**Suffered 3 Years With Rheumatism, Catarrh and Stomach Trouble, Since Taking No. 40 Feels Fine**

Gary, Ind., April 25, 1919.—"I suffered for over three years with chronic rheumatism, catarrh, constipation, stomach trouble, bad blood, nervous spells, aching limbs, so I could not sleep. Saw an advertisement in the daily paper about Menstrual Number 40 For The Blood. I thought I would give it a trial. As I had consulted with a number of physicians and tried various medicines without receiving any benefit. I have had two bottles of Number 40, and am not near so nervous and am feeling fine. I am now starting on my third bottle. Mrs. Christine Anderson in rheumatic, gouty condition, indigestion, auto-intoxication, liver and stomach trouble, believed to remove and destroy appendix. Suffered with eczema and skin disease, chronic rheumatism, catarrh, chronic myalgia (pain in the muscles), muscular rheumatism or neuralgia, glandular swellings, scrofula, and lead poisoning, abscesses, and skin disease. # HOLLAND'S ENTRY TO LEAGUE IS DELAYED

The Hague, Feb. 12.—Negotiations of the Dutch government with other neutrals regarding entry into the league of nations have been without result, according to a government statement to the parliament, which tomorrow will take under consideration Holland's participation.

The statement says that neutrals could not make general reservations because article one does not admit of any. The Dutch government's delay in submitting the measure proposing the entrance of Holland is excused in the statement on the ground that the United States has taken no decision and the Scandinavian countries have delayed their decision.

The Dutch press considers Holland's entrance into the league as certain, though reservations probably will be submitted and discussed in parliament.

**Astoria Man Crushed By Sagging Bridge**

## GOD'S MEASURING-ROD OF CHARACTER

### The Rule or Standard of the Judgment. What Is It?

ANOTHER SERMON STUDY BY  
**Evangelist A. R. Bell**

If a man is charged with a crime in the Court of the Commonwealth, and the defense proves that his life is in harmony with the Law instead of, as charged, in transgression, he is set free. Law is the Standard of Judgment with men.

## They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—road-bed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American railroads to pay the highest wages while charging the lowest rates.

*What Lincoln said (from an address by Abraham Lincoln to the Workmen's Association in 1864)*  
"Property is the fruit of labor; property is desirable; it is a positive good in the world... Let not him who is business pull down the house of another, but let him work diligently and build one for himself, thus by example assuring that his own shall be safe from violence when built."
