FORTY-THIRD YEAR.—NO. 47.

SALEM, OREGON, TUESDAY, FEBRUARY 24, 1920.

PRICE 2 CENTS.

THREE JURYMEN SICK AND TRIAL DELAYED AGAIN

Alleged Radicals Who Refused Food Friday' Outline Menu Acceptable to Them in Note to Sheriff

Montessano, Wash., Feb. 4.—Three more jurors in the trial of ten alleged I. W. W. here for the murder of Warren O. Grimm, Centralia Armistice day parade victim, were reported ill shortly before court was to open today at the beginning of the fifth week of the trial.

Edward Parr, because of whose illness the trial was temporarily halted last week, was reported improving. It would be impossible, according to the court, to go on with the case today, and it was unlikely that any of the sick jurors would be discharged at this time.

To discharge more than two of the sick men would mean a mistrial. It was explained, and there was said to be a chance that those reported ill today would be sufficiently recovered by Thursday to occupy their places in the jury box.

The three men reported sick today are: U. G. Robinson, Hoquiam; Frank Glenn, Brady; and Aubrey T. Fisher, Elma. Their illnesses had not been diagnosed, but the county health officer says influenza is suspected.

Three more defendants joined the hunger strike in the county jail this morning, all of them with the exception of Loren Roberts refusing to accept the food placed before them.

Better Food Demanded.
The six prisoners who refused their food yesterday, throwing it into the jail corridor, today presented a written demand to Sheriff Jeff Bartlett, outlining a menu upon which they insisted. Their demand is as follows:

"Breakfast—Toast, ham or bacon, coffee and fried potatoes.
"Lunch—Boiled dinner consisting of round steak and lots of vegetables with bread and coffee.
"Supper—Bread, butter and coffee, coffee and other vegetable."
They insist that they shall be served more mush and macaroni. Their regular food, according to the jailers, has consisted of kasha, with sugar, three slices bread, syrup or apple sauce and coffee, and occasionally hot cakes, for breakfast. For lunch they have been receiving boiled potatoes, occasionally boiled beef or macaroni, bread, beans, coffee. The evening meal has consisted of boiled potatoes or macaroni, beans, bread and coffee.

Meals Are Refused.
With the exception of Roberts, all of the men refused their food today, several of them throwing it away, while others placed it in the corridor, untouched. Britt Smith, Roy Beckler and Mike Sheehan joined the hunger strike this morning. The demand upon the sheriff was signed by the six original ringleaders: James McInerney, Bert Bland, Eugene Barnett, O. C. Bland, Elmer Smith and Hugh Lamb.

Nurse Is Provided.
Judge John M. Wilson, after a conference with state and defense counsel today, announced that he would appoint a nurse as additional bailiff for the purpose of taking care of the sick jurors.

In the conference Attorney George F. Vanderveer announced a willingness to stipulate to the separation of the jurors, providing one of the present bailiffs, A. F. Jackson is dismissed, but Judge Wilson would not agree to agree to it.

Vanderveer has complained of Jackson before, alleging that he was friendly to the state, but Judge Wilson refused to remove him. The jury will not be separated, Judge Wilson said, but the nurse will watch the health of all of them. It is probable, Judge Wilson said, that Miss Ruth Upton, county nurse, would be appointed.

Vanderveer today told Judge Wilson that he would object to any more alternate employed by the prosecution against Loren Roberts, one of the defendants for whom a plea of insanity has been entered. He said he has some objections on the way one is alleged to have treated Roberts.

Abdur-Rahman Kahn, amir of Afghanistan from 1844 to 1909, succeeded in imposing an organized government upon a most unruly people.

Congressional Inquiry Into Packing Industry Is Opened In House

Washington, Feb. 24.—Another congressional inquiry into the meat packing industry began today before the house agriculture committee, Representative Tichenor, republican, Kansas, declaring that the "stock producers are going bankrupt, the packers are rolling in wealth and the consumer is facing want."

It was decided to allow advocates and opponents of federal regulation of the industry twenty hours each. Attorney General Palmer then will be asked to explain the recent decree accepted by the "big five" Chicago packers, excluding them from handling other commodities than meats and allied products. After that the committee will decide as to further investigation.

Representative Anderson, republican, Minneapolis, opened the inquiry by explaining his measure similar to the Kenyon bill introduced in the senate, proposing a federal livestock commission, the divorcing of packer-owned refrigerator cars and federal licensing of the packing packers.

Mr. Anderson charged that the stock yards at Kansas City, Omaha, Chicago and elsewhere were owned or controlled by Armour, Swift, Cudahy, or others of the "big five" and that it was this control "to which the producers of the west object." As it was used, he said, to destroy competition and to keep prices down.

