

OLCOTT ORDERS GRAND JURY PROBE

(Continued from page one)

the transactions covering purchases of bonds of the city of Warrenton, city of Reedsport, city of Oakland, city of Bay City, city of Ontario, city of Rainier, with the end in view that the grand jury take such action, make such report or such recommendations as may be deemed warranted by its findings.

Grand Jury to Probe

Whether the grand jury which will delve into the conduct of the state treasurer's office will be the Marion county grand jury, the Multnomah county grand jury or both or a special grand jury called for this purpose, Attorney General Brown was unable to state this morning.

The statute upon which Governor O'Leary based his instructions to the attorney general this morning is section 2, chapter 196 of the general laws of 1916 and reads as follows:

"When directed by the governor, the attorney general shall attend in person, or by one of his assistants, any term of any court, or appear before the grand jury in any county, for the purpose of managing and conducting in such court, or before such jury, such criminal actions or proceedings as shall be specified in such requirement; in which case the attorney general, or his assistant so attending, shall exercise all the powers and perform all the duties in respect of such actions or proceedings, which the district attorney would otherwise be authorized to exercise, or perform, or in any of such actions or proceedings, the district attorney shall only exercise such powers and perform such duties as are required of him by the attorney general, or his assistant so attending."

Requested by Hoff

State Treasurer Hoff requested for the investigation which brought about the governor's action reads as follows:

"In view of the recent articles published in a Portland paper concerning the purchase of securities by this department for the benefit of the industrial accident commission trust fund wherein the method of handling such trust funds has been questioned and the public led to assume that this trust is not being properly safeguarded I most respectfully request that you take steps looking to a thorough investigation of all matters concerning the conduct of this department, which, in your judgment would best satisfy whatever interests the general public may have in the matter. The records of this department are and always have been subject to scrutiny by any and all who have felt an interest in the matter but, in light of the above, an investigation is especially desired at this time."

HONDURAN SOLONS IN PITCHED BATTLE OVER REVOLUTION

Mexico City, Mar. 8.—Members of the Honduran congress of deputies engaged in a pitched battle during the third week of February, there being twenty killed and wounded, according to private advices reaching this city from Tegucigalpa and published in El Universal today. Among those killed was Dr. Romulo E. Duron, president of the congress. It is stated the fight has resulted in a new revolution led by General Tiburcio Garcia against the Gutierrez government.

Since last July the Honduran congress has been the scene of bitter opposition by the enemies of General Luis Lopez Gutierrez, the new governmental leader. At the time of the Gutierrez revolt the United States intervened and suggested negotiations between the contending forces.

Opposition to the government became so powerful that the Gutierrez government was threatened and during a session of the congress three weeks ago Dr. Venecio Callejas delivered a strong speech against Gutierrez. Enraged at this attack an adherent of Gutierrez shot and killed Dr. Callejas. Then followed a battle in the chamber between members of the body and followers of the president, who, for the most part, were soldiers. In addition to President Duron, three leading members of the opposition party who had not taken part in the fighting, were killed.

It is stated the rebels have taken refuge near the Nicaraguan border. The recipient of the news, whose name is not given by El Universal is said to be a former Honduran journalist in close touch with conditions in that country.

Wilson To State Stand On Lodge Reservations Today

Washington, Mar. 8.—President Wilson will state his position on the Lodge reservation to article 10 probably today, it was announced at the White House.

His attitude on this and other reservations will be outlined in a letter to Senator Hitchcock of Nebraska, the administration leader.

He will not see Senator Simmons, democrat, North Carolina, as requested by Senator Hitchcock but will write Senator Simmons telling him the matter is sufficiently covered in his reply to Hitchcock.

The president's letter to Senator Hitchcock was put in final form this morning.

Administration officials said the president would not accept the Lodge reservation to article 10. They disclosed that he had discussed the so-called Taft reservation to article 16 with Senator Glass of Virginia and that while he had not stated his approval of it, he did not say he would not accept it.

Men Growing Too Feminine Claims Catholic Cardinal

Boston, Mass., March 8.—Growing weakness on the part of the men in our country is developing a sinister feminism, Cardinal O'Connell told a gathering of men at the cathedral of the Holy Cross last night. Man, as the head of the house, he said, should assert his proper authority in the home. Failure to do this, the cardinal as-

serted, leads to a false feminism, which unless it is curbed in time, will have disastrous results for humanity. "The women are becoming graculate, if you please, and the men are becoming effeminate. This is disorder."

Cardinal O'Connell questioned how a father could "look on and see his children, especially the girls, running rampant without any consideration for modesty."

Dutch Protestants To Observe Landing Of Pilgrim Fathers

Leiden, Holland, Mar. 5.—Holland's share in the celebration of the tercentenary of the landing at Plymouth of the Pilgrim Fathers will center at Leiden and preparations for it now are in progress.

Many of the English Protestants on the Mayflower lived here for many years after they were driven from England. Others remained at Leiden, not going to America, and principal among these was John Robinson, one of their leaders. His tomb is in the cemetery here and every year many pilgrims come from England to visit the place where he lived.

The American and British ministers to Holland and the Dutch minister of foreign affairs are among members of the committee charged with the arrangements. Rev. J. Irving Brown

minister of the Scotch Congregational church at Rotterdam, has gone to America to interest Americans in the Dutch celebration.

The Dutch arrangements include ceremonies at Leiden university and townhall, at Amsterdam and Rotterdam and Delfshaven, one port from which the Pilgrims sailed.

China Thankful To Congress For Vote On Shantung Clause

Peking, Mar. 5.—Gratitude to America for the attitude of the United States congress on the Shantung question was expressed by Chinese statesmen in addresses welcoming Admiral Albert Gleaves, commander of the United States Asiatic fleet, here.

Premier Chin Yun-feng who gave a dinner in honor of Admiral Gleaves said:

"The friendly relations which have always existed between America and China, and especially the recent attitude of your nation toward the peace settlement in Europe cannot but command the gratitude and admiration of our people."

"We believe that our country has in late years made some progress as a republic; but we realize that from

you, a republic of riper experience, we may learn many profitable lessons. We hope to secure from you constant advice and counsel so that we may co-operate to maintain the permanent peace of the Pacific. This is the sincere wish of the Chinese people."

Marshal Tuan Chi-wei, former premier of the Chinese cabinet and present head of the national defense board, said:

"I cannot refrain from mentioning the admirable attitude of the American congress toward the Far Eastern question in the matter of the peace treaty. It seems that public opinion in America is being guided much more by ideals than by interests. Your diplomacy is endeavoring not merely to prevent war today but to maintain peace forever. You set a fine example for the people of your sister republic who will look to you for co-operation and counsel when the Pacific question comes to be settled."

MOTHERHOOD WOMAN'S RIGHT

How Lydia E. Pinkham's Vegetable Compound Helps to Make Women Normal.

Washington, Ind.—"I was in such a condition that I never expected to have children and my aunt advised me to take Lydia E. Pinkham's Vegetable Compound. It improved my health and restored a normal condition of my system so that I now have a fine baby. Until she was about a year old I was very nervous, and all the time thinking something terrible was going to happen. If I heard anyone coming, my heart would beat fast and I wanted to run. So I took the Vegetable Compound again and it helped me wonderfully. You may publish my letter as the medicine is surely great."—Mrs. I. V. BANTA, R. R. No. 3, Box 24, Washington, Ind.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in many cases. This fact is well established as evidenced by the above letter and hundreds of others we have published in these columns. In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.
