

GERMANS EVACUATE UPPER SILESIA IS REPORT SENT TODAY

Berlin, Wednesday, Feb. 11.—The German military evacuation of upper Silesia, preparatory to the plebiscite, has been definitely completed. It is announced in advices from that province.

A special dispatch to the Taegliche Rundschau from Oppeln charges that General Lerond, head of the inter-allied administrative commission, deliberately ignored the German civil authorities who reported for the reception formalities in response to the instructions of the commission. Herr Blitta the first president of the province, and the heads of the local governing boards were among the men who responded to the summons to the reception which, says the dispatch, resolved itself into a military meeting and speech making.

General Lerond referred to the peace treaty provisions and promised to practice justice in his administration.

It is announced that French troops are arriving in Upper Silesia in large numbers.

TESTATOR BEFORE SENATE COMMITTEE REFUSED PASSPORT

El Paso, Texas, Feb. 12.—When W. R. Simons of Denver presented his passport for visa at the Mexican consulate general here yesterday, he was met with a refusal because he had testified unfavorably to Mexico before the senate sub-committee investigating Mexican affairs, two days before, according to an official announcement made today by Alberto Rius Sandoval, acting consul general here. Senor Sandoval said he acted under special instructions from Mexico City covering Mr. Simons' case.

"It is inconceivable to me that a man should testify that conditions in Mexico City are as bad as they could be, on February 9, and then ask to be admitted into Mexico on February 11," Senor Sandoval said in explaining the reasons for the refusal.

"I do not question the right of any man to have his own opinion. I merely contend that it is illogical for any one to wish to return to a country in whose capital city conditions are so bad."

Mr. Simons wished to proceed to Parral, Chihuahua at the time he presented his passport to the consul. Passport was drawn up by the United States immigration authorities here, Senor Sandoval said.

FAMOUS HAWAIIAN PLAY COMING BACK

"The Bird of Paradise," the play that deals with life on the Hawaiian Islands, those beautiful ocean possessions of Uncle Sam, will again be seen at the Grand opera house, Wednesday, February 18.

Produced by Oliver Morosco eight years ago, Richard Walton Tully's remarkable drama is now in its ninth year of unabated success and seems destined to run for many years more, so long as the paying public will patronize it. The reason for the hold on the public taste is its exotic atmosphere, its self sacrificing story of love, and the fascinating Hawaiian melodies which give much charm to the drama.

Thoughtless Passerby Rebuked by Socialist

Wednesday at noon, the new service station of the Union Oil company at High and State streets was dedicated by a simple flag raising ceremony.

About 25 persons witnessed the raising of the Stars and Stripes on the well mounted staff near the service station. A witness of the incident reported a rather unique circumstance in connection with the unfurling of Old Glory. Of the persons who witnessed the ceremony, the only civilian who removed his head covering, was a well known socialist of Salem. It was noticed that his gentlemanly observed the ceremony with all the reverence indicative of thoughtful citizenship.

During this week, the Boy Scouts of Salem are observing the ceremonies of raising and lowering the flag at sunrise and sunset. They have asked that all Salem residents observe this ceremony with them, whenever passing near one of the troop flag staffs at the times mentioned.

STRICTER LAWS UPON IMMIGRATION URGED

There are 100,000 aliens, about one-tenth of the total population of the state, in Oregon, according to Professor John C. Altmack, of the University of Oregon, who lectured at the public library Wednesday evening. There are 30,000 un-naturalized foreigners, 13,000 who can neither read nor write the English language, and 6000 foreign illiterates.

Professor Altmack, who chose "Americanization" as his topic, gave these statistics as proof of the tendency of immigrants to settle in little groups, principally in industrial centers, and refuse to affiliate with the American or learn the language and system of government. One reason for this, he stated, was the growing scarcity of cheap public lands. During the period ranging from colonial days until about 1890, public land settlement was popular, and a great factor in instilling the spirit of democracy into our forefathers. Now the tendency of foreigners is to seek the larger cities for settlement, and here small groups are formed, with the above mentioned undesirable consequence.