GAS PIPE SLAYER ONCE MORE FEELS CLUTCHES OF LAW

Jack LaRose, Who Escaped From Pen Here Year Ago, is Captured in Oklahoma According to Telegram

Jack LaRose, 35, known to authorities throughout the state as "the gas pipe murderer," who escaped nearly a year ago from the custody of state penitentiary guards here, is held by the chief of police at Shawnee, Oklahoma, and an officer from the prison will leave tonight to return him here. LaRose was sentenced to life in prison for murdering H. Newman, a Portland pawn broker, in May, 1919. He escaped March 5, 1919.

The first information that LaRose had been captured was revealed Tuesday morning with the receipt of a telegram from Chief of Police Welsh from the chief of police at Shawnee, asking the amount of the reward offered for the slayer's capture. Penitentiary officers said that they had received word from the chief of police last Saturday saying that they had taken a man who gave the name of Roy Casey, but whose description answered that of LaRose. There can be no doubt that the man held there is LaRose, prison authorities say.

First News In Year
This is the first information concerning Jack LaRose that has been brought to the attention of state and city authorities here for almost a year. He was arrested during a running gun fight in the railroad yards at Portland with Portlanda police and Joe Keller, then state parole officer, and was admitted to the penitentiary here on May 25, 1919. He walked away in broad daylight from a gang of convicts working in a state wood yard 5 1/2 miles northeast of Salem on March 5, 1919.

Six weeks after LaRose's escape a corpse was found floating in the slough at Wheatland, near here, which was first thought to have been his. It was later identified, however, as that of an escapee from the state asylum. About a week prior to that time it was reported that a man answering his description was seen at Arlington, in eastern Oregon. Countrywide search for him, conducted because of the heinous nature of the crime and the man's reputation as a "bad character" produced no trace of him, however.

Sent Up for Life
LaRose was sentenced to life imprisonment on a charge of second degree murder, by Multnomah county court here. He was convicted of slaying H. Newman, a pawn broker, by striking him over the head with a gas pipe. The killing was prompted, it is said, by a dispute over a "split" on pawn. LaRose also assaulted Newman's partner Max Herman, and John Chung, a Chinaman, who were in Newman's establishment at the time.

Guards at the penitentiary regarded LaRose as a "fair" prisoner, and he was made a trusty. He had given no intimation of his intention before escaping.

**Convict's Mind
Restored Through
Serum Injection**
San Francisco, Feb. 24.—The restoration of the mind of a prisoner serving a sentence in San Quentin penitentiary who was suffering from aphasia, was announced last night by Dr. Leo L. Stanley, resident physician at the prison.

The prisoner, Robert Lockwood, is 27 years old and entered the penitentiary September 14, 1919, to serve a term for grand larceny. Dr. Stanley asserts he has established that Lockwood's real name is Fred Bruley, a son of Peter Bruley who formerly lived in Plattsburg, N. Y., and that he has a wife and child in the east.

Dr. Stanley said he became interested in the prisoner shortly after he entered the prison and on September 20 he gave Bruley a serum treatment by injection into the spine. Shortly afterward his recovery of memory became manifest.

Bruley said that in January 1917 he was in New York and remembered boarding a train for Chicago but could recall no details.

"I just seemed to come to myself in the hospital," Bruley said.

**Socialists Will
Rule Paris Meet**
Paris, Feb. 24.—Socialists of the most extreme faction will hold a large majority of the delegates sent from the Seine federation to the national congress to be held at Strasbourg this week. Of the 24 delegates fifteen will be under the leadership of M. Loriot, who is in favor of the immediate seizure of capitalistic power and its replacement by soviets or something similar to them.

Sugar Shortage Failed To Stop Heavy Exports

Washington, Feb. 24.—Although there were general complaints of a sugar shortage in this country last year, exports of the commodity during that time exceeded those of the year before by more than one billion pounds, according to department of commerce records. Exports reached a total of 1,475,467,678 pounds compared with 497,299,224 pounds the year before.

One explanation of the increase advanced is that England sent much cane to the United States to be re-milled and re-shipped. Exports to that country, however, were only 425,170,564 pounds whereas France imported 627,822,116 pounds or nearly half of the total. Italy took the third largest quantity, 58,931,947 pounds.

Relaxation of restrictions on shipments by the allied countries after the war is believed here to be largely responsible for the increased exports.

