

Greater Tourist Travel to Oregon Lake Is Forseen

Spokane, Wash., March 14.—Twice as many motorists as traveled over the National Parks highway or at least 1,400 miles of its length from Chicago to Crater Lake National park, in southern Oregon, last season, are expected to make automobile trips over it during next summer, said a statement today from Frank W. Gullbert, executive secretary of the National Parks Highway association.

Water Permits

J. Edwin Johnson of Vale today filed with State Engineer Cupper an application for the right to appropriate 100 second feet of water from the middle fork of the Malheur river in Harney county for power purposes. The contemplated project involves the construction of a concrete dam and a canal 5-8 miles long at a cost estimated at \$250,000.

Reorganize City Council

(Continued from page one)

Injunction Laid By City Council On Gas Stations

A permanent injunction, in the form of a city ordinance making it unlawful, was placed by the city council at its meeting Monday night against the erection of filling stations outside of the city fire limits. The ordinance was passed to defeat an attempt of the Standard Oil company to erect a filling station at the corner of State and Cottage streets, and despite the objections raised by W. G. Donaldson, district manager for the company.

THE NEW United States Disc Separator

"The U. S. is the farmer's pride, Made to drive from either side."

Will fit in any location to suit the owner. The crank is put on the most convenient side and a pulley for Engineer Motor power attached opposite the crank.

But the most important feature is the perfected, self-adjusting bowl, with interchangeable, simplified discs and record skimming qualities, not equalled by any other separator.

There are other exclusive features in the New United States Disc Separator which we will be glad to explain in a free demonstration and will convince you of the superiority of the new United States Separator.
