fine at once and they cost so little at drug stores. (Adv)

OH; FIERY SKIN DISEASES IS THERE NO RELIEF?

Must I Continue to Suffer From the Fiery Itching?

This is indeed the burning question with those who are the victims of itching, burning, fiery irritations that break out all over the skin, causing its victim to itch and scratch with almost constant torture. Going from bad to worse, with only a temporary lull in the suffering, you have about reached the conclusion that you are doomed to have this terrifying disease as your life companion.

If you have followed the usual course of treatment, you have doubtless used lotions, ointments, salves and washes abundantly, in an effort to get some sort of relief from your torture. Probably you have received temporary relief from the fiery itching by the use of local treatment, but your experience will be like that of thousands of others who have found that such treatment does not reach the cause of the disease, and cannot for this reason make any progress toward a cure.

While it is true that the visible location of this trouble is apparently on the skin, you must look deeper for its origin, and until you locate its starting point, and direct your treatment there, you will continue to suffer.

The skin is fed from the blood, and upon the condition of the blood depends upon whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other disfiguring and unsightly disorders. So that wherever your skin breaks out with any of these conditions, you will save yourself much annoyance and the pain that comes from the fiery itching if you will realize from the outset that you must first cleanse the blood of the millions of tiny germs that cause the trouble.

This of course means that you will get no permanent good from the use of local treatment applied to the surface of the skin, because it is impossible to reach the blood in this way.

The sensible treatment that will show real results is a remedy that will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S., the fine old fifty year old blood medicine. This medicine is pure vegetable, being made of the finest of roots and herbs gathered direct from the forests, the medicinal value of which is recognized by the medical profession everywhere. It cleanses the blood of the disease germs, at the same time building up the general health. S. S. S. is sold by all druggists and is probably the most popular family medicine which they carry. If you want permanent results, this is the medicine you should take.

If your own case needs special medical advice, you can obtain same with out cost if you will write to Chief Medical Adviser, 150 Swift Laboratory, Atlanta, Ga. (Adv)

Equip Your Small Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3 1/2-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3 1/2 Goodyear Double-Cure \$20.00
Fabric, All-Weather Tread

30x3 1/2 Goodyear Single-Cure \$17.00
Fabric, All-Weather Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in stock \$3.00 proof bag.