**Allies Refuse To
Deal With Russia
Until Horrors End**
London, Feb. 24.—The allies will decline to deal with soviet Russia "until they have arrived at the conviction that the bolsheviks harrows have come to an end," it was announced after a meeting of the allied supreme council today.

The decision of the supreme council, it was recognized, precludes diplomatic relations between the allied governments and the Moscow administration in the immediate future.

The council expressed itself as pleased that the international labor bureau had decided to send a delegation to Russia to study conditions but it stated its belief that supervision of the delegation should be under the council of the league of nations, giving the investigators greater authority.

The council, it was stated, decided that the allies could not accept the responsibility of advising the border states to continue war against the bolsheviks. If the bolsheviks attack within the territory of the border states, however, the allies promise "every possible support."

**Formal Order In
Injunction Upon
Board Is Signed**
Washington, Feb. 24.—Associate Justice Bailey of the district supreme court today signed the formal order of injunction against the shipping board to prevent the sale of twenty-nine former German liners. The court consented to the request of the shipping board that the ship Swannock, which has been sold for \$2,000,000 be excluded from the order of injunction.

William Randolph Hearst, who brought the proceedings, furnished a bond of \$10,000 to indemnify the shipping board against loss.

No notification of an appeal was given by counsel for the shipping board, but it was said that a special appeal may be taken later.

**League To Hear Of
Convention Last
Week At Astoria**
A full and detailed report of the progress made by the Salem delegation from the Business Men's league to the Oregon State Retail Merchants association convention held in Astoria last week will be made by Walter Denton, lone delegate from this city, who attended each day of the meeting, at a meeting of the league in the Commercial club tonight. The meeting begins at 8 o'clock and all members are urged to attend.

Mr. Denton, in a talk before the business men at their regular luncheon Monday, touched briefly upon the convention. In his talk tonight he is expected to explain several advantages Salem derived from its representation there. Joe Baumgartner, the only other delegate out of the 22 from this city who attended, was at the convention the second day.

**Wapato Winner In
Oratorical Tryout**
Paul Wapato took first place in the oratorical tryout at Willamette yesterday, the subject of his oration being "Americanization." By winning in this tryout Mr. Wapato earns the right to represent Willamette in the state old-line oratorical contest which will be held at Forest Grove March 12. Roy Skeen, a freshman, took second place, and Frank Bennett, junior, third. Skeen's topic was "The Ideals for America," and Bennett took for his subject "The Silver Lining." The three speakers scored an even number of points on delivery, but Wapato won out on composition and subject matter. His oration took up the question of Americanization, showing that the people of America should Americanize themselves first, and then help the immigrant later.

UNITED STATES COMMISSIONER IN MICHIGAN TOWN REFUSES TO ISSUE WARRANTS FOR PUBLIC OFFICIALS

Action Against Iron County Officers Charged With Conspiracy To Obstruct Prohibition Law Awaits Approval Of Federal District Attorney At Grand Rapids.

Marquette, Mich., Feb. 24.—H. B. Hatch, United States commissioner today refused to issue federal warrants for the arrest of six Iron county officials charged with conspiracy to obstruct the prohibition law. Hatch declared he could not act without the approval of District Attorney Walker at Grand Rapids, Michigan, Federal Judge Sessions or Attorney General Palmer.

Major A. V. Dairymple, federal prohibition director for the central states, who asked for the warrants, notified Hatch that unless telegraphic authority to issue the warrants was received from District Attorney Walker by 2 p. m. he would proceed to Iron county with a company of his own men and a squad of Michigan state police and make the arrests without warrants.

Commissioner Hatch, after conferring with Major Dairymple, wired District Attorney Walker at Grand Rapids asking for instructions regarding issuance of warrants.

Major Dairymple said after the conference that Commissioner Hatch told him he was willing to issue the warrants but was following instructions from District Attorney Walker.

Marquette, Mich., Feb. 24.—Major A. V. Dairymple, federal prohibition director for the central states, arrived in Marquette early today to apply to United States Commissioner Hatch for warrants for the arrest of six officials of Iron county and the village of Iron River charged with obstructing enforcement of the prohibition law.

Sixteen federal agents, brought from Chicago, Milwaukee and other cities of the central states, detained at Negaunee, headquarters of the state constabulary in the upper peninsula, and Major Dairymple will leave for Negaunee this afternoon for Iron River accompanied by a troop of state police. The federal raiders are scheduled to reach Iron River at 11 o'clock tonight.

**Health Of School
Children Badly
Neglected, Claim**
Cleveland, O., Feb. 24.—The lives of hundreds of thousands of persons are sacrificed annually, human power immeasurably wasted and staggering economic loss results from the failure to apply scientific knowledge to the prevention of needless weakness, disease and death, said Dr. Thomas D. Wood, professor of physical education at Columbia university, New York, addressing the national council of education today. The council is composed of 120 of the leading educators of the country attending the national education association convention here.

