and Telegraph company, went on strike this morning, according to A. B. Easterbrook, past president of the local union of the International Brotherhood of Electrical Workers.

This was part of a plan for a coast wide strike of electrical workers, Easterbrook said.

The men had asked a wage increase from \$6 a day to \$7. The principle of collective bargaining, also is an issue, Easterbrook said.

Between forty and fifty men in Sacramento are affected by the strike order. Throughout northern California 100 men are involved, it was said.

Los Angeles Men Quit
Los Angeles, Cal., Feb. 14.—Five hundred electrical workers employed by the Southern California Telephone company struck today, to enforce their demand for higher wages, according to a statement by George Hingo, the acting business representative of local 570, International Brotherhood of Electrical Workers. Officials of the telephone company said some men had quit work but they believed a considerable percentage would remain on duty.

Portland, Or., Feb. 14.—Union telephone linemen claimed here today that two-thirds of their number in Oregon had gone out on strike. Officials of the Pacific Telephone & Telegraph company stated that a few linemen had gone on strike but not as many as claimed by the union representatives.

J. P. Noonan, president of the International Brotherhood of Electrical Workers, and L. C. Grasser, vice-president, left today for San Francisco after a meeting here which lasted until well after midnight.

California Hard Hit.
Owing to the fact that most of the "inside men" employed by the telephone company in Oregon recently joined associations formed among themselves, and signed agreement with their employers, few if any of them were affected by the strike call, it was said.

Northwestern Men Strike.
Spokane, Wash., Feb. 14.—Members of the electrical workers union employed here by the Home Telephone & Telegraph company, a subsidiary of the Pacific company, were still at work this morning, it was stated by A. J. Oakes, treasurer of the local union. Mr. Oakes said no notice of strike had been received by officers of the local union.

Seattle, Wash., Feb. 14.—No Seattle electrical workers answered the strike call today, according to reports received at the Pacific Telephone & Telegraph company's office and the International Brotherhood of Electrical Workers headquarters. Union officials said they had received no strike order. The telephone company said all the men were working.

RUMANIAN GIRL WINS PRAISE FOR BRAVERY

New York, Feb. 14.—The story of the bravery and sacrifice during the war of 14-year-old Ecaterina Teodor-schi—the Rumanian Jeanne d'Arc—a girl scout who was killed in action, was told here today by Major Livius D'Treumann, military attache of the Rumanian legation at Washington in an address before the Manhattan council of boy scouts. The major, who is head of the boy scouts of Rumania, said that with the beginning of the war his country had 50,000 boy and girl scouts.

When the Rumanian army was mobilized, Ecaterina donned boy's clothing and enlisted in the Eighth company of the 8th regiment. After going through innumerable engagements, both her legs were shattered by shell fragments and her sex was discovered.

The king heard of her heroism and commissioned her an honorary lieut-

PAINS NEARLY DOUBLED ME UP

Nothing Helped Me Until I Took Lydia E. Pinkham's Vegetable Compound.

Wyandotte, Mich.—"For the last four years I have doctored off and on without help. I have had pains every month so bad that I would nearly double up. Sometimes I could not sweep a room without stopping to rest, and everything I ate upset my stomach. Three years ago I lost a child and suffered so badly that I was out of my head at times. My bowels did not move for days and I could not eat without suffering. The doctor could not help me and one day I told my husband that I could not stand the pain any longer and sent him to the drug-store to get me a bottle of Lydia E. Pinkham's Vegetable Compound and throw the doctor's medicine away. After taking three bottles of Vegetable Compound and using two bottles of Lydia E. Pinkham's Sensitive Wash I could do my own housework. If it had not been for your medicine I don't know where I would be today and I am never without a bottle of it in the house. You may publish this if you like that it may help some other woman."—MRS. MARY STUBBS, 129 Orange St., Wyandotte, Mich.

tenant in the fifty third regiment. She pleaded to be allowed to return to the front and her request was granted. She was killed in action a few days later.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection And Can Be Permanently Relieved

Rheumatism means that the blood has become saturated with uric acid poison.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to take a little salve and by rubbing it on the sore spot, expect to get rid of your rheumatism. You must go deeper than that, down deep into the blood where the poison

promises an address such as Salem audiences are not often privileged to hear.

Five Brothers Arrested as Suspected Assassins

Panama, Friday, Feb. 13.—Police have arrested a young man named Sagel and his four brothers for the assassination of Governor Perrigault of Chiriqui province last night. Reports received here state Govern-

or Perrigault prevented Sagel's father from stirring up trouble between squatters and W. G. Chase, an American land owner. The father refused to keep the peace or leave the town of Lajas, and police finally placed him in a hammock and carried him beyond the town limits. This enraged the son who sought the governor. It is alleged the young man approached

Governor Perrigault from behind and shot him down. If convicted of murder in the first degree Sagel may be sent to prison for 20 years.
