

MOOSEJAW CLUB OF W. C. LEAGUE TO BE HERE APRIL 10-24

The famous Moosejaw club of the Western Canadian league will be seen in action in Salem during the week beginning Sunday, April 16. This is the result of a conference in Portland, Sunday between Eddie Bishop, manager of the Salem Senators and Nick Williams of the northern club.

Williams will bring his 25 man aggregation here and will train on the grounds of the new Salem club, planning a ten-day stop in this city before departing for the north. Arrangements have been made for the playing of a five-game series between the Senators and the visitors during week days, these games will be called at a o'clock in the afternoon, so that business men and baseball fans, locally employed, may have an opportunity to back the Senators in their efforts to worst the crack Canadian outfit.

The Moosejaw club, well known throughout the country is re-entering the game after the war period. Nick Williams has been recruiting from some of the best eastern offerings and has made arrangements with Bishop for the mutual exchanges desired by both managers.

In order to accommodate the visitors, Bishop is jumping into the work of securing funds necessary for the completion of the Twelfth-Oxford street grounds. All fans who are interested in the promotion of a good ball park here are urged to get into touch with Bishop. A phone call will bring the hustling baseball man with his receipt book for any donation, large or small. Bishop's place of business is the Willamette Valley Transfer company.

The Moosejaw club and other visitors brought here will spend their training money liberally, says Bishop, besides these games will put Salem on the Pacific coast semi-professional roster, a good form of civic advertising in itself.

The Salem city council, Elks club, Commercial club and other organizations have endorsed the organization of the Senators and Bishop argues that now is the time to insure the establishment of a well equipped semi-pro club in Salem.

Varsity "Frosh" Defeat Newburg
The Willamette freshman basketball team defeated the Newburg high school team Saturday night at Newburg by a score of 29 to 15. The team showed great improvement in teamwork over their former game. Giammas and Snesdofsky played the best game for the frosh, while the Jones brothers starred for Newburg.

KANSAS DEMOCRATS GATHER
Topeka, Kan., Feb. 23.—Democratic leaders from virtually all parts of the state are here today for the annual democratic "love feast." Informal discussion of national and state issues and candidates is the order of the day.

MULTNOMAH FIVE BEATS BEARCATS IN EXTRA TIME GAME

The Willamette basketball team lost to M. A. A. C. in Portland Saturday night by a score of 30 to 29. Each team had 28 points at the end of the regular playing time, and Multnomah managed to score a field goal in the five minutes overtime, while Willamette connected with only one point.

The Bearcats put up one of the best fights they have shown this season. Every man was going good, and there was, as the score shows, practically nothing to choose between the two teams. Willamette led, 16 to 14, at the end of the first half. "Squint" Dimick was high-point man for the collegians, while "Russ" Roney played a great game on defense. In the last few moments of play Jackson, the Bearcat center, sprained his ankle. He may be able to play in the games with Stanford and Idaho this week.

Morton and Clerin played the best basketball for Multnomah. Willamette: Wapato (6).....F.....(10) Clerin Dimick (8).....F.....(15) Morton Jackson (6).....C.....(2) Mike McKittrick (7).....C.....(2) Twining Roney (2).....G.....(2) Toomey S.....(2) Dunway S.....(4) Clerin

Chemawa Runner Second In Cross Country Contest

Albert Spearson, Chemawa runner, has again made a good showing for the Indian school, taking second place in the Portland Telegram's annual cross country event, Saturday. The five mile sprint across the city was contested by over fifty entrants and was won by M. Payne of the Multnomah Athletic club. Payne's time was 26.02 minutes.

While Payne led him by about a hundred yards, Spearson's run was made in good form. Spearson has secured honors for his school in other events.

Dallas Quintet Wins Fast Game
In a very fast and evenly matched game, the Dallas Athletic club defeated the Lincoln Junior high basketball quintet at the Y. M. C. A. gym Saturday night by the score of 8 to 6.

The Dallas team was composed of younger and older men, but the locals held the score down to 6-6 until the end. Five minutes of extra play was required before the visitors could best the check-up, two points.

In a preliminary game, the Lashby A. B. church team defeated the M. C. A. with the score of 8 to 5.

BELGIAN KING TO VISIT RIO JANEIRO THIS SPRING
Rio Janeiro, Sunday, Feb. 22.—An announcement is made that Albert, king of the Belgians, will visit this city in June. Apartments in one of the most beautiful palaces in the city are being renovated to receive the royal guests.

