

COOK RE-ELECTED SCOUT EXECUTIVE FOR COMING YEAR

Harold Cook was re-elected Scout executive at a salary of \$1800 a year, and twenty new members were elected to the scout council, at a meeting held at the Commercial club Wednesday evening. It was also made a ruling that if any member of the council absented himself from two consecutive meetings he would forfeit his membership and a new member be elected in his place.

A committee was appointed to make plans for the resumption of the drive for the \$5000 1920 budget, which was discontinued because of the hospital and Commercial club campaigns. A letter was read from the Salem chapter of War Mothers, in which the approval and support of that organization was assured.

Including the appointments made last evening the members of the Salem scout council are:

Walter A. Denton, scout commissioner; E. A. Kurtz, president; Theodore Roth, vice-president; Frank A. Lovell, second vice-president; D. D. Spoolfsky, third vice-president; D. W. Ego, treasurer; P. M. Gregory, director of Sea Scouts; J. H. Walker, director of camping; F. G. Deekabach, director of finance; C. S. Hamilton, director of civic affairs; Hal D. Patton, Milton A. Meyers, Fred Erickson, Dr. E. E. Fisher, William McGlechrist, C. E. Kneeland, Dr. Carlton Smith, P. E. Kullerton, Frank Davey, E. S. Tillingham, H. H. Olinger, M. D. A. T. Woolbert, William Galsdorf, Roy Wise, Frank Breckridge, E. F. Carlton, August Brueckstein, Percy A. Cupper and Frank A. Baker.

Salem Children Not Getting Milk Enough Is Claim

As a result of a recent survey made by the teachers in the Lincoln school, it was found that 113 children, out of the 345 attending the school, were using a pint or more of milk a day. Of the 195 children not using it, 108 gave as their reason that they did not care for it especially, while the remaining 87 said that they would drink it if they were enabled to get it.

Taking the case of the Lincoln school as an example, and assuming that this percentage prevails in the city generally, there is about 56 per cent of the children of Salem doing without the necessary daily supply of milk. The parent-teachers associations of the various schools are taking the matter up in an effort to correct the present state of affairs, and make some kind of arrangement whereby each school child will be enabled to receive this most nourishing of all foods.

Jenkins Ordered Expelled From Mexico, Report

Mexico City, Mar. 4.—W. O. Jenkins, former United States consular agent at Puebla, whose permission to act in that capacity was recently revoked, is to be expelled from Mexico in consequence of his alleged dealings with rebels, according to insistent reports here. The United States embassy has handed a new note to the Mexican foreign office relative to charge preferred in an interview by Julio Mitchell, prosecutor of the state of Puebla, which involved procedure followed by the embassy during the progress of the Jenkins case.

Normal

Monmouth, Mar. 4.—Miss Todd has announced a householder's meeting for Tuesday, March 9, at 2:30 p. m. in the dormitory. It is especially urged that all persons who have students living in their houses attend this meeting.

S. S. Duncan, county superintendent of Yamhill county, will speak during the chapel hour on Friday, March 5. An invitation is extended to the public to hear his talk.

For the first time in several weeks all the rural centers are in session, after having been closed for various periods on account of influenza.

A plan for work in the literary societies which is different in some respects from that formerly followed has been instituted this quarter. According to the new scheme the two societies will alternate in presenting their programs, which however will be given on the first and third Friday evenings of the month, just as heretofore.

Mr. and Mrs. McNaghten of Portland visited their daughter, Miss Eugenie McNaghten last Sunday.

Miss Lois Sweek of Burns, who will complete her work in June, has been elected in the city schools of Burns for next year at a salary of \$120 per month.

In connection with the organization of the student body to do its share toward passing the millage bill there has grown up a very enthusiastic, energetic committee known as the "Greater O. N. S. committee." This group, as the name implies, has extended its range to include many things besides the millage bill, and has already made its influence felt for the good of the student activities.

The girls of the dormitory and senior cottage gave a tea last Saturday 3 p. m. in honor of the Misses Todd, Taylor and Lewis, at which the girls outside of these buildings were the guests. Miss Todd graciously showed and discussed many of the souvenirs of her recent Oriental trip.

Miss West who represented the faculty at the chapel hour Wednesday of this week gave a most interesting discussion of motion pictures.

The seniors who will complete the work in April, 1920, have recently taken toll of their numbers and found that they have fourteen members. Some have already secured positions to which they will go in April.

On Monday Mr. Gottle gave a lucid, helpful explanation of the new course of study recently adopted by the normal. This new course or rather courses permit of much greater specialization than the old curriculum, also greater freedom in the matter of elective subjects.

The student body will give a dancing party in the gymnasium on Saturday evening, March 6. The usual guests on the social list are invited to attend.

The Misses Eugenie McNaghten, Ervina Hager, Dorcas Conklin, Helga Fish, Edrie LaBare and Lois Sweek, and Roy Penney have been elected as delegates to represent the normal at the state oratorical contest to be held in Forest Grove March 12.

Orin W. Hays was elected as a member of the executive committee last October and is of course one of the delegates also. The normal orator is Miss Arline Bunch as voted here some time ago.

GERMANY TO BE ALLOWED TO LAUNCH INTERNAL LOAN

London, Mar. 4.—The London Standard states today that the allied supreme council has decided to allow Germany to launch an internal loan, because it is recognized that Germany's ruin would mean a weak and dangerous spit in Europe. The loan, a newspaper says, would take precedence over any indemnity payments Germany is called upon to make.

BRITISH ARMY BLOSSOMS

London, Mar. 4.—Recruits are joining the British army at the rate of 200 per day and many of the men whose period of service was about to expire have re-enlisted.

The crack guards regiment have blossomed out again in their pre-war scarlet coats and bearskin busbies, instead of khaki.

According to the Morning Post, the regular army is to have its pre-war establishment increased by about 100,000 men, with the ultimate object of getting another 500,000 men voluntarily to undertake liability for general service when the army reserve is needed.

DIVORCE BRINGS UP CHATEL QUESTION

London, Mar. 4.—What is the cash value of a wife is a question which agitated the London divorce court for a time. Counsel for the husband in a case, arguing on the question of damages, said that the old theory that a wife was a chattel and that the jury had awarded damages to the owner of the property still holds true "with some slight modifications."

"Then you call her a quasi-chattel," said the judge.

The court found the matter too heavy for hasty decision and reserves judgment.
