

CLUB IS LAUNCHED ON SERIES OF TRY OUT GAMES, MAR. 13

Saturday, March 13, is the date of the first pre-season clash in which the Salem Senators will take part. Jimmy Richardson, manager of the Oregon Aggies, has arranged for an Aggie-Senators game at Corvallis at that date.

This will be the last of the practice games played by the O. A. C. baseball team, preparatory to their tour of California, where they will meet inter-collegiate organizations of that state. The game next Saturday will be the first appearance of the Senators and will also be the first time that they have worked together.

Manager Bishop announces that the three "C"—Cox, Cole and Craig—batters for Salem, will be tried out during the game. Weather permitting and if the boys are not too raw from the Aggie bout, the Senators will play the state penitentiary team, Sunday afternoon.

Recent donations received by Bishop for the erection of the new athletic field are: D. J. Fry, \$20; J. C. Penny,

\$6200 IS SECURED FROM AURORA BANK BY WOMAN; REPORT

Sheriff W. I. Needham has received no word of further action taken by the Aurora State bank in line with the alleged confession of Mrs. Emma Winfree, who was apprehended Wednesday by operatives of the Burns Detective agency. Mrs. Winfree is reported to have admitted that she took \$6500 from the Aurora bank while an employe there.

According to the woman's story, she had been divorced from her husband, John Doe Winfree, about nine months ago. On March 1, she visited a friend, Miss Ida Jones of Aurora, who is assistant cashier in the bank, and when a shortage of help occurred was given a position there. According to the Burns agency, she took \$6500 worth of currency from the bank on March 5, and went to Portland where she joined her husband and the two children, of whom he had custody.

The report states further that Mrs. Winfree admits giving her husband the money and that they made partial payment on a farm and purchased clothing with a large portion of the sum. She states that her former husband was told of the source of the money and that he promised to re-marry her.

Mrs. Winfree was arrested when she returned to Aurora, for the purpose of getting her trunk. It has been reported that Mrs. Winfree had promised to marry Eugene L. Jones, a brother of Miss Jones, during her stay in Aurora. Previous to taking the money she is said to have ascertained the whereabouts of the large currency by expressing a desire to "see" bills of large denomination.

The Burns operatives and the county authorities report no trace of Winfree. Mrs. Winfree is 23 years old, she was married to Winfree when she was only 13, the ceremony taking place in Texas. Two daughters were born of this marriage, the ages of the little girls being 7 and 9 years. No word has been received by District Attorney Max Gelhar as to whether the Aurora bank will prosecute.

Sioux Falls, S. D., Mar. 11.—Raymond Robins will spend ten days speaking throughout South Dakota in the interest of the candidacy for nomination for president of Senator Hiram Johnson of California. It was announced by Johnson headquarters.

Fight For Less Radical Canine Laws Is Rapped

"Let us hope that parents will be as wildly excited in the welfare of their children as some appear to be interested in the well being of their dogs," Mrs. LaMoine R. Clark, principal of Lincoln school, took a sharp rap at the canine situation in Salem during the course of an address before the Lincoln parent-teacher association as the Lincoln school, Tuesday night. Mrs. Clark had been speaking in reference to the over crowded condition at the Lincoln school.

While Salem undoubtedly led other cities in various civic projects, Mrs. Clark stated that it was regrettable that at the Lincoln and perhaps in other schools of the city, classes were thrown together in such a manner as to seriously interfere with consistent work. At the present time, recitations and study periods for different classes, tend to decrease the percentage of progress, in comparison with the desired normal assignment of separate class rooms.

Mrs. Clark expressed her appreciation of the cooperative attitude manifested by parents of pupils in attendance at the school and stated that she loved her work.

Miss Inez C. Cook of the Salem Y. W. C. A., gave a description of the ideals and organization work of the girls' reserves, an organization of international scope working for the interest and development of girls on lines similar to boy scout fundamentals. The talk was very interesting in that an unusually meritorious undertaking was outlined.

The meeting was the largest in the history of the association, nearly a hundred representative parents and teachers being present.

New officers for the present year were installed and working committees appointed. A varied program of songs and readings was presented, followed by a demonstration of boy scout tactics by pupils of the school. Before the meeting adjourned, refreshments were served and an enjoyable social time was had by all.

Senate To Probe Conduct Of Grain War Corporation

Washington, Mar. 11.—An investigation of the United States grain corporation was ordered today by the senate. Senator Reed's resolution proposing the inquiry as the result of the recent report of the federal grand jury at Spokane, Wash., was adopted after much discussion.

The investigation will be made by the senate manufacturers committee. The committee of which Senator La Follette, republican, Wisconsin, is chairman, will inquire into the reported wheat pool as well as the "dealings, operations, speculations and manipulations if any there has been" of the corporation or its officials.

During the debate Senator Ashurt, democrat, Arizona, charged that the resolution was directly primarily at Herbert Hoover and that it was a part of a policy that is being pursued to throw mud upon men who rendered valuable services during the war.

A letter from Max H. Houser, the corporation official named in the grand jury report, was presented by Senator Chamberlain, democrat, Oregon. It urged a complete investigation of the charges.

WILSON'S CHARGES AGAINST FOCH NOT FRANCE, IS CLAIM

Paris, Mar. 11.—President Wilson's charges against France made in the letter he sent early this week to Gilbert M. Hitchcock, democratic leader in the United States senate, are said by "Pertinax" political editor of the Echo De Paris to be "aimed at France by name, but at Marshal Foch by implication."

"The so-called imperialism of France," says the writer, in discussing Mr. Wilson's letter, "consists in the conviction, fortified by all the lessons of history, that to guarantee herself against attacks from central Europe she must hold the Rhine bridgeheads."

"Pertinax" says President Wilson went to the session of the supreme council May 29, 1919, much perturbed and read to Premier Clemenceau and R. Noyes, American member of the Lloyd-George commission who declared the agreement reached on May 11 for the administration of the Rhineland was "more brutal than its authors themselves would desire as it provides for intolerable oppression of 6,000,000 inhabitants of the region during many years."

Mr. Noyes proposed a plan of occupation involving a minimum of military domination, it is said. "This plan," the article asserts, "was nothing more or less than the convention providing for occupation of the Rhineland signed with Germany at Versailles June 28, 1919, because President Wilson was able at the meeting of May 29 to impose the views of Mr. Noyes on the supreme council, and a new commission consisting of Marshal Foch, General Tasker H. Bliss, American peace delegate and Field Marshal Sir Henry Hughes Wilson, chief of the imperial staff of the British army, received strict orders to prepare a new scheme of occupation based on American ideas."
