### Buena Crest Basketball Team Defeats Keiser Five

The Buena Crest school's basketball team defeated the Keiser school in a game of basketball Friday, Feb. 13, at a score of 23 to 2. This was the first game of the season and neither team had had much practice. The Keiser team outweighed the Buena Crest's but the latter showed more accuracy and team work. Firod starred for Buena Crest making 15 points. Many enthusiastic rooters accompanied the winning team to Keiser field where the game was played.

### DELANO PREDICTS GREAT FUTURE FOR MOTOR INDUSTRY

"The Model 490 Chevrolet roadster is well representative of the new era in car production and sales," states F. G. Delano of the Salem Auto company.

While Mr. Delano is justly proud of the car which he represents, he is able to make some comprehensive observations concerning Salem and the auto industry.

Mr. Delano predicts a great future for the automobile in this section, not only from the dealers' viewpoint but also from the car-users' angle of the situation.

"The certain recognition of Salem and its resources and the subsequent development of this section will make this a car owner's mecca," says the president of the Salem Auto Dealers' association.

Mr. Delano points out that the new era will bring universal road improvements and extension. While this growth is already discernible its ultimate scope is beyond the average conception, he says. Another indication is that the number of car owners is always on the increase.

In trying to keep up with this demand, it is Mr. Delano's observation that manufacturers are increasing plant and production areas. The Salem Auto company has the promise

this year of 50 per cent more deliveries than were available in 1919. While this will tend to relieve the local demand, Mr. Delano states that it will not enable them to fill all available orders. Another factor making deliveries uncertain is the possibility of strikes and transportation tieups.

Despite the rumors that general price raising has been universal during the past year, Mr. Delano invites attention to the fact that there has been only one increase in the price schedules of the models handled by his firm. This one instance was the increase of \$16.50 in the price of the Chevrolet Model 490 car.

At the Auto Show, the Salem Auto company will have latest models of the Chevrolet Baby Grand and Model 490. If it is possible to get prompt

transportation, they also plan to have a Scripps Booth touring model on exhibition.

### Water Permits

The Enterprise Electric company of Enterprise has filed an application with State Engineer Copper covering the appropriation of 60 second feet of water from Wallowa river for the development of 1927 horsepower at a power plant to be constructed above Wallowa Lake.

Application has also been filed with the state engineer's office by H. Earl Cross of Prineville, for the appropriation of water from a spring for domestic supply.

### Rosedale.

Rosedale, Feb. 17. — There have been several cases of the flu here the past week and school is closed again this week.

Lowell Gardner is home from Newberg for a few days recuperation.

Roy Bates is moving onto his place near Prospect and Albert and Ida Bates will move onto their place here. The W. S. Penberton family are convalescing from the flu.

### PORTLAND PRINTER DEAD

Portland, Or., Feb. 17.—Albert A. Lindquist, for several years foreman of the composing room on a local newspaper, died here today from pneumonia after a week's illness. Lindquist formerly was connected with newspapers in Los Angeles and Denver. He was 31 years of age.

### LAXATIVE for Aged People

**THE BANE** of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

### Mother! Teach the Children Their Daily Health Duty

You can't be too insistent!

FEW children find pleasure in the things most vital to their physical comfort and health, so it rests with the watchful mother to see that they are done. The child will be grateful in after years.

Chief among the functions necessary to the upbuilding of the little body, so that it will not be a dyspeptic, constipated body when it matures, is elimination regularly every morning. If the mother will be insistent and allow nothing to interfere with it, it will soon become a habit, a daily routine that will not be forgotten throughout life.

There are times, however, when nature will not operate unaided. Then give Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, and the headaches, the biliousness, the tetter will quickly disappear. It acts gently and without griping, and as it contains no narcotics and is pleasant to the taste, it may

be given to infants. Thousands of families have been regulated to healthy maturity with Dr. Caldwell's Syrup Pepsin.

A bottle can be bought at any drug store. In a large family there is always someone who would feel better for a dose of a good medicine like Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest

selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington Street, Monticello, Illinois.
