

REPORTS INDICATE INFLUENZA ON WANE

Dr. C. E. Cashatt, county health officer, has received only 25 reports of influenza or so-called "flu" during February. All of these cases are reported to be light. In giving statistics as to the exact number of cases existing, the health authorities encounter difficulty as many of the cases recover so rapidly that by the time the outside report has been received through the mail, the patient may have recovered fully.

Only seven new cases of flu have been reported in Salem to Dr. R. E. Pomeroy, city health officer. The number of cases existing in Salem has fallen rapidly from the high mark of 10 cases reported here last week.

No fatalities that could be attributed to flu have been reported to city and county authorities during the past four days.

The smallpox epidemic also appears to be abating in Salem and vicinity. No new cases have been reported for seven days and cases now under quarantine are recovering rapidly. Vaccination of school children and persons not immunized is still being advocated.

County Ministers Are to Attend State Conference

Ministers from Marion county will attend the State Pastors' Training conference, arranged by the inter-church world movement, at the White Temple, Portland, March 3-5.

This is the first interdenominational state pastors' training conference held in Oregon, and it will include the launching of a great program by the interchurch of world movement. Some of the strongest denominational leaders of the county will be present to conduct the conference. An invitation has been issued to every Protestant pastor in the state, and hundreds have already accepted.

Those who have signified their intention to attend from this county are:

Rev. J. C. Tibbets, Baptist; Rev. Chas. H. Powell, Episcopal; Rev. Alexander Hawthorne, Methodist; Rev. Thomas S. Anderson, Presbyterian and Rev. Francis Fisher, United Brethren of Salem; Rev. E. G. Hornsach, Evangelical association, of Jefferson; Rev. R. W. Achor, Presbyterian, Woodburn.

New Building at Girls' School to Be Sought, Report

A new building for the state industrial school for girls will be sought at the next session of the legislature by the board of advisors of the school, composed of women of Portland and Salem, according to information received here.

The one building which now constitutes the property of the school is held to be entirely inadequate to meet the needs of the institution.

A ruling has been made by the public service commission in a quarrel over a party telephone line in a rural district of Pennsylvania that no subscriber shall hold the wire more than 15 minutes unless in unusual cases.

At the first sign of skin trouble apply Resinol

It improves a poor complexion and preserves a good one, so that you need no artificial means to enhance your attractiveness.

At the first sign of skin irritation, of a blotch or a pimple, itching or burning, apply Resinol Ointment, and see if it doesn't bring prompt relief. It contains harmless, soothing balsams, and is so nearly flesh colored that it may be used on exposed surfaces without attracting undue attention.

Your dealer sells it.

New Prosecutor Will Conduct Bisbee Cases

Tombstone, Ariz., Feb. 12.—A. A. Worsey, an attorney of Tucson, Ariz., will be chief attorney for the state in the prosecution of the Bisbee deportations, involving men worth millions of dollars, if he will accept the place while County Attorney Robert N. French is absent for medical treatment, it became known here this afternoon.

Auto Thieves Break From Nebraska Prison

Lincoln, Neb., Feb. 12.—Reliance Briner, under a penitentiary sentence of from one to ten years for stealing a motor car, and a fellow prisoner also held in connection with an automobile theft, escaped from the county jail here today after sawing their way out of a steel inclosure in the basement of the building.

The Producing Managers association has just adopted a resolution at a meeting in New York urging the Methodist Episcopal church at its next general conference, to be held in Des Moines next May, to lift the ban on theater-going.

Millerand Insists on Extradition Under Pact

Paris, Feb. 13.—Premier Millerand, of France, who is attending the meeting of the supreme allied council in London, is energetically insisting upon the execution of the extradition clause of the Versailles treaty and urging if

the Germans refuse to surrender men accused of war crimes that they be tried by default, says the Echo de Paris.

A daughter is opposed to her father in the Prussian diet, Frauella Fischer having been elected by the independent socialists and Herr Fischer by the majority socialists.

Grip, Influenza
Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whip, pleasant little pink pills, 30c at druggists. Guaranteed.

American Army Deserters Are Captured in Mexico

Mexico City, Feb. 12.—Three negro deserters from the American army have been captured near Nacozari by Mexican troops, the war department is informed.

Following the appearance of two United States airplanes over San Isidro Naco, Chihuahua, orders have been issued to watch carefully for the appearance of others and capture the pilots if they land. A new protest to Washington is being formulated.

Costa Rican Governor Assassinated is Report

Panama, Thursday, Feb. 12.—Governor Ferrigault of the province of Chiriqui, on the Costa Rican frontier was assassinated tonight according to advices received here. It is said Governor Ferrigault had befriended W. G. Chase, an American, in litigation over land and that this led to his assassination.

Lady Georgiana Buchanan, wife of the British ambassador to Petrograd, has opened her drawing room in Sheshan House, London, for Russian women refugees, where they are employed at needlework at \$1.50 a day.

How to Use Vick's Vapo Rub To Prevent Flu

Spoon Night and Morning and Inflamed Air Passages Make Ideal Breeding Grounds For These Germs.

KEEP AIR PASSAGES OPEN

Melt a Little Vick's VapoRub in a Spoon Night and Morning and Inhale Vapors—Also Apply Up the Nostrils Several Times a Day, Especially Just Before Being Exposed to Crowds.

Flu This Year is Milder

While we know very little more about the flu now than we did last year—the germ itself has never been positively identified—still most authorities agree that the flu germs are weakened in. If the system is in good shape and the membrane or lining of the air passages is in healthy condition—these germs are thrown off.

A good plan is to melt a little Vick's VapoRub in a spoon night and morning, and inhale the vapors, also apply a little up the nostrils several times a day, especially just before being exposed to crowds.

Treat all Colds Promptly

Above all, keep free from colds, as colds irritate the lining of the air passages and make them real breeding grounds for germs. Prompt use of Vick's VapoRub aids in preventing colds. For head colds, sore throat or hoarseness, rub Vick's well over the throat and chest and cover with a warm flannel cloth. For deep chest colds, severe sore throat or bronchitis, hot wet towels should first be applied to the throat, chest and back between the shoulder blades to open the pores. Then Vick's should be rubbed in over the parts until the skin is red—spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck, so the vapors, released by the body heat, may be freely inhaled.

These vapors, inhaled with each breath, carry the medication directly to the lungs and air passages. At the same time Vick's is absorbed thru and stimulates the skin, thus aiding to relieve the congestion within.

Use of External Treatment for Colds Increasing

Vick's VapoRub is the discovery of a North Carolina druggist who found how to combine in Salve form, the standard time tested remedies, Camphor—Menthol—Eucalyptus—Thyme—so that when the salve is applied to the body heat, those ingredients are liberated in the form of vapors.

Vicks is particularly recommended for children's croup or colds, since it is externally applied and therefore can be used freely and often without the slightest harmful effects.

The best evidence of the value of Vicks is the steadily increasing number of people who have been converted to the use of the "outside" treatment. Beginning with the customers of a small retail drug store, the use of Vicks has grown—year by year—until now more than 17 million jars are used annually. And this in spite of the fact that Vicks is a new form of treatment to many folks in the north and west. Vicks can be had at all druggists in three sizes—25c, 50c and \$1.25. (Adv)