SENATORS PROMISE GOOD SEASON WITH PARK'S CREATION

With Billy Speas of the Regina club, Nick Williams of the Moosejaw league and Billy Stepp of the Portland Elks' team, angling for opening games, Eddie Bishop is working overtime in an effort to get the field at Twelfth and Oxford streets in shape for early play.

Salem baseball fans, upon learning that there is a good chance to bring one of the Canadian clubs here for a series of games and perhaps for completion of spring training have submitted proof of their desire to put the Senators up against these teams to subscribing liberally to the fund necessary for park construction.

While these voluntary subscriptions give definite promise of about \$1000 Bishop expects to encounter little difficulty in raising the necessary amount which contractors estimate will be about three thousand dollars.

With the promise of permanent grounds for the Senators, Salem followers of our door sports have evinced a determination to establish a well equipped field. The six-acre tract at Twelfth and Oxford streets, is considered ideal in location. Bishop's plans to thoroughly fence the park and to get it in such condition that it can be also utilized for football, field meets and other out of door exhibitions.

Among the innovations planned for the park are: protected parking, and a triangular, all-view grandstand faced by a batting cage. A small club house, equipped with lockers, dressing rooms and showers is also included in the project.

The Senators have been availing themselves of the good weather by getting together for a bit of practice after working hours, as all of the boys are employed locally.

The lineup as checked at the present time is: Hays and Kracke, catchers; Cox, Schroeder, Cole, Craig, pitchers; Bishop, first sack; Holmes second base; Mike Miller, short; Proctor, 3rd bag; Knickerbocker, Humphreys, O'Malley, Hall and Adams, outfield.

Bishop announces that he intends to put more time into fund soliciting, this week and will make a daily canvas and publication of support received.

Water Permits

The appropriation of 200 second feet of water from Wallowa river for a supplemental supply for the irrigation of 6755 acres in Wallowa county is sought by J. Louis of Lostine. In an application filed with state engineer Percy A. Cupper Saturday.

Other applications for water rights were filed Saturday as follows: By C. E. Weston of Grants Pass covering the appropriation of water from Rome river for the irrigation of a small tract in Josephine county.

By W. A. Mack of Kerby covering the appropriation of water from Althouse creek, the East Fork of Illinois river and Sucker creek for the irrigation of small tracts near Kirby.

By N. S. Phelps of Myrtle Point covering the appropriation of water from a small unnamed stream for domestic supply.

By Antone Spinas of Selma covering the appropriation of water from Draper creek for the irrigation of 20 acres in Josephine county.

IRRIGATION PLANS OF WESTERNERS NOT YET DEAD, REPORT

Despite opposition from some of the leaders in congress to the proposed \$250,000,000 bond issue for reclamation and irrigation projects in the west there is a chance for the westerners to succeed with their project, declares information received today from Washington, D. C., by State Engineer Percy A. Cupper.

"It is probable that the measure will have to be widened so as to include swamp and cut-over lands but the fact that the west is now in the saddle in congress and in addition occupies a strategic political position makes the chance for success good," Cupper's informant declares.

"The delegation from the west has succeeded in overturning a long established precedence in resuming a hearing directly from the steering committee. Already the steering committee has given decided encouragement to the proposed legislation and, what is more, a vacancy on the steering committee probably will be filled by the appointment of Representative Nolan of California. This will give the west control of that committee and its all powerful influence for the bond issue is regarded by many as certain."

"William Spry, former governor of Utah, and one of the western delegation pointed out to the ways and means committee that the reclamation fund bond issue is a different proposition from appropriations for rivers and harbors. That money, as he stated, is not returned, while the bond money will be repaid with interest."

BIG SCOUT-EIK PROGRAM FOR FEBRUARY 27 IS POSTPONED

Although the big program scheduled by the Salem Elks lodge has been postponed because of the prevalence of sickness, the special committee in charge of the event is taking advantage of the delay by perfecting arrangements for special program features not originally included in the scout work exhibition.

The affair was to have taken place at the Salem armory, February 27, the public being invited to enjoy the exhibition of combined scout and Elk exercises and drills. The special committee in charge: F. A. Ertson, August Huckelstein, M. L. Meyers, Charles Knowland and S. M. Endicott have made new arrangements with Scout Executive Harold Cook for the later announcement of the event.

