

## CONSTANTINOPLE AT STANDSTILL WHILE ACTION ON TREATY

Constantinople, Feb. 12.—Work in the harbor here is completely disorganized as a result of delay by the peace conference in reaching a decision relative to the future status of Turkey. It is impossible to move cargoes to Black sea ports because of the bolshevik and speculators here are holding clothing and foodstuffs for higher prices as a result of which the cost of living is as high in Constantinople as it is in Paris or London.

Thousands of Russian refugees are cordially welcomed here. The average Turk wears out his capacity for hatred in expressing his enmity against the Greeks and pays little attention to persons of other nationalities, even traditional enemies such as Armenians.

General resentment against Greek occupation of Smyrna is seemingly on the increase and all factions here say peace is impossible if Greeks control any territory where there is a predominant Turkish population.

Premier Venizelos of Greece, General Paraskevopoulos, commander of Greek troops at Smyrna and M. Veradandis, Greek high commissioner, are reported to have decided to hold all Greek forces, approximately 400,000 under arms. It is said this decision was reached because of the fact that Turkish forces in Anatolia have been increased. Italian soldiers have had little trouble but the French have had encounters with Turks in Anatolia and with Bedouins near Lake Tiberias.

Members of the Turkish parliament belonging to the nationalist bloc numbering 116 have pledged themselves not to accept a place which does not return to Turkey all territory having Turkish majorities and places Turkey under the guardianship of a single nation having territorial aspirations in the Near East.

## SALEM AS AIRPLANE STATION IS PLANNED

Work of grading and leveling the landing field of the Webfoot Aircraft company is under way. The 50 acre field will be put into good condition for the accommodation of airplane service for this locality. The field is located near the fair grounds and at the end of the 17th street car line.

That Salem will be on the service route of the Oregon, Washington and Idaho Airplane company is regarded as a possibility by officials of the local aircraft company. While officials of the larger concern have made nothing but tentative arrangements for the establishment of a station here it is understood that the existence of a good landing field here will aid in bringing the service to Salem.

Officials of the local company announce that the field will be conducted as a commercial flight location. Government patrols will also have access to the field. Landing sheds and repair shops will be provided as the station becomes recognized and aerial traffic increases.

A Salem-Portland aerial service may soon be inaugurated by the Webfoot Aircraft company of Salem, according to announcement made by Friday by R. O. Snelling, president of the company. The plane which made successful commercial flights here last summer may be put on the route. The tentative plan is dependent upon the action of intra-state aircraft companies in limiting Salem upon their routing sheets. Should the larger companies deny Salem this service, the local concern will assume the responsibility.

**Dressmaker Doing Her Bit**

"Since I was a child, I have suffered with stomach trouble and gastric attacks. Doctors could only give me temporary relief. A lady I sewed for told me of having been cured of similar trouble by taking Mayr's Wonderful Remedy. The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## INTEREST IN BENEFIT CONCERT IS GROWING

Interest in the benefit concert to be given in the Grand opera house, Friday evening, February 20, grows as the plans take more definite shape. Aside from the fact that the program, featuring Professor Arthur von Jessen of Portland, and well-known local talent, promises so much, the mere announcement that the money raised from the sale of tickets for the concert, goes to further the work being done by the Marion County Children's bureau, is sufficient to insure the success of the affair.

Mrs. Frederick S. Stewart, heading the decorating committee has named the following to assist her: Mrs. W. Melvin Plimpton, Mrs. W. H. Lytle, Mrs. William Burghardt Jr., Mrs. Clifford Brown, Mrs. William Lerchen, Mrs. J. L. Van Doren and Mrs. William Walton. This committee met Friday afternoon, perfecting details for a stage setting, that gives promise of being appropriate and beautiful.

The various other committees are co-operating in completing every arrangement. The tickets will be on sale shortly, and it is not anticipated that the women who offer them to the public will experience any difficulty in disposing of every one, so worthy a cause as the babies of the county, who will benefit by every dollar raised, appealing to the public mind in a peculiar way.

## Reports of Peruvian Plot in Mexico Denied

Mexico City, Feb. 12.—Reports that Peruvian agents are fomenting a revolution in that country while on Mexican soil were discredited yesterday by Jose Maria Barreto, Peruvian chargé d'affaires in this city. He declared there were very few Peruvians in Mexico.

In a referendum vote the Portland Chamber of Commerce has declared against the proposed city zoning system by a vote of 270 to 65.

## Meeting February 25 Will Perfect Organization Plans

Plans for the perfection of a progressive Salem high school alumni association were adopted Wednesday night at a meeting of the preliminary committee appointed February 6. The meeting was held at the home of Miss Dorothy Buchner, the following named members being present: Dewey Probst, chairman; Leslie Springer, Frederick Aldrich, Miss Luella Patton, Miss Dorothy Buchner and Elvin Lantia. Miss Margaret Graham of the high school faculty met with the committee.

A general meeting of all the alumni of Salem high school has been called for February 25. This will be held in the auditorium of the Salem public library and plans adopted, Wednesday night will be submitted. At that time a committee of seven will be appointed to work with sub-committees in drawing up working plans for organization work. Banquet committees, advertising committees and correspondence committees will be appointed. Plans

\* END DANDRUFF  
\*\*\*\*\*

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Small sawmills in Lane county are closing down for want of cars. Mill owners say car shortage is as responsible for high prices for lumber as is the demand.

also include the election of a general chairman and a general secretary. It is estimated that nearly 1000 Salem residents are eligible for membership in the organization, the primary purpose of which is to perpetuate the ideals and accomplishments of Salem high school. High school alumni now residing outside of Salem will also be
