### DEMOCRATIC CAUCUS REPUDIATES WILSON

Washington, Feb. 10.—Rejecting President Wilson's advice, house democrats in caucus last night went on record as opposed to universal military training by a vote of 106 to 17. The president, in letters to democratic leaders earlier in the day, asked that action be withheld so that the party's stand might be left to its national convention.

The rejection of the president's appeal was double in its scope, for before declaring against military training, the caucus rejected 88 to 37, a proposal that all action on the question be deferred "at this time." This vote, cast on the motion of Representative Doremus, Michigan, came after a three hour discussion behind closed doors, and immediately afterward on the straight out question, universal training advocates dwindled to seventeen.

### WITNESS AGAINST WOBBLIES SAYS HE RECEIVED THREATS

Montesano, Wash., Feb. 10.—W. E. Josh, state witness in the trial in the superior court here of 13 alleged I. W. W. accused of criminal syndicalism, testified today that he was threatened while in Aberdeen last night if he gave testimony here, similar to that which he gave in the trial at Tacoma of I. W. W. facing a similar charge. Josh said two men approached him last night in an Aberdeen drug store. One said, according to the witness:  
"You are here to give the same dope you gave in Tacoma we guess."  
"You bet," replied Josh.  
"Well, if you do you probably never will get away from here," Josh says he was told.

A. E. Allen, former I. W. W. of Seattle, testified that during the war I. W. W. workers in the Ames shipyard bored holes in the hull of a wooden vessel building there so that when the ship was launched it would sink and was only kept afloat by divers who went under the water and stopped the leaks.

### IRISH RAIDERS CAPTURE POLICE STATION AT CORK

Cork, Ireland, Feb. 10.—After an attack lasting some time within an exchange of rifle shots, two hundred armed men last night captured the Castle Martyr police station. They temporarily made prisoners the five policemen who defended the station. The raiders seized arms and ammunition and decamped.

### BLACKSTONE IS WELL RECEIVED BY CROWDS

All the magic of India, China and Egypt were like playthings in the hand of the great magician, Blackstone, at the Opera House last night. For two hours the audience thoroughly enjoyed the wonderful illusions and trickery of this master, each one more baffling than the one before. There were a great many things that made the evening one of genuine pleasure, first of which was the personality of Mr. Blackstone himself. One usually pictures a magician as a sort of weird and uncanny person, but such was not the case last night. Mr. Blackstone is quite human and very witty. He keeps the audience in a roar of laughter the greater part of the evening. Circulating among the audience a considerable part of the time, he performs various tricks in such a refined and entertaining manner that no one could take offense.

As for the tricks and illusions performed by Mr. Blackstone and the supporting company, they included everything from card tricks to the most unbelievable illusions, invariably however containing a quip or a turn which would bring a laugh.

Mr. Blackstone and his company will give an entirely different performance tonight and the distinct enjoyment of everyone last night, should insure a big house.
