

FOUR HIGH SCHOOLS ENTER TEAMS WITH OTHERS TO BE NAMED

With four teams already lined up for the state high school basketball championship tournament to be held here March 4 and 5, under the auspices of Willamette university, already entered on the lists being arranged by Coach Matthews, a truly representative gathering of the best teams in the state for the tournament is assured.

The teams of the Albany, Salem, Ashland and The Dalles high schools are the ones already entered and the selection of the remaining representatives of other sections is being delayed only by the fact that not all of the district championships have been decided. Three other teams which will probably be seen in action in the tournament are those from La Grande, Marshfield and Astoria.

The team which is to represent Portland has not yet been selected and probably will not be until some time next week, due to the tie between three schools for the league leadership in that city. That Portland will be represented by a team is assured, however, is the announcement made by Coach Matthews.

The action of the Willamette authorities in extending the scope of the tournament to include the entire state this year is due largely to the ruling passed by the Pacific Coast Intercollegiate conference last spring, prohibiting the holding of high school championship contests and tournaments by member colleges of that conference. This bars the University of Oregon and Oregon Agricultural college from holding such events. Willamette is a member only of the Northwest conference and the rules of that conference place no such restrictions upon the member colleges.

1600 DEALERS LICENSED

Approximately 1600 real estate men are now regularly licensed to transact business in Oregon, according to G. V. Johnson in charge of the real estate department in the state insurance department. This is an increase of 68 over the total licensed for 1915, and indicates a material increase in the number of real estate brokers in the state.

Catarrhal Deafness And Head Noises

Tells Safe, Simple Way to Treat and Relieve at Home

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Eucalypti (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment. THREE BEARCAT STARS WHO ARE TO BATTLE WITH IDAHO TONIGHT

Seeking to retaliate for the two defeats already suffered at the hands of the University of Idaho five, the Bearcats will tonight again give battle to the Moscow aggregation on the armory floor in a game that is to be called promptly at 7 o'clock, in order to allow the visitors to get away in time to catch an 11 o'clock northbound train out of Portland.

While Willamette is not in the best of condition and it is probable that they will be minus the services of Jackson at center, because of injuries, the Idaho team is also suffering from the effects of a hard series of games and a hard-fought contest is expected. The game will have a big bearing on the championship of the Northwest Conference for, while Willamette has been eliminated from the running, Idaho is at present at the top of the list but so closely pressed for the place by the Washington State college five that the loss of a game may force the Moscow lads back into second place in the percentage column.

CLASS BASKETBALL TEAMS PREPARING FOR SERIES

Class basketball teams at Willamette university are practicing daily in preparation for the class championship series, which will be held at the close of the varsity season in two double-enders. The freshmen have a strong team which has been playing several high school teams, and is therefore in good condition. The sophomores have a number of the varsity substitutes, men who can play a fast type of basketball, while the juniors will have a number of the men who have won the championship for two seasons past. For this reason the series will be hotly contested and is drawing a great amount of interest in the university.

Following Article Interests Many Here

There are many hundreds of people in this vicinity who are afflicted with rheumatism and its kindred complaints. We will publish in the daily papers some of the letters of endorsement we have received from people who have used Anti-Uric for this dread disease and been relieved and permanently cured. These letters are all authentic and are on our files in our office in San Francisco, which is open to the public at all times.

The cause commonly given for rheumatism is an excess of uric acid and other poisons in the blood. This irritates the inner lining of the arteries and veins and settles in the joints, causing what is known as articular rheumatism; when it is fed to the muscles it causes muscular rheumatism. Constipation and inactivity of the digestive organs are the leading causes of this accumulation of poisons which in turn cause rheumatism. It will thus be seen that rheumatism can be cured only by internal remedies and Anti-Uric has proved itself to be the best remedy in most cases. Anti-Uric is not new, it has been on the market for a number of years, and in most cases it has given relief of vegetable products, contains no mineral, mercury or salicylates and can be taken by persons with the most delicate organizations.

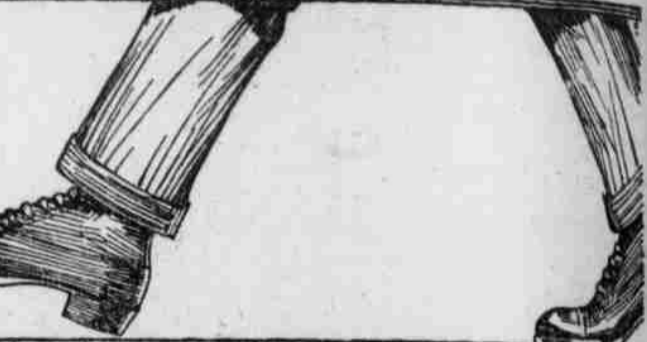

If you suffer with rheumatism no matter how stubborn the case or of how long standing or how discouraging you may be get an outfit of Anti-Uric and give it a trial.

Anti-Uric is in stock at Perry's drug store and they will tell you all about it. Get an outfit and give it a trial, if it does not give satisfaction, they will refund your money. Adv.
