Who Always Do Better By You

Reasons Why

You Should Have Your Eyes Tested By Me.

I will test your eyes and give you the benefit of one-third of a century's practical experience.

For nine years I have practiced in Salem and satisfied thousands and thousands of people in Polk and Marion counties, correcting the eyes of over 1500 children during that time. Among them were many cross-eyed children whose eyes I have straightened with glasses.

I have every facility for the accurate testing of sight.

I use no drops or drugs.

I give you my personal attention.

REASONS WHY YOU SHOULD SUSPECT YOUR EYES

If you have to make an effort to see distinctly; for seeing, when the eyes are perfect, is free from conscious effort.

If you suffer from headache or weariness after visiting the movies, theatre, or church. This is usually the outcome of eyestrain.

If you lose interest in close work or get sleepy after reading a short while.

If you find yourself frowning at your friends in the endeavor to see their faces clearly.

If you suffer from constant or occasional headache—often severe. This is a sure sign your eyes need immediate attention.

I guarantee satisfaction in every respect.

I change your glasses free of charge for one year, if necessary. Lenses duplicated while you wait.

My prices are very reasonable for the service and material you receive.
