

SHANTUNG RESERVATION MODIFIED

CHANGE PROPOSED BY BI-PARTISAN CONFERENCE ACCEPTED BY SENATE LATE TODAY; VOTE STANDS 48-21

Washington, Mar. 4.—The Shantung reservation to the peace treaty as modified in the bi-partisan compromise conference was re-adopted late today by the senate.

The vote was 48 to 21 as compared to a vote of 53 to 41 when the reservation first was adopted in November.

Ten democrats, Senators Chamberlain, Oregon; Gore, Oklahoma; Henderson and Pittman, Nevada; Meyers, Montana; Nugent Idaho; Reed, Missouri; Shields, Tennessee; Smith, Georgia, and Thomas, Colorado, voted for the reservation. In November it was supported by only five democrats.

Making its first change in the republican reservations to the peace treaty which were adopted last November the senate voted today strike from the Shantung reservation all direct reference to Japan and China.

The change, worked out in the recent bi-partisan conference, had the approval of democratic leaders and was reported, 69 to 2, Senators Reed, Missouri and Sutherland, West Virginia, voting against it.

Senator Lodge told the senate that the modification had been suggested by democratic members of the bi-partisan conference, and did not change the meaning of the reservation "one iota." It has been thought "more civil," he said, to omit mention of Japan and China by name.

Although Senators Lenroot, Wisconsin and Kellogg, Minnesota, declared the democrats had agreed in the bi-partisan conference to accept the reservation as amended, Senator Hitchcock of Nebraska, the democratic leader, declared that the revised draft was unacceptable. He presented a substitute, arguing that the republican reservation could do "no possible good" toward restoring to China any rights in Shantung.

Under Senator Hitchcock's substitute, the United States would express its understanding that the rights obtained thru the treaty by Japan in the Shantung peninsula would be returned to China.

Due to the fact that third class mail matter does not get directory service as does the first class articles, attention of the public is again called to the proper addressing of third class letters, by post office officials. Care should be used in writing both initials, or the whole name, of the address, and street address. When the articles are improperly directed they are thrown aside, and no endeavor is made to locate either the sender or the party to whom it is sent, as is done with first class mail.
