

LEAGUE TEAMS LINE UP FOR THE FINISH OF SEASON SERIES

STANDING OF LEAGUE

Team	Won	Lost
Anderson-Brown	6	2
Capital National	5	3
Hauser Bros.	4	4
U. S. National	1	7

As the Commercial league series draws to a close the runners up are scrambling for second honors and incidentally making a fight for first place. In a fast game played at the Y. M. C. A. gym Tuesday night, the Capital National players defeated the stalwart Anderson-Brown quintet by the score of 14 to 12. This ranges the Capital National team only one game from a 50-50 place with the A. B. team. The second game of the evening was played between the Hauser brothers and the United States National teams. Hauser brothers taking the play easily with the score of 24 to 4.

In the first game of the night's play, the Anderson-Brown team met stubborn resistance from the bank quintet from the very start; Klaus of the Capital National making the first basket by neat shooting. Gosser of the opposing team followed with a well placed toss. Later in the first half of the game, Harris, the Anderson-Brown captain received a hard blow in the eye, this weakening his usually excellent play and causing him to remain out of the game during the second half. The score at the end of the first half was 7-3.

Lineups:
 Anderson-Brown: Harris and Brown forwards; Gosser, center; Clark and Patterson, guards. Capital National bank: Socolofsky and George, forwards; Klaus, center; Turner and Halsey, guards.
 Hauser brothers: Spelmer and Orcutt, forwards; Socolofsky, center; Hanes and Rinehart, guards. United States National bank: Elter and Jaskoski, forwards; DeLoop, center; Moorman and Harrel, guards.

BASEBALL

Havana, Mar. 10.—When Charles A. Stoneham purchased the New York National league baseball team, it was done primarily for the purpose of handing down the club as a legacy to his son. Mr. Stoneham made this statement last night to set at rest rumors which, he said, were current in the United States and Cuba that the Giants were for sale.

"I would not part with the Giants for several million dollars," said Mr. Stoneham.

BASKETBALL

Walla Walla, Wash., Mar. 10.—Whitman nailed the northwest championship down a little tighter last night by defeating Washington State college basketball team by a score of 26 to 15. The game was fast but not so rough as the night before. Whitman has won 11 games and lost two.

Immediately after the game Coach Forleske wired the Chicago Tribune that Whitman will play any college in the middle west, either here or there. He also wired the University of Pennsylvania offering five or take \$2500 guarantee for a game here or there. Telegrams were also sent to the University of Missouri, the University of Illinois and the University of Nebraska asking games.

Corvallis, Or., Mar. 10.—Ernest Arthurs of McMinnville, Or., class of '21, Tuesday was elected Aggie basketball captain for 1920 and 1921. Arthurs has played forward most of the time.

Multnomah Club And Bearcats To Play Here Tonight

Multnomah club of Portland and the Willamette Bearcats will play in the armory tonight at 7:30, in the last game which Salem basketball fans will be privileged to see this year, and one of the best according to present indications. Multnomah won from Coach Mathews' team three weeks ago in Portland by one point in an extra time game. The Bearcats' lineup will be about as it was in the Pacific game last week. In yesterday's practice the men were going at their old speed and showed none of the staidness observed in the last two games. Multnomah will bring about the same team that has battled through the season without a defeat, with the addition of Cole, the crack Lincoln high guard who was seen here in the tournament. O. A. C.'s ex-coach, Hargiss, will referee.

"Marine And Coolie Mix" Says Service Man Many Years

The Chinese ricksha coolie can seemingly put forth more speed, wear more and cover less ground than any other mortal imaginable, according to Sergeant J. L. Henry, of the marine corps recruiting station. The marines should know for their service takes them to many strange lands and stranger peoples.

"If you will take the ricksha man's word for it, there is no place in the world where one will meet as many old acquaintances whom he never knew before as in a mob of unemployed ricksha coolies.

"As the sea-soldier arrives in a Chinese city he is handed the keys to the tower by a thousand, more or less, of these human taxis, each swearing that he knew you from the day you and he went to the little brick schoolhouse together.

"After being assisted from your sampans to the dock by all the willing hands that can find space on you, it is advisable to get into the first ricksha you see, for the who hesitates is lost.

"Bret Harte must have had some Chinese ricksha coolie in mind when he gave out that 'ways that are dark and tricks that are vain' spiel.

"Upon receiving their fare some of them immediately palm the good piece of money with which they have been overpaid, and shove forth a counterfeit coin with the injured cry 'Blass, blass!' or else try to convince you and the passerby that he has been cheated.

"For this there is only one remedy—take the coin he offers to return, insert it in your pocket, face nor nor'wost, place him immediately in front of you facing in the same direction, and then swat him but firmly describe an arc of a circle with the right foot, momentum of said foot being in the neighborhood of nine knots, so that its course of swing will be interrupted by the region of his hip pocket.

"A las le ricksha coolie! He is a useful method of transportation, but for being cunning he has it all over the taxi driver of our own land."

Sergeant Henry has been stationed at many ports of Asiatic assignment, during his 25 years of service in the marine corps. He spent several years at Olangpoo, and Cavite, the Philippines; was stationed at Peking with the legion guards and was at temporary stations in other parts of the Asiatic. He claims a layman's knowledge of this part of the globe and says that service with the marines furnishes the best auspices for an Asiatic experience.

When President Wilson received the railway men on the White House porch, they remarked how well he was looking. "I have just been shaved," said the president, "that helps a bit." He urged the men to wear their hats on account of the dampness, but they remained uncovered in his presence.

WHO KNEW HOOVER?

During the period 1883 to 1891, Herbert Hoover spent his boyhood in Salem and Newberg. When he first came to Oregon, he was about nine years of age and the greater portion of the eight years of Hoover's Oregon residence was spent in this city.

The Capital Journal will publish reminiscences of Hoover's boyhood, submitted by Journal readers. Those who remember him as a young man and as a boy, are invited to furnish the Journal with any interesting biographical bits of general interest.

Undoubtedly, the boyhood of this man, who is now in the foremost ranks of internationally known personages, was replete with character indications which should be made public, not for purposes of partisanship or propaganda, but from the viewpoint of specific interest.

The older residents of the city who came into contact with Hoover are invited to take part in this work. Articles may be submitted in the writer's own style, or if difficulty is experienced in composing the story, phone the Capital Journal and a member of the reportorial staff will aid you.