"Our schools are wasting enormous sums in trying to educate children handicapped by ill health," Dr. Wood said. "Seventy five percent, or 15,000,000 school children of the United States have physical defects which are mostly remediable. This shows that the business of keeping the school children of the country in good physical condition is a disgrace to the nation."

Josephine Curless Preston of Olympia, Wash., president of the National Educational association, said a substantial salary increase was necessary to secure trained and competent teachers to fill the 25,000 vacancies and replace 75,000 teachers below professional standards in ability.

**DANISH OFFICIALS ASSUME
CONTROL OVER SCHLESWIG**
Kolding, Denmark, Feb. 23.—A number of Danish officials today crossed the frontier preparatory to taking up the work of administering northern Schleswig which recently voted to be included within the kingdom of Denmark.

Washington, Feb. 24.—William Phillips of Massachusetts, now assistant secretary of state, was nominated today by President Wilson to be minister to the Netherlands and Luxembourg.

LIQUOR UPRISING HELD IN CONTROL BY FEDERAL TROOP

Chicago, Feb. 24.—The "liquor rebellion" in Iron county, in the upper Michigan peninsula, today apparently had subsided in the face of the approach of Major A. V. Dairymple, federal prohibition enforcement chief for the six central western states and a picked force of eighteen armed agents, reports from there indicated.

Major Dairymple said he was equipped with full permission to handle the situation in his own way. He announced he would "clean up" the county, arrest the state, county and Iron River city officials who had interfered with his lieutenant in the seizure on February 19 of contraband wine or "give up my job."

The foreign born element today was reported greatly excited over the possible use of federal troops and in a number of instances white flags, made from pillow slips, sheets and towels, flew from windows and house tops. Much home-made wine was reported to have been hauled to caves in the hills on sleds pulled by men, women and children or secreted in mine shafts, tunnels and underbrush. Quantities of it were reported to have been poured out.

Martin S. McDonough, states attorney for Iron county, who assumed responsibility for the dismantling of Major Dairymple's assistant, Leo Grove, and a small party of state constables and taken from them the wine they had confiscated, today was ready, he said, to submit peacefully to any federal arrests.

While announcing his willingness to co-operate with the federal officers, Mr. McDonough protested against the charges of Major Dairymple.

Indications last night were that Major Dairymple's forces would meet no opposition in Iron county. He said he was empowered to make arrests either with or without warrants and that States Attorney McDonough would be the first arrested. Twenty-five rounds of ammunition was issued to each man of Major Dairymple's party.

**Legion Dance Will
Be Given Feb. 25**
Just to remind Salemites that they are just beginning to grow up with the country, Capital Post No. 9, of the American Legion, will give another dance at the armory, Wednesday night, February 25, 1920.

This is the third dance given by the local Legion post during the winter and promises to equal the success met at the other dances arranged by the post. Dan Fry, of the arrangements committee, is planning something special in the way of refreshments and music. The dance will be open to the public, an admission of \$1.10 being charged to meet expenses of the affair.

WHO KNEW HOOVER?

During the period 1883 to 1891, Herbert Hoover spent his boyhood in Salem and Newberg. When he first came to Oregon, he was about nine years of age and the greater portion of the eight years of Hoover's Oregon residence was spent in this city.

The Capital Journal will publish reminiscences of Hoover's boyhood, submitted by Journal readers. Those who remember him as a young man and as a boy, are invited to furnish the Journal with any interesting biographical bits of general interest.

Undoubtedly, the boyhood of this man, who is now in the foremost ranks of internationally known personages, was replete with character indications which should be made public, not for purposes of partisanship or propaganda, but from the viewpoint of specific interest.

The older residents of the city who came into contact with Hoover are invited to take part in this work. Articles may be submitted in the writer's own style, or if difficulty is experienced in composing the story, phone the Capital Journal and a member of the reportorial staff will aid you.

**RELEASE OF AVIATORS
ORDERED BY MEXICANS**
Washington, Feb. 24.—Soviet state authorities have been instructed by the Mexican federal government to release G. L. Usher and M. L. Wolf, American army aviators who have been held since their forced landing about two weeks ago, the state department was advised today by the American embassy at Mexico City. The airplane also is to be released.

Guinea pigs begin to breed at the age of ten months. Feathers are believed to have evolved from the reptilian scale.

The poems of Hafiz are known by heart in Persia.
