Snow Storm Keeps Scores From Polls

Monmouth, Mar. 10.—At chapel hour Monday morning the juniors made a unique announcement of their class day exercises to be given March 26. The motion picture to be given Friday evening, March 12, in the chapel is entitled "The Willow Tree." It presents a very pretty little story in a most attractive picture.

Louise Huff's Beauty Talk

That dainty and charming actress, Louise Huff, is famous for her beautiful complexion and as an author of many articles on the subject of beauty, she has been persuaded to tell the readers of this paper how they may quickly acquire a soft, smooth, rosy-white complexion like hers. She says: "To get the best results the skin should be thoroughly cleansed, then apply Derwillo which can be obtained at the toilet counter of any up-to-date drug or department store." This instantly beautifies the complexion and its continued use makes the results permanent. Over five hundred thousand girls and women are using Derwillo in preference to face powder and other beautifiers and they are just as enthusiastic over it as Miss Huff. Be sure to read her large article on the complexion soap to appear in this paper. In the meantime get Derwillo which she recommends and try it to day. You will be delighted with it and soon have a complexion for which everyone will compliment you.