Mr. Altmack expressed himself as in favor of more stringent laws dealing with immigration. One requirement advocated was the possession of a sufficient means of earning an independent living before the immigrants were admitted into the country.

Monmouth

Monmouth, Jan. 12.—The third term of the Normal school opened Monday with an increased attendance of fifteen per cent, which was really larger than the registrar had anticipated.

The members of the faculty are busy this week reading the proof for the new catalogue which will be ready for distribution in a short time.

A preliminary contest to select the Normal representative for the state Oratorical contest was held last Friday afternoon in the chapel. Miss Arline Bunch was chosen as the Normal orator and Ray Penney was given second place to serve in case Miss Bunch cannot appear.

The following people were tried out, Miss Arline Bunch, Miss June Dunlop, Miss Nellie Johnson, Miss Evadne Hager, Mrs. Maud Graham, Miss Ruth Phelps, Miss Mina Robinson, Miss Margaret Mann, Roy Penney, Miss Georgia Diley, Miss Rheua Wickham, Fleming Oteman.

The party planned for Saturday evening of this week has been postponed, owing to the illness of some members of the committee, who had charge of the affair.

Haney's Recommendation In Equi Affair Goes East

Portland, Or., Feb. 12.—Bert E. Haney, former United States attorney, has forwarded to the attorney general at Washington his recommendations in the case of Dr. Marie Equi, found guilty under the espionage act and whose conviction on an appeal has been upheld by the federal courts and now rests with President Wilson on pardon petition. Haney said he had no statement to make public other than to say that he had acted upon request of Washington officials.

Judge Robert S. Bean, who sentenced Dr. Equi to three years in prison and to pay a fine of \$500 also will make his statement direct to the attorney general at Washington. A petition for pardon was recently laid before the president and is the last hope of the accused.

Famous Gambling Hall Razed by Fire, Rebuilding

Mexicali, Lower Calif., Feb. 12.—Work of rebuilding the Owl theater, gambling resort, which was destroyed by a spectacular fire February 9 at an estimated loss of \$250,000 was begun yesterday. The management has opened temporary quarters and gambling has been resumed.

Sick 17 Years, Relieved By Taking No.40 For The Blood

"For 17 years I was troubled with dropsy and had blood. I took every kind of medicine that was recommended to me, without benefit, until I got a bottle of Number 40 and it helped me so much that I got two more bottles and since taking the second bottle, I am feeling fine. I wish to recommend Number 40 to anyone needing a blood medicine as I believe it is as good as recommended. Mrs. Jane Goodwin, Gideon, Mo." Number 40 is demanded in depraved conditions of the system, especially of the blood and general health. In chronic enlargement of the spleen or liver. In chronic malarial poisoning. Removes the causes of disease by stimulating the removal of waste, thus encouraging nutrition. Employed with success in blood troubles, chronic rheumatism, catarrh, eczema and skin diseases. Made by J. C. Mendenhall, Evansville, Ind. 40 years a druggist. Sold by Schaefer's drug store. (Adv.)

RAILROAD BILL IS EXPECTED TO PASS AS PER AGREEMENT

Washington, Feb. 12.—While some opposition to the railroad bill as finally agreed upon in conference has developed, senate and house leaders predicted today that the conference report on the measure would be promptly adopted so that the legislation would be on the statute books before the roads are returned to private control March 1.

The final draft of the conference report will be presented to the senate Saturday or Monday. The house will take it up Monday or Tuesday and leaders said it would be disposed of in two days.

Chairman Esch, of the house interstate commerce committee, one of the authors of the railroad bill, and other leaders based their prediction that the bill would pass upon the fact that as rewritten in conference, it is substantially the same as the Esch bill recently passed by the house. Senate provisions to which there was objection, including the anti-strike section creation of a transportation board and compulsory consolidations were stricken out in conference. The essential addition to the house bill was the fixing of a guaranteed return of 5 1/2 per cent.