NIGHT FIRE DRIVES GUESTS FROM BIG NEW YORK HOTEL.
New York, Feb. 22.—Four hundred guests at the Marie Antoinette hotel, Broadway and 67th street were driven from their rooms early today by a fire which started in the apartment of William H. (Big Bill) Edwards, collector of internal revenue and former Princeton football captain. The hotel was damaged by water to the extent of \$25,000.

Mr. Edwards' football trophies, which he considered priceless, were destroyed. The origin of the fire is not known.

Capitol Briefs

Certification of a \$29,700 bond issue is asked of the state irrigation securities commission by the Rainier drainage district in an application filed with the commission Saturday. The issue is to be used in the completion of the drainage project.

School district No. 43 in Grant county has failed to satisfy the requirements of the state law in voting its \$1000 bond issue for a new school house in that there are no minutes of a board meeting previous to the election at which action was taken favorably to such an election. The state law, according to an opinion prepared by Attorney General Brown for the guidance of State Treasurer O. P. Hoff requires that the school board shall select the form of indebtedness to be entered into before any election to authorize the contraction of such a debt can be had.

Although there is nothing in the law providing for and regulating port districts which would make it illegal for a member of the port commission to receive compensation for work performed for the district, according to Attorney General Brown yet the attorney general advises against such employment of port members when other assistance equally as good can be had. Such action would place the commission in the position of employing and paying one of its own members, laying the commission open to public criticism and would not be good policy in the opinion of the attorney general. The opinion was prepared in reply to a query from H. T. Stewart, secretary of the Port of Port Orford.

University Man Talks At Liberty On Americanism
Friday evening, Prof. L. C. Douglas, of University of Oregon extension division lectured on the subject, "Americanism" before an interested crowd. He said that Americanism was hard to define since every party and people were only too glad to claim it as their main principle.

In the last analysis, Mr. Douglas stated democracy as developed in the new world and Americanism were one and the same thing—and most to be guarded. A short program preceded the speaker and consisted of the following numbers:

Bass solo—"A Sailor's Dream"..... Claude Stevenson.
Reading—"An Alligator"..... H. Judd.

Piano Solo..... Miss Grace Hastings.
Following business meeting refreshments of sandwiches, cake and coffee were served.

SALT RIVER FLOODS WANES

Phoenix, Ariz., Feb. 22.—The peak of the flood of Salt river which was expected to reach Phoenix early this morning, failed to arrive and the river is gradually receding. The property damage from the swollen streams has been slight and there is no further alarm over the situation.

The Indian elephant rarely breeds in captivity.

Welcome Relief from Tortures of Rheumatism

Can Come Only From the Proper Treatment

Many forms of rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

And because so many people treat the pain, and not the disease itself, is one reason why rheumatism in many cases is a permanent disease, increasing in severity year by year.

The most satisfactory remedy for rheumatism is S. S. S., because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of impurities. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating impurities, acting as a tonic to the entire system at the same time.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy.

Smoke Too Much? Let Nicotol Help you quit

Do you smoke too much? Thousands of men do and know it. They want to smoke less or quit altogether but will not punish themselves to endure the craving that follows leaving off. Such men need Nicotol which kills the craving and makes cutting down the use of tobacco or quitting altogether easy and pleasant. Nicotol cures the craving for tobacco, tones up the nerves and keeps you feeling fine and fit. Go to any druggist for a package of Nicotol tablets sold under a steel bound guarantee of satisfaction or money refunded.

Note: Ask your druggist what others say about the wonderful power of Nicotol to break the tobacco habit. He knows and he can be trusted to tell you the truth. (Adv.)

WALLES MIXERS STRIKE
Forth, Wales, Feb. 22.—Thirty thousand miners went on strike today in the collieries of the Rhondda valley. The shutdown was almost complete.

Many thousands of the extreme radicals, or Communists, besieged the Reichstag on January 13 while the workmen's compensation measures were under consideration. Soldiers used barbed wire in the streets to regulate the flow of disarmed people and picketed the Reichstag building with machine guns and crews ready for any emergency. For a few hours revolution was imminent.

Why are WRIGLEY'S flavors like the pyramids of Egypt? Because they are long-lasting.

And WRIGLEY'S is a beneficial as well as a long-lasting treat.

It helps appetite and digestion, keeps teeth clean and breath sweet, allays thirst.