"With the time already fixed by President Wilson for return of the roads and widespread demand from the people that they be handed back," Chairman Esch said today, "failure to enact necessary legislation before March 1 would be disastrous. I am satisfied, however, that the house will adopt the conference report without delay."

Oil Production Shows Big Increase During Year

Oil City, Pa., Feb. 12.—Oil production in the United States during 1919 was 266,255,611 barrels, an increase of more than 24,000,000 barrels over the previous year according to the annual review of the Oil City Derrick made public today.

The 1919 report is a new high record in the annual petroleum output of the United States, according to the review. Fields which showed gains were North Carolina, Texas, North Louisiana, Gulf coast, Kentucky, Wyoming and the Lima districts. Losses were recorded for Kansas, Pennsylvania, West Virginia and southeastern Ohio.

To Prevent Flu and Colds Three Rules You Should Observe

- (1) Sleep 8 hours--With Windows Wide Open.
- (2) Eat wisely--exercise regularly--don't worry.
- (3) Avoid crowds and persons having colds.

Flu this Year is Milder

The rules given above, recommended by the New York city board of health, are guides to good health at all times. Particularly should they be followed just now, when influenza is again abroad in the land. Authorities agree, however, that the flu this year is less severe than in the last epidemic—the attacks are shorter and the death rate lower. In fact, many physicians insist that the epidemic now being reported from so many sections are not flu at all, but simply the old-fashioned grip.

Keep the Air Passages Healthy

While we know very little more about the flu now than we did last year—the germ itself has never been positively identified—still most authorities agree that flu germs are breathers in. If the system is in good shape and the membrane or lining of the air passages is in healthy condition—these germs are thrown off.

A good plan is to melt a little Vick's VapoRub in a spoon, night and morning, and inhale the vapors, also apply a little up the nostrils several times a day, especially just before being exposed to crowds.

Treat all Colds Promptly

Above all, keep free from colds, as colds irritate the lining of the air passages and make them real breeding grounds for germs. Prompt use of Vick's VapoRub aids in preventing colds. For head colds, sore throat or hoarseness, rub Vick's well over the throat and chest and cover with a warm flannel cloth. For deep chest colds, severe sore throat or bronchitis, hot wet towels should first be applied to the throat, chest and back between the shoulder blades.

The present supply at the store consists of solid pack tomatoes, 9c; bacon, 20c; prunes, 15c; wood underwear, \$1; blankets, cotton double, \$2; new wool blankets, \$8; new cotton and wool blankets, \$5; hatchets, \$1; towels, 20c; 5-ring halters, \$1; barrack bags, 75c; reclaimed barrack bags, 25c; rubber hip boots, \$5.25; compass, \$1; iodine, 15c; safety match case, three for 24c; wool togues, \$1.50; wool mufflers, 50c; wool sock 55c; cotton sock 15c; suiting goods enough to make a man's two-piece suit \$3.50 and \$5 each piece.

* COCOANUT OIL MAKES *
* A SPLENDID SHAMPOO *

* If you want to keep your hair in good condition, be careful what you wash it with. *
* Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulsified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair. *
* Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. *
* You can get Mulsified coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. *
* For Colds, Grip or Influenza and as a Preventative, take LAXATIVE BROMO QUININE Tablets. Look for E. W. GROVE'S signature on the box. 30c. (Adv.)

Where Can I Find Relief from Itching, Terrifying, Eczema?

This Question is Ever on the Lips of the Afflicted

Eczema, tetter, erysipelas and other terrifying conditions of the skin are deep seated blood troubles, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach. You have the experience of others who have suffered as you have to guide you to relief. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble. Give it a fair trial to be convinced of its efficacy.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today, describing your case, to Medical Department, West Specific Co., 252 Swift Laboratory, Atlanta, Ga.
